# LOCAL DEALERS TO TALK ON MEASURES

To discuss proposed state legislation that is now pending in Oregon, a meeting of the members of the Lane County Credit association has been called for this evening at the Osburn hotel starting with a dinner at 6 o'clock. All merchants of the city have been invited to attend the meeting. During the present session of the state legislature there have been proposed several bills that are of interest to the retail dealers of the state and these will be thoroughly discussed, is the announcement.

Members of the association report that plans for the annual state meeting of the Oregon Retail Merchants association to be held here this month are progressing.

The plan to be suggested by Principal Bain is that of establishing high school activities on an inter-class competition basis. The classes will be rivals in debate, basketball and other athletics, and in the entire list of activities, with each activity counting a certain number of points. The class winning the most points or totalling highest in competitive activities, would have the trophy cup for the year, with the funds to engrave the class number on it.
