

# LOCAL SPORTSMEN OPPOSE MOVE TO ALTER GAME LAWS

Earl C. Simmons, president of the Oregon Sportsmen's association and H. H. (Obak) Wallace, president of the Oregon Field Trials club, returned yesterday from Salem, where they went to lobby against the proposed new law changes projected in the legislature.

The Eugene men spent the day in conference with members of the legislative committee of the Oregon sportsmen's association, and members of the legislature interested in the proposed changes.

"From what we are able to learn, the measure recommended by Governor Pierce putting the control of wild game in the state under Oregon agricultural college will be placed in the upper the first of next week," said Mr. Wallace.

"The governor's plan would take all money received from fish and game funds out of the special game commission and place it in the general fund, where it couldn't be touched except by vote of the legislature—once every two years."

"The state sportsmen's association as well as Eugene sportsmen are greatly opposed to the governor's plan," said Mr. Simmons. "We are greatly in favor of the game commission's program, especially the one giving the commission the right to fix the seasons and close seasons. We believe at Governor Pierce wants Dr. Price retained on the commission, and the association will take steps to have him removed, even if it is through the legislature."

**WHEAT GROWERS ACT**

STATE HOUSE, SALEM, Ore., Jan. 22.—Senator Taylor today received a letter and a resolution from wheat growers of Morrow county, asking legislative aid for the grain there, where, it is claimed from fifty to seventy-five per cent of the wheat crop will have to be reseeded because of damage caused by cold weather.

The Morrow county farmers met at Lexington, Monday, and made an estimate of their damage, and at that time decided to ask the legislature for help. Unless the land is reseeded, it is claimed, bankruptcy will result for a large number of farmers and banks.

STATE HOUSE, SALEM, Ore., Jan. 22.—A game refuge district would be created in certain sections of Klamath and Jackson counties under a house bill 105 introduced yesterday.

## EDUCATION COSTS SUBJECT OF TALK

SPRINGFIELD, Ore., Jan. 22.—(Special)—Increase in the population of school district 19 with reference to the higher cost of education were discussed Tuesday evening by the Springfield Parent-Teacher association at a special meeting in the high school auditorium. A report was made by Vera D. Bain, principal of the high school indicating that present housing facilities for the school children will be inadequate after another year. He gave comparisons between the federal government's estimate of the value of a child, and amounts spent locally for education.

Possibilities of voting another bond issue to meet school expenses and for building a new grade school were the theme of a talk by George Ditto, chairman of the board of directors. He spoke of the difficulties of making finances meet the present need. Moving the manual training department from the basement of the high school to a separate building was suggested, as making more room for classrooms and eliminating the noise of machinery from the building. This, however, would necessitate another building to house the department.

The class taught by Mrs. Arthur Roberts at the Lincoln building was awarded the prize of a potted primrose for having the most parents and guardians present at the meeting. A musical program was enjoyed. Refreshments of coffee and cake were served by a committee headed by Mrs. Fred Louk.

All sportsmen in Eugene and Lane county are invited to the big free public showing of moving pictures of Oregon wild game life February 10 at the First Christian church, according to W. R. Wallace, chairman of the Lions' committee club, which is sponsoring the entertainment.

"We expect more than 6000 persons at the banquet," said Mr. Wallace, "nearly all the service clubs of Eugene having indicated they will co-operate in the move, and attend the dinner. The church ought to be packed to capacity, and there should be no fewer than 200 on hand to see the movies."

The Oregon State Game commission has officially passed on February 10 as the date for the showing of the pictures, and the films have been released from the Canadian government where they have been held through a complication arising out of import and export taxes.

## Plans on Comfort Station Discussed

What action will be taken for the **WOMEN BORN 1873 TO 1881**

Now Is the Critical Time. Lydia E. Pinkham's Vegetable Compound will Help You Safely Through

Convoy, Ohio.—"During the Change of Life I was weak and run-down and could hardly do my work. By reading your advertisements I found out about Lydia E. Pinkham's Vegetable Compound and it has straightened me right out and made me feel like a new woman. By the time I had taken eight bottles I was well and could do my housework on the farm without trouble. I recommended it to my daughter-in-law after her second baby was born and it did her a wonderful lot of good. I told her to try it and if it didn't help her I would pay for it, and before she had taken one bottle she said to me, 'You won't have to pay for it! It is helping me wonderfully!' And she took three bottles of it. You can use my testimonial if you wish. Mrs. ELIS A. ACKERMAN, Convoy, Ohio. Consider carefully Mrs. Ackerman's letter. Her experience ought to help you. She tells of the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound."
