THURSDAY, JANUARY 15.

Progress Toward Farm Relief.

President Coolidge is determined, apparently, that congress shall do something for the farmers and do it now. He is doing his best to carry out his own very definite and certain pre-election pledge.

The president gave out a statement early this week saying that he expected the present congress to act for farm relief. He followed this by summoning his agricultural commission to a breakfast-table conference.

And a few hours later the commission made public its plan for relief for the cattle industry, which seemed to be regarded in some quarters as the branch of out-door industry most greatly in need of help.

An interesting statement affecting agriculture generally was appended to the commission's report. It said that the commission wished to emphasize now that the "welfare of agriculture also demands an early and thorough revision of the freight rate structure."

Legislative relief for the farmers appears to be on the way to accomplishment. The average tenure in office of a premier of France is ten months. This average goes back over a period of the past 35 years.

The Work Of Herriot.

The average tenure in office of a premier of France is ten months. This average goes back over a period of the past 35 years. Edouard Herriot, the present premier, has served now for six months.

In his handling of foreign affairs Herriot has exhibited a wisdom and a breadth of view such as were by no means apparent in French officialdom between the close of the world war and his own accession.

So when Herriot, broader of vision than his country, agreed to evacuation of the Ruhr in order to make success of the Dawes plan practicable, he had to face hostile criticism at home.

That was one big accomplishment of Herriot for the stabilization of France and of Europe. There are others. He has so guided his course that the relations of his government with those of other allied nations have been very greatly improved since he took office.

No premier of France ever was faced with more critical foreign problems or in greater number than Premier Herriot. He has handled them all with dexterity and for the most part wisely.

Great stuff, this talk of party responsibility. Over in the state of Washington, where the primary system has a convention annex, the republican party platform last summer carried an unqualified pledge for ratification by the legislature of the federal child labor amendment.

Senator Bruce Dennis proposes that the state normal school be given increased support by diverting to it funds now going to the state university and the college.

Reports of Y. M. C. A. activities made at Tuesday night's dinner meeting showed activity in several highly efficient directions. The Eugene Y. is a live one.

Over-weight co-eds at the University of Oregon are being dieted down. That's bad news for the candy stores that sell chocolates with goo filling.

'Optimistic thought for today: Pussy willows are bursting forth—a sure sign that winter's break-up is just in the offing.

If you didn't shoot your ducks today, don't try to do it tomorrow. The season is at an end.

COMMENT OF THE PRESS

The Governor's Way. (Medford Mail-Tribune) Governor Pierce's first two years have been very successful. We have the governor's word for it. Taxes have been reduced by \$2,000,000.

gon, in fact, would be a perfect land of milk and honey if there were not so many rich and unscrupulous lars in the state. The rich and unscrupulous lars, it seems, were responsible for the income tax repeal. They were also responsible for the defeat of the oleo bill.

Thousands of farmers in this state favored the income tax repeal and also endorsed the oleo bill. The first won, the second lost. It seems somewhat childish to ascribe both results to the misrepresentations of nefarious whealing and scheming politicians.

The Normal School Problem. (Pendleton East Oregonian) According to reports the normal school subject will be up for consideration at the session of the legislature opening today.

COTTAGE GROVE

COTTAGE GROVE, Jan. 15.—(Special)—Mr. and Mrs. O. E. Woodson and John Wanker motored to Portland Monday and met J. E. Wanker, overseer of O. E. Woodson's Medical Lake stock farm, with a carload of cattle from the Woodson ranch which Mr. Woodson disposed of. The Woodsons and John Wanker returned Wednesday accompanied by Mrs. Woodson's sister, Mrs. H. H. Harris.

Mrs. J. W. Donihew who has been visiting her cousin Mrs. D. H. W. Titus, returned to her home in Portland Wednesday.

Elsie Heck is home from Monmouth normal.

An Ishmael boy 18 years old, fell 20 feet from the flume at the Bohemia Lumber company sawmill Tuesday and fractured his hip badly.

Mrs. Louis Booker underwent an operation for appendicitis at the Eugene hospital this week, and is getting along nicely.

W. P. Hawley and family from Portland have moved into the cottage on the corner of Tenth and Adams avenue. Mr. Hawley is employed in the O. P. & E. shop.

Bernard Waiter from Ashland visited Tuesday and Tuesday night with William Heck an old-time friend.

Born, Sunday, to Mr. and Mrs. Frank Potts, twin boys. Mrs. Potts was Miss Merle Eby, sister of Ardy Eby before her marriage and lived in Cottage Grove.

Rev. W. E. Goode from McDole, Cal., left Wednesday for Grants Pass where he held a quarterly meeting. Miss Nellie Snelling from Lakeview, is visiting her cousins Lincoln and Harvey Taylor, and the Taylor girls of Hebron.

Bill Landes Jr. came Wednesday from Portland and is visiting his parents, Mr. and Mrs. William Landes.

Margaret Peters, daughter of Mr. and Mrs. Lee Peters, has distributed The Methodist people have a cottage prayer meeting Wednesday night at the home of C. B. Lee.

Rev. Anna Gowdy is quite ill.

Rev. Walter Walker from Grants Pass with his brother Jack Walker from Canada visited Tuesday with the W. E. Burkett family, leaving Wednesday for Grants Pass.

Thirty-two ladies were present at the Presbyterian Aid society Wednesday afternoon. Lucile Mint, national director of "Free Community Art School" was present, painted several sketches of the surrounding country of Cottage Grove and talked about her school. She will have a class at the high school Thursday at 4 o'clock and asked the ladies of the aid to have a class at 5. Many expressed a desire to take lessons, but lacked the time to spare. Mrs. Frank Cotter sang a beautiful solo, and refreshments were served by the hostesses Mrs. E. C. Shup, Mrs. J. Q. Willis, Mrs. A. J. Van Osdale, Mrs. Anna Blackmore.

George J. Willett is in Salem.

Charles Van Deburg and family came up from Eugene Tuesday and attended the Knights of Pythias banquet.

The Knights of Pythias had public installation of their officers Tuesday night, followed by a splendid banquet. Judge H. J. Shinn, Al Churchill, Chas. A. Van Deburg and Harry Martell were the installing officers. W. E. Lebow, chancellor commander; Chas. Shanda, vice chancellor; H. J. Shinn, prelate; C. H. Boslaugh, master of work; W. O'Brien, keeper of record and seal; W. L. Hubbell, master of finance; H. J. Shinn, master of exchequer; C. A. Cooley, master at arms; E. A. Heaton, inside guard; E. R. Wines, outside guard. After the installation more than 70 persons were seated at the banquet table and a splendid supper was partaken of. After the supper, speeches were made by O. M. Kem, Frank Nicolson, Harry Metcalf and others. A large cake baked by Mrs. Charles Cooley having the initials F. C. & R. in colored icing was handed off, 23 being the lucky number, held by O. M. Kem. Juvenile lodge, No. 48 has had many new members the past year and they are planning to have these socials for the members and families often the coming year.

The following men have received their discharge from Company D 158th infantry: First sergeant, Philip S. Buehski; sergeant, Harold A. Whitlock, Sergeant Henry Hubbell, Sergeant Robert Conner; Corporal, J. L. Gardner; Corporal Ivan D. Sams, Corporal Eaton A. Porter, First C. Private Wesley F. Forter. Several of the boys will re-enlist.

Part of the trouble is the demand by American buyers for goods "made in England."

In England where patriotism extends to the rich anything not made in England is looked upon as necessarily inferior. "British made" is the best recommendation and those that sell in England staff made elsewhere do all they can to give it a British flavor.

A little of that patriotism would help in the United States. We need less talk about "made in England" and more about "made in America" and to supply wages to American workers and show appreciation of American "opportunity."

The Reverend Dr. Van Dyke, aged 72, and his daughter Dyke, 20, will go all the way from New York to New Zealand to catch trout. The daughter says trout fishing in New Zealand is the best in the world. That's an interesting trip especially for a highly educated man of 72. At that age with probability of only ten years of life remaining, there would seem to be many things more important than catching New Zealand trout.

But our savage ancestors depended entirely on fishing and hunting. Instinctive sense sends us catching trout in New Zealand or killing moose in the north when we might be looking through a telescope nearer home.

DANGER GIVEN DEED LONDON, Jan. 15.—Lydla Loponkhova, Russian dancer, has been granted a decree dissolving her marriage to Randolph Baracchi on the ground that he was already married when she went through a ceremony with him in 1910.

BIBLE THOUGHT FOR TODAY Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men.—Psalm 107:21.

Bible Question. (Look Up the Answer) What is the name of the Lord likened to?—Prov. 18:10.
