DICK SMITH SPEAKS BEFORE KIWANIANS

Richard Shore Smith, newly-elected coach of football at the University of Oregon, was among the speakers at the Kiwanis luncheon today at the Osburn hotel. Mr. Smith declared he took the post only because of the condition existing at the university, and that cooperation of downtown business men was going to be greatly needed in finding positions for worthwhile athletes who desired to earn their way through school.

Virgil Earl, athletics director at the university, spoke on football. He told of the systems adopted by eastern institutions, of spring and winter training, and promised the next year's team would be the best ever turned out by the institution.

Growth and development of the Kiwanis club were outlined by A. E. Roberts, secretary. Harry Deversaux, city engineer, was chairman of the program committee.

New members of the Kiwanis club introduced today were Harold Grady of the Cosmopolitan chain stores, and F. S. Appelman, passenger agent of the Oregon Electric. It was voted to limit the membership of the local club to 100.

REQUESTS ON SPAN FOR ALDER TALKED

Announcement that plans were being made for the erection of a new wooden bridge across the mill race at Alder street has led to a movement among residents of that section to make a request of the city council for a concrete span. It is understood that a delegation of property owners of that district will attend the meeting of the city council tonight and ask that steps be taken to provide for a more permanent bridge than that contemplated by the city officials.

"Alder street is increasing as a traffic artery to and from the university and the need of a more substantial bridge is felt," according to J. T. Evans, who will speak before the council this evening, he states.

That an ornamental concrete span would add to the attractiveness of the mill race crossing and would be an asset of beauty to the city for many who annually visit at the university and drive through Alder street is the view held.

Dr. Sun Yat Sen Taken to Hospital

PEKING, Jan. 26.—(AP)—Dr. Sun Yat Sen, head of the so-called South China government and one of the leaders in the formation of the Chinese republic, was taken to the hospital here this afternoon to undergo an operation for abscess of the liver. His condition is said to be serious.

President Sun recently came to Peking for the purpose of conferring with the victorious general, Chang Tso-Lin and other leaders on means for rehabilitating the Chinese government. He was taken ill with liver complaint and early this month his physicians announced that an operation would be necessary, but that prospects for recovery were promising. In the meantime the South China leader was ordered to abstain from all official or social activities.

Woman Loses Purse When Hit by Truck

When Mrs. O. E. Arndt, resident of the Santa Clara district, stepped off the curb on Willamette street near Eighth avenue yesterday afternoon, she was struck on the arm by a passing truck. She was not injured but the blow knocked her purse from her hand. It fell on the running board of the truck and the last she saw of it was when the truck passed from view up Willamette.

She reported to the sheriff's office, but the only description was that the truck was a Chevrolet. Whether the purse remained on the running board or fell to the street is not known.
