

### 1925 HAS THREE FRIDAYS ON 19TH. CALENDAR SHOWS

"Make up your mind to work every Wednesday in 1925," said a calendar distributor who made deliveries of calendars to several Eugene merchants this week. "For, excepting Ash Wednesday, which most people don't observe by quitting work, not a single holiday falls on a Wednesday this coming year.

"For two months in succession, February and March, Friday falls on the thirteenth day. November 13 is also on Friday.

"Lincoln's birthday, February 12, falls on Thursday, while Washington's birthday is on Sunday—consequently, Monday, February 23, will be observed as the legal holiday. Nothing much happens in March except St. Patrick's birthday, Tuesday, March 17.

"Good Friday comes on Friday this year, the date being April 10. Easter day is April 12, and Decoration day, May 30, is on Saturday. Fourth of July is on Saturday and Labor day on Monday, September 7.

"The Jewish New Year, which is a holiday for the Jews, is known as Rosh-ha-Shanah, and begins Saturday, September 19. Yom Kippur, their day of atonement, is on Monday, September 28.

"Columbus day falls on Monday, October 12, and Halloween on Saturday, October 31. The last holidays of the year include general election day, Tuesday, November 3; Armistice day, Wednesday, November 11; Thanksgiving day, Thursday, November 20; and Christmas day, Friday, December 25.

### MANY TRIALS HELD IN JUVENILE COURT

"Yesterday I completed fourteen years in public office" is the proud announcement today of Colonel J. J. Harbaugh, juvenile court officer as he sits in his office at the courthouse and mused over the rapid changes in Eugene since he was sworn in as constable January 1, 1911. "I was constable for several years before coming juvenile officer and at that time R. S. Bryson, now county clerk, was Eugene city recorder and justice."

Colonel Harbaugh from long experience handling the somewhat complicated juvenile delinquency cases states that the training school is the last resort and this only in cases where every other effort has failed to improve the boy and lead him into better ways.

### Lumber Business Is Higher Than Production Now

One hundred and fifteen mills reporting to West Coast Lumbermen's association for the week ending December 27th, manufactured 47,582,091 feet of lumber; sold 62,070,004 feet; and shipped 65,443,859 feet.

New business was 30 per cent above production. Shipments were 5 per cent above new business.

Fifty per cent of all new business taken during the week was for future water delivery. This amounted to 31,322,574 feet, of which 18,709,244 feet was for domestic cargo delivery; and 12,593,330 feet export. New business by rail amounted to 950 cars.

Sixty per cent of the lumber shipments moved by water. This amounted to 38,039,429 feet, of which 27,397,234 feet moved eastwise and inter-coastal; and 11,509,195 feet export. Rail shipments totaled 818 cars.

Local auto and team deliveries totaled 1,967,430 feet.

Unfilled domestic cargo orders totaled 173,145,584 feet. Unfilled export orders 92,480,770 feet. Unfilled rail trade orders 4,371 cars.

In the fifty-two weeks of the year, production reported to West Coast Lumbermen's association has been 4,813,061,724 feet; new business 4,918,424,423 feet; and shipments 4,920,220,058 feet.

### Business College Preparing For Big Enrollment Monday

Registration at Eugene Business College Monday is expected to be the largest in its history, believes A. E. Roberts, president. Advance requests for information as to class hours, commercial subjects—French, etc., are the indications upon which Mr. Roberts bases his belief.

The enrollment has been steadily increasing the last few terms, Mr. Roberts says, and the winter term, or the one running from January to June, when the summer session opens, is usually the heaviest of the year. The same courses will be offered this term as last.

### Talk of Educator Gets Much Praise

E. P. Carleton, former superintendent of schools of Eugene and now connected with the extension division of the University of Oregon, was one of the principal speakers at the annual meeting of the Oregon State Teachers' association held at Portland this week. Mr. Carleton spoke on the need of reading good literature and its influence on the character of the people. The Portland Telegram devoted an editorial to the suggestions made by Mr. Carleton at the teachers' meeting.

### WOMEN'S CLUBS, SOCIAL, PERSONAL

By MARIAN LOWRY  
Club Items Should Be Phoned To the Society Editor Between 8:30 A. M. and 11:30 A. M. Telephone Number 1200

For their first meeting of the new year members of St. Mary's guild of the Episcopal church plan to hold a session this evening Wednesday, January 7. Among the many important business matters to come up will be the election of officers for the ensuing months.

After spending the greater portion of the holidays in Portland, Mrs. L. W. Pittman returned to Eugene last evening.

Women of Woodcraft are conducting installation ceremonies this evening.

Announcement was sent out today that the Charity club would hold its first January meeting next Friday.

### 2 EUGENEANS WILL SPEAK AT MEETING

Two Eugene men will be on the speaking program at the annual meeting of the Oregon state chapter of Consumers to be held at Portland Thursday, January 8, according to the program received at the Eugene chamber today.

C. D. Iyer, president of the Bank of Commerce and president of the Oregon State Bankers' association, will speak on "How to Finance a Project." Carl G. Washburne, past president of the Eugene chamber, will make a short talk on Eugene and Lane county as representative of the chamber.

The Eugene delegation is composed of W. K. Newell, Carl G. Washburne, Frank Jenkins, A. R. Tiffany and L. L. Ray. Other chamber members to attend the meeting will be E. Eugene Chadwick, secretary; A. J. Rogers, J. O. Holt and Paul H. Kelly.

Other speakers who will be on the program at the state session will be: Franklin T. Griffith, president of the Portland Electric Power company and president of the National Electric Light association; W. D. B. Dodson, manager of the Portland chamber; T. B. Kay, state treasurer; L. M. Granger, United States district forester; Sam Koser, secretary of state.

### Church Will Have Evangelist Party

The Bible Standard Mission at the corner of Seventh and Pearl streets begins a series of evangelistic services Sunday, January 4th and will continue two weeks or longer. Rev. Chas. F. Parham and his party from Kansas City will start the revival on the first day for three meetings at 11, 2:30 and 7:30. Mr. Parham is a noted evangelist having held evangelistic services in the large cities of the country.

"The subject of prophecy which is being fulfilled almost daily will be emphasized at length. Such subjects as Jesus' coming, the reign of the anti-Christ, the tribulation days, the millennial reign, and judgment scenes will be preached.

"Divine healing with its bearing on the churches of today and a host of witnesses to miraculous cures will be preached and witnessed in these services." It is announced.

The orchestra of 32 pieces will furnish music and the trained choir of 25 voices will be on the program.

### Boys Will Attend Roseburg Session

Between 35 and 40 boys are expected to attend the older boys conference at Roseburg as representatives of the Eugene Y. M. C. A., according to announcement today of W. P. Walter, boys work secretary of the association. The meetings will be held January 10 to 18 and representatives from the southern Oregon district will be present, according to Mr. Walter. At the election Eugene will make a bid for several officers, Mr. Walter states.

### Roots and Herbs Used in Medicine

The Lydia E. Pinkham Medicine Company, of Lynn, Mass., is recognized as the greatest user of roots and herbs in the world. Over half a million pounds are used annually in manufacturing Lydia E. Pinkham's Vegetable Compound. These herbs are gathered with the greatest care at the season of the year when the medicinal elements which they contain are at their best. This, in part, accounts for the wonderful efficiency of Lydia E. Pinkham's Vegetable Compound in restoring ailing women to health and strength.—Adv.

### NEW U. S. WEATHER OBSERVER MAKES FIRST READINGS

G. M. de Broekert Jr. is now Eugene's United States weather observer, his commission from the government dating from January 1. Yesterday Mr. de Broekert and Lee Goetschius, retiring observer, took the three instruments provided for recording the weather to their new location on North Mill street. The instruments were two thermometers, one for recording the maximum and one for the minimum, temperature, and the rain gauge.

Mr. de Broekert made his first official reading this morning, although Mr. Goetschius has been instructing him in this work for several weeks. The weather observer's daily duties are to read the groups recording the depth of the water in Willamette river, located near the Ferry street bridge, read and record the two thermometers and measure the rainfall. This is usually done early in the morning.

They needles in the sensitive thermometers keep track of the rise and fall of the temperature at the highest point in a jagged line kept on a graph sheet indicating the maximum, and the lowest point the minimum temperature.

### EUGENE SCHOOLS RE-OPEN MONDAY

Bright and clean, and newly scrubbed and renovated, all the school buildings in Eugene will be open for business next Monday morning after being shut down for the two weeks' winter holiday.

The teaching staff will return in full force, no additions or resignations being recorded, according to O. H. Jones, secretary of the school board. During the vacation janitors at the various schools have been busy giving all the rooms and halls a thorough cleaning.

End of the present term of school is February 7, it is announced by Joseph T. Glenn, city school superintendent. There will be no regular promotions in the grades at that time.

It was expected that the new Theodore Roosevelt and Woodrow Wilson junior high schools would be ready for occupancy at the beginning of the next school term, but because of delays occasioned by the cold weather, it is considered unlikely that the rooms will be finished for use by that time. The contracts provide, however, for completion of the buildings in time for the second term, and if additional room is not available at the beginning of the second term it will probably be up to the school board to provide relief for the exceedingly cramped conditions existing at the last term.

### Income Increases At County Office

Annual receipts at the county clerk's office for the past four years have been compiled by R. S. Bryson, county clerk. The returns of this office, the only county department that has a big source of income, shows an increase of more than 25 per cent in the four-year period.

The income of the clerk's office is from marriage licenses, court fees and miscellaneous and records. Funds derived from the sale of hunting and dog licenses are not included in the office receipts.

The following is the report for the four years:

1921	\$12,772.70
1922	13,991.19
1923	15,414.90
1924	16,809.15

### Record of School Census Is Filed

Results of the recent school census completed in Eugene, which showed a larger number of school children inside the legal age than ever before, have been listed alphabetically in the office of the clerk of the school board, where it will become a permanent record.

The names found by the census takers are recorded, together with their age, address, and parent's names.

### COLDS

Break a Cold Right Up with "Pape's Cold Compound"

Take two tablets every three hours until three doses are taken. The first dose always gives relief. The second and third doses complete the break up the cold. Pleasant and safe to take. Contains no quinine or opiates. Millions use "Pape's Cold Compound." Price thirty-five cents. Druggists guarantee it.

### EARL KILPATRICK KIWANIS SPEAKER

Earl Kilpatrick, director of the extension division of the University of Oregon at Portland will be the chief speaker at the meeting of the Kiwanis club Monday. It is announced today by A. E. Roberts, secretary. Mr. Kilpatrick is an old member of the Eugene club, and is at present the district trustee for the state of Oregon.

Having recently returned from a national convention of Kiwanis trustees at Seattle, Mr. Kilpatrick is expected to tell the local group the things that happened at the assembly and their significance to city chapters of the society.

A vocal solo by Hugh Winder will be the musical feature.

New officers of the club for 1925 will constitute the committee in charge of the meeting. These are W. K. Newell, president; J. K. Pratt, past president; Frank McAllister, treasurer; J. S. Maglady, Frank McAllister, trustees; Merle Roby, George McMorran and Henry Tromp, directors.

The standing reception committee will act as "gloom chasers" or the pep committee Monday. They are W. O. Swan, Marion Veach, Orville Walker, Ed Keeny and Seth Keran.

Phone 8, E. Stevens for piano tuning. Showanda, the choice of the smoker.

### MOVING PICTURES

REX—Reginald Denny in "The Fast Worker."  
CASTLE—Buck Jones in "Against All Odds."  
HEILIG—Al Wilson in "The Air Hawk."

Speed and thrills hold sway in the motion picture attractions for Eugene today.

At the Rex is Reginald, in his new film, "The Fast Worker." The picture showed yesterday for the first time here, and scored a real hit. It is a fast motion film, full of action and fun.

At the Castle is a western picture—Buck Jones in "Against All Odds." For those who love western films with plenty of action and excitement, the picture may well be recommended.

The Heilig's attraction, Al Wilson, famous flier, in "The Air Hawk," bears all the thrills of the car that

### COUNTY LEADS IN GAME VIOLATIONS

Lane county had more than 10 per cent of the arrests for violations of the state game laws during 1924, according to word received today from F. M. Brown of the Oregon State Game commission's office. Out of a total of 1062 arrests made in all the counties of Oregon during the fiscal year just closed, 128 were in this county.

The county contributed slightly less than 10 per cent of the total fine money collected on the convictions, according to the records. Out of a total of \$27,282 collected from all the arrests mentioned, \$2475 was contributed by the erring hunters of Lane county. Lane county gets \$1,237.50 of this money.

"It is not a very favorable reputation for a county that bears the reputation of being the sportsman's paradise of Oregon to lead the state in violations of its game laws," commented a local sports club official. "These figures ought to awaken us to the need for remedying this situation in 1925."

### Auto License Sale Drops Off in Lane

Recent harsh weather must have had a depressing effect on the Lane county automobile market, as the number of applications for temporary licenses for new cars is far below that of last year so far, according to Miss Beulah Weaver, in charge of the issuing at the office of Sheriff Taylor. Only 81 temporary tags have been issued up to late today. Last year in a similar period there were 150. The first day last year 93 temporary tags were sold. The total number for 1924 was 2830, according to figures announced today.

**JEWS REBUILDING PALESTINE**

The Reason millions now living will never die

Among nations, the newly organized Jewish state stands out in marked contrast in its spirit of organization, cooperation, and progress. At a time when universal unrest and discontent threaten the overthrow of civilization, the Jewish homeland enjoys peace.

The reorganization of the Jews in Palestine confirms chronologically the significance of present-day events.

This remarkable movement among the Jews marks present world distress as earth's final cataclysm.

The lecturer uses specific events of our day that fulfill prophecy. The general theme is covered in the book, "The Divine Plan of the Ages." 35c postpaid.
