Union Oil Concern Staff Gets Bonus

Employes of the Union Oil company of this city are participating today in the annual distribution of profits in the company in common with the others of the 1500 men and women employed by the concern in the northwest. A total of $801,000 is being distributed.

The workers receive a proportion of the net earnings of the company, based on their years of service, salary and the percentage of the company's invested capital which the profits represent. All employes with more than one year's service are eligible. Under the 1924 distribution, employes with service of five years or over receive nine per cent of their last year's salary; four-year men, eight and one-quarter per cent; three-year, seven and one-half per cent; two year, five and five-eighths per cent, and one-year men, three and three-quarters per cent.

M. W. A. Delegates To Crow Selected

Delegates from Eugene camp, Modern Woodmen of America, to the county camp at Crow, April 1, were chosen at a meeting of the lodge last night. Seventeen delegates and the same number of alternates were selected. Those named were:

Delegates: R. A. Denney, E. A. Perrin, F. H. Chamberlain, E. O. Palmer, C. W. Starr, Milo Hart, W. E. Barker, J. W. Blanton, W. H. Fowler, Charles Kardell, H. B. Garberg, J. S. Higgins, David Link, M. L. York, J. S. Bailey, E. E. Ross and F. M. Robinson.

Alternates: James O'Farrell, William Forrester, M. E. Coburn, A. M. Gilbert, H. M. Brownell, Arthur Shassner, Alfred Anderson, Frank M. Pyle, S. D. Allen, J. A. Currie, B. B. McKinney, A. B. Chambers, W. H. Gillenwater, N. L. Hart, Frank Bowers, John Swafford and L. E. Ellison.

Eugene's M. W. A. drill team will officiate at the class adoption at Cottage Grove tonight, it was announced.

The entire output of some British golf ball factories is being exported to the United States, on account of the increasing popularity of the game here.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

BOND ELECTION TO BE HELD APRIL 15

Addition of $9000 for paving Eugene streets bordering on the I. O. O. F. cemetery and increase of the request for new reservoir and water mains from $120,000 to $135,000 at the city council meeting last night brought the amount to be voted on at the coming bond election to $584,000.

The election will be held April 15.

Following are the bond issues to be voted on:

$50,000 sewer reconstruction.

$25,000 purchase of new fire apparatus.

$20,000 paving street intersections.

$375,000, the McKenzie water project.

$135,000, new reservoir, water mains and new pump.

$10,000 repairing city hall.

$30,000, paving sareet intersections.

$25,000, incinerator.

$9000 paving one-half of University street and Eighteenth avenue bordering on the I. O. O. F. cemetery.

Objection was raised to the Elliott dump ground by Ralph Martin because, he said, the garbage drains over his place. No action was taken.

Approval of the South Willamette sewer ordinance, to serve the College hill district, was voted.

A sinking fund of $1000 for the payment by city officials of small bills falling due between council meetings, will be created, the council decided.

Peirce, Fair and company, Western Bond and Mortgage company and Lumbermen's Trust company, submitting a combined bid, had their figure accepted by the city council for a total of $184,813.12 in city bonds. The bidders named an interest rate of 4.61—the lowest offered to municipalities at the present time.

Wooden bridges to be erected across the millrace at Hilyard and Patterson streets were provided in an ordinance submitted last night, and which passed the first reading.

The following paving petitions were submitted and approved by the council:

Onyx street from Twenty-first avenue to the city limits.

Columbia street from end of paving on Fairmount boulevard to Twenty-third avenue, and Twenty-third avenue from Columbia street to Agate street.

Alley between Olive and Charnelton streets from Nineteenth to Twentieth avenues.

Alley in block 5 of Skinner's donation.

Petition for the opening of Twentieth avenue from Alder to University streets, and another petition for paving of the same thoroughfare, were referred to the street committee.

Heat

For pain-soreness

Rheumatic pains, soreness, aches, etc., call for heat. The best way to apply it is Red Pepper Rub.

This is the modern way. It so excels the old ways that there is no comparison.

Nothing else creates such concentrated, such penetrating heat as red pepper. And heat that doesn't hurt you.

You feel that tingling heat in an instant. In three minutes it seems to penetrate the depths. Circulation is started, congestion is relieved. Pain and the soreness go.

What folly it is to suffer pains so easily and quickly stopped. What folly to let a cold in the chest go neglected. When trouble starts at night, what folly to wait until morning.

Keep Red Pepper Rub on hand. Homes which do that save a great deal of pain. Get it now—the very utmost in help of this kind.

SCOUTS WILL HAVE SESSION SATURDAY

All Boy Scouts of this city and their friends and others who are interested in the Scout movement here are invited to attend the meeting and demonstration to be held at the University high school next Saturday evening, according to announcement today of James Carr, leader of troop 1 and chairman of the Americal legion committee backing the Scout movement here.

Three troops are now organized in Eugene and two others have been formed and application for charters is being made, Mr. Carr states. Members of troop 1 will gave a demonstration at the meeting Saturday. This troop will also have a demonstration of Scout activities at the American legion reunion to be held Thursday evening.

The meeting Saturday evening will be the closing feature of Scout anniversary week which is being observed throughout the United States this week.

In addition to the program for the meeting a big "feed" is promised the Scouts, is the announcement.

Pool Hall Planned By Los Angeles Men

A. D. Ford and George W. Sullivan of Los Angeles, will open a billiard parlor March 1 in the basement of the new Laraway building, it was announced yesterday, after a 10-year lease had been taken on the property.

Of 12 tables planned by the owners, one, will be for billiards, three for snooker and eight for pool. A barber shop will be operated in the front of the room.

EUGENE LUMBER MEN PURCHASING TIMBER IN LANE

ROSEBURG, Ore., Feb. 10.—The Roseburg land office today conducted a sale of approximately twelve million feet of timber, which netted slightly in excess of $32,000. This sale was the first in recent years, in which there has been competition as in former sales the timber has been taken at the government's minimum value. In this sale, however, several tracts containing Port Orford cedar were offered, and bidding was brisk on these. One tract appraised by the government at $760 sold for $1300, and three bidders raised the price on another forty from $1300 to $1575.

The land sold lies entirely in Coos and Lane counties and is a part of the old Oregon and California railroad grant lands, or the Coos Bay wagon road grant.

The purchasers were:

Omer L. Houghtaling, Bridge, 40 acres in Coos county, $2,625.24.

Timothy J. Sullivan, Myrtle Point, 40 acres in Coos county, $1550.

W. J. and A. E. Addlesperger, Marshfield, 40 acres in Coos county, $1300.

E. L. Culbertson, Myrtle Point, 40 acres in Coos county, $1575.

Dennis McCarthy, Marshfield, 80 acres, wagon road grant lands in Coos county, $16,350.

Dexter Lumber company, Eugene, 68 acres, Lane county, $9108.19.

Carl E. Fischer, Eugene, 40 acres, in Lane county, $4567.87.

CHAMBER OPPOSES CLEAR LAKE PLAN

Eugene citizens at a special chamber of commerce meeting last night, took a decided stand against the senate bill No. 102 permitting incorporation of valley towns to develop the Clear lake water and hydro-electric power project, and divided their decision on senate bill No. 103, commending that part that established a reserve to protect the watershed but opposing the section providing for a hydro-electric power reserve on the McKenzie.

Bill No. 103, it was felt, inhibited development of the McKenzie by private capital, while bill No. 102, the committee decided, would "commit the state to the principle of public ownership, operation and distribution of hydro-electric energy."

The chamber's legislative committee, reporting on the bills, consisted of L. E. Bean, John B. Bell and George Walter Griffin.

After mentioning the effect of the measure upon taxation, the report concluded:

"Pure water has been the talk of the people of the Willamette valley for a considerable period of time, and it seems to be the hope of the proponents of this bill that Clear lake will be utilized as a source of pure water for Salem, Albany, Corvallis, Eugene and the smaller municipalities in the valley. Its purpose is a most laudable one, and is worthy of the most serious consideration and if the bill under consideration were so confined to the development of the Clear lake system your committee would feel like giving its approval notwithstanding the fact that we believe that even confined to the water system alone, it will be many, many years before the population of these municipalities will justify the enormous expenditure necessary to develop such a system. As it occurred to your committee, the main purpose of this bill is the development of hydro-electric power and the development of a pure water system is only secondary to that of electric energy.

"In view of the foregoing your committee cannot but recommend against the adoption and passage of senate bill No. 102.

"Senate bill No. 103, of which the members generally are familiar, is reported back without recommendation."

Early Spring Seen By Rose Bush Buds

"If budding rose bushes are any indication spring will be here six weeks ahead of the normal time," is the opinion expressed by Roy Woodruff, local nurseryman, who reports that buds in many cases an inch in length are now on his rose bushes. "It is generally the middle or the latter part of March before the buds reach this stage of development," the nurseryman states. Mr. Woodruff also voices the belief that many of the rose bushes in the city that were thought to have been damaged considerably by the cold weather in December are still in good condition.

Actress Renews Youth By New Gland Treatment

Vivacious as a girl of twenty, with sparkling eyes and dimpled cheeks, Connie Eddis, the popular English actress, brought no end of exclamations of surprise from her friends who knew she was over 50 years old. She then told her secret—that glandular treatment has restored her youth and beauty.

The object of glandular treatment is to awaken the devitalized glands, so they may continue their normal function of supplying the vital glandular secretions, so necessary to physical energy, and perfect health.

Glandogen, the new scientific gland tonic, prepared in tablet form provides a simple method of taking glandular treatment. Glandogen for men and women. Allen's Drug store and Red Cross Pharmacy will supply you.
