CHICAGO WHEAT IS ABOVE $2 LEVEL

General Buying Absorbs Immense Profit-Taking Sales On Mart

CHICAGO, Jan. 28.—May wheat today went above the $2 mark shortly after the opening of the board of trade session here. General buying by commission houses took place after the opening and absorbed immense profit-taking sales which quickly sent initial values upward.

Initial quotations on May delivery were $1.99 1-2 to $2.00 of a gain of 1-4 to 7-8c over yesterday's finish. European news continued bullish today and with increased buying the May delivery went fractionally above the two dollar mark, the outside figure made during the Hutchinson deal of 1888, when wheat for future delivery reached $2.00.

With the exception of 1916-21 the price attained during the early dealing today was the highest since 1888, when wheat for immediate delivery sold at $2.20 in November.

Immense trading in wheat continued with the same consistent run of buying orders which have been so much in evidence since the opening. An hour and a half after the market opened, May was up around 5c over yesterday's finish. Profit-taking on a big scale was absorbed readily.
