SEATTLE, Jan. 24.—At the close of the second week of basketball in the northern section of the Pacific Coast and Pacific Northwest intercollegiate conference, Washington maintained the unopposed lead in the northern section race and Washington, Idaho and Oregon were tied for first place in the northwest standings.

Idaho's 24 to 19 conquest of Gonzaga last night failed to break the triple tie. The 22 to 11 victory by O. A. C. over Whitman last night, tied the Aggies with W. S. C.

Standings of the conferences follow:

Northwest Conference

PIRATES LOOMING AS UNCERTAINTY

PITTSBURGH, Pa., Jan. 24.—(AP)—Radically reconstructed as a result of their 1924 showing and with a new infield, composed largely of youngsters, the Pittsburgh Pirates, loom as a potentially strong, but uncertain entry in the coming National league race.

Most observers pick Bill McKeehan's crew to finish well toward the top.

The Pirates figured in the most sensational trade of the winter season when they sent three veterans—Charlie Grimm, first sacker; Rabbit Maranville, second baseman, and Wilbur Cooper, southpaw pitcher—to the Chicago Cubs in exchange for George Grantham second baseman; Al Nichols, first sacker and Vic Aldridge, right handed twirler.

Relative advantages of this wholesale transaction have aroused keen debate that the Pirates will go into the race with plenty of outfield strength and a fine pitching staff. Max Carey (Carson Bigbee), Hazen Ceyler, and Clyde Barabart probably will patrol the outer pastures, reinforced by Grantham, who is expected to be transformed into a regular outfielder.

The infield is the Pirates question mark. Grimm will be replaced by Nichols, a newcomer. Reports say Nichols is a good fielder and sensational batter. At second, Eddie Moore, a sensation in his debut last year, will succeed Rabbit Maranville. The shortstop post falls to Wright, who in 1924, his first season with the majors, broke the record for assists and drove in 111 runs. Harold Traynor will be at third.

The pitching staff, in addition to Aldridge, will be made up of such stars as Lee Meadows, John Morrison, Ray Kremer, Emil Yde and Babe Adams. Two promising recruits also on the list. Kremer and Yde made good last season, their first with the Pirates.

When did Mickey Walker win the welterweight boxing title and who did he annex it from?—W. S. F.

Walker won the welter championship in 1922 by defeating Jack Britton in 15 rounds.

How many years in succession did the Veruon club win the championship in the Pacific Coast League?—H. A. C.

Vernon finished in first place three straight seasons, 1918, 1919 and 1920.

How long has Athletic Director Yost been connected with the University of Michigan?—W. W. S.

Yost came to Michigan in the fall of 1901. He has been there ever since.

Score 6-6, last inning, home team hitting, man on third, batter drives to right field. Does the batter actually have to go to first before the run driven in counts? They gave home team credit for winning, although batter did not go to first.—H. A. C.

The situation depends entirely upon the number of men out at the time of the hit. If none or one was out it was perfectly proper to credit the home team with the game, 7-3. It wasn't necessary for the batter to run out his hit, although failure to do so is bad baseball.

However, if two were out at the time, the failure of the batsman to run out his hit could have made trouble. If the team in the field recovered the ball and touched first, that out would have retired the side and ended the run.

The rules state that a run cannot score on a play in which the batsman fails to reach first base. The failure of the batter to run out his hit makes it possible for such a situation to arise.

What school won the Big Ten basketball championship in 1924?—F. A. S.

BASKETBALL

Questions

1. What happens when a player touches the ball after it has been awarded to an opponent out of bounds?
2. Is it permissible to coach from the sidelines?
3. Is there a penalty if a player, when the ball is put in play at center, taps it before it has reached its highest point?

Answers

1. It is a technical foul and the opposing side is entitled to a free trial for goal.
2. It is illegal to coach from the sidelines. For such an offense a foul is charged against the captain of the offending team and with it goes a free trial for goal.
3. A foul is charged against the offending player, unless the referee feels that he made a defective toss. If so, he can toss the ball up again without penalizing the offender.

PINKY GARDNER WINS

PORTLAND, Ore., Jan. 24.—Pinky Gardner, New York light-heavyweight wrestler, defeated Louis Pergandis, Greek nutman, in their match here last night. Gardner lost the first fall in 47 minutes when he gave in to a short arm scissors, but he took the second fall by tossing Pergandis off the mat. Pergandis forfeited the deciding fall, being unable to continue the match.

WRESTLING BOUT FOR EUGENE IS TO BE ON WEDNESDAY

Eugene will have her first wrestling match in five years here Wednesday night, with Tom Grant, instructor at the Multnomah Athletic club of Portland, meeting Joe Reynolds. Grant will weigh 185 pounds and Reynolds five pounds less.

Grant has wrestled the best men of his weight throughout the United States and has a fine record. He defeated Ted Thye, light-heavyweight champion of the world, twice, but did not gain the championship as each time Grant was overweight.

The Multnomah instructor has a long list of victories to his credit. Among his victims are Pete Sauer, Earl Craddock, ex-world's champion heavyweight wrestler, Basanta Singh, Hindu wrestler, and Terra Miaka, the Japanese Jiu Jitsu champion.

Reynolds is well known along the coast and in Eugene. He has wrestled for many years in and around Salt Lake and within the last couple of years has been featured in bouts at Portland and other northwest cities.

Reynolds has taken part in 25 matches in the last two years, winning 32 of them. He has defeated Ralph Hand of Cottage Grove, one of the best known wrestlers on the coast and Farmer Vance. A year and a half ago Reynolds and Thye battled for nearly two hours. Thye finally won by a technical foul.

The match will be a two-hour affair, for the best two out of three falls, or a decision. Jack O'Neil of Eugene will referee. The match will be held in the armory. Ed Grant, promoter, has announced two preliminaries between local men.

VOLLEYBALL TEAMS HAVE FAST GAMES

Volleyball teams composed of Eugene business men are staging some fast contests, reports E. E. Holleman, director of physical education at the Y. M. C. A. Results of Friday's matches were as follows: Putes, 15-15; Comanches, 3-13-4. Mohawks, 15-15-12; Swash, 9-3-15.

The present standings of the teams in the league are as follows:

Swash, 65; Putes, 64; Mohawks, 50; Blackfeet, 50; Flatheads, 20; Comanches, 6.

Springfield Wins From Oakland Five

SPRINGFIELD, Ore., Jan. 24.—(Special)—The Springfield high school team defeated the Oakland, Oregon, high school team 16 to 12 in a hard-fought game last night in Springfield high school gymnasium.

At the end of the first half the score stood 8 to 8, but in the last half Springfield's hoopers redoubled their efforts and made 8 to the opposition's 4.

The Springfield team scored as follows: John Cox, 6; Hugh Cowart, 6; Merl McMullen (substitute), 2; Frank Lewis, 2. The Springfield defense proved much stronger, and no close shots were made by Oakland.

The school for the rest of the season is announced by Vern D. Bain, high school principal and coach, as follows:

January 30, Albany at Albany; February 6, Monroe at Springfield; February 13, Cottage Grove at Oakland; February 27, Shedd at Shedd; February 28, Albany at Springfield; March 13, Cottage Grove at Cottage Grove.

Oregon Takes an Easy Win From Pacific Quintet

FOREST GROVE, Ore., Jan. 24.—University of Oregon basketball players administered a drubbing to Pacific University hoopers here last night, 65 to 21. The Pacific team, no fewer than 11 players, Oregon walked off with an easy victory.

While amassing its large score, Oregon protected its own hoop from the Pacific offense with a seemingly unbreakable defense. Gowns of Oregon featured the play with his spectacular work.

DISCORDANT NOTES MAY BE MASTERED BY NEW INVENTION

IOWA CITY, Ia., Jan. 24.—(AP)—By causing successive waves of sound to interfere with each other's transmission, Dr. G. W. Stewart, a professor of physics at the University of Iowa, has perfected a device which he believes in time may be used to eliminate undesirable noises and to adjust sounds "to an individual's aesthetic taste."

The establishment of quiet zones for hospitals and the requirement of mufflers for automobiles testify to the penetrating nature of sound waves. They will pass, Dr. Stewart says, through the most minute crack, and even through an apparently solid wall.

With the theory that sound waves would expend themselves were they placed in conflict with one another, Dr. Stewart worked out his device, which he calls an acoustic wave filter.

The results are obtained, Dr. Stewart explains, not by placing obstructions in the path of the sound, but by setting up a sort of battle between the various waves, thus causing a discordant transmission.

A brass cylinder tube one-half inch in diameter and six inches long, containing nothing but air and open at both ends, is caused to transmit all tones of a piano up to a certain note and above this to transmit no audible sound. With another and slightly different tube, the tones below this same, or any other note, will be refused transmission, whereas all higher tones pass freely.

"Other equally remarkable results of a similar nature can be obtained," said Dr. Stewart in explaining his device.

"The tubes, while entirely open and free from obstructions, have, at regular intervals, branching tubes and chambers. At each branching point waves are reflected backward through the tube. The design of the branches can be made in such a manner as to produce a backward reflection and an interference of almost any group of tones."

Dr. Stewart explained that he considered the device truly a filter. It is a new basic method of manipulating sound waves and may find application in many acoustic devices in use today.

"The telephone, the phonograph and even musical instruments themselves may sooner or later profit by this new device," Dr. Stewart said.

"In fact, there is opened to the imagination the possibility of the elimination of undesirable noises and the enjoyment of sounds adjusted to an individual aesthetic taste."

Mohawk High Beats Cottage Grove by Score of 32 to 13

Mohawk Union high school drubbed the Cottage Grove high school, 32 to 13, last night at the A-L hall in Wendling. The game was fast but decidedly one-sided, the Mohawk team being superior in all departments of the game, and Cottage Grove devoting its time to keeping the score down as low as possible.

LONDON BUILDING SUBWAYS; CROWDS ARE ELIMINATED

LONDON, Jan. 21.—(AP)—The building of London, instead of taking years to build them. The consequence this has been a reduction in the length of the ride. The cost of ordinary runs usually runs a little less than a penny. The omnibuses which are charged about the same amount to go around.

And they are comfortable. Well-stuffed plush or leather seats, the plain steel coaches so common in America, and does, smoke in almost all cars without fouling the air. For there is seldom a closed crowd.

Fares for the short ride cheaper than in New York, and longer rides the cost is higher than a standard fare for the length of the ride. The minimum, however, is to be reduced to a penny.

During the present year the two of the underground system have been extended far into suburban territory. London, caring to grow upward in its can apartment-house houses, sprawling out in every direction with great rapidity.

The tubes are helping to clear the suburbs, already encouraged by railway lines from a dozen London terminals. Some of the underground lines make a practice of buying outlying property, their rails out of it and to houses, using it for sale to housewives, who, of course, become habitués to the electric train.

But one is beginning to hear complaints that the suburbs are helping to make the city more thick. Only recently it was said that a green belt of parks, golf-courses or other open spaces established around the greater to preserve some of the amenities of the countryside within easy reach of Londoners.
