

ELECTION RESULTS RECEIVE ATTESTS OF CONGRESSMEN

WASHINGTON, Feb. 11.—The results of the November elections received the final attests of congress today in joint convention assembled.

The statement by Senate President Pro-Tempore Cummins that the count of electoral votes showed Calvin Coolidge of Massachusetts and Charles G. Dawes of Illinois, to have been elected, and the entering of the ballots in the journal of both houses, closed the political contest in accordance with constitutional requirements.

Barely half an hour was set aside for the ceremony. Pursuant to a concurrent resolution for the joint session, the senate marched to the house chamber, preceded by the sergeant-at-arms and accompanied by pages carrying the electoral votes in locked boxes. Senator Cummins presided with Speaker Gillett on the dais at his left.

Tellers Take Charge.

After formal announcement from the chair of the purpose of the meeting, tellers for the house and senate, took charge of ballots, opening the envelopes in alphabetical order. The result was announced as follows:

Whole number of votes cast for president, 531.

Calvin Coolidge, of Massachusetts, 382.

John W. Davis, of West Virginia, 138.

Robert M. LaFollette, of Wisconsin, 13 votes.

Whole number of votes cast for vice-president, 531.

Charles G. Dawes, of Illinois, 382 votes.

Charles W. Bryan, of Nebraska, 138 votes.

Burton K. Wheeler, of Montana, 13 votes.

Convention Dissolved.

Senator Cummins then dissolved the convention with the traditional words:

"This announcement of the votes cast by the electors of the president and vice-president by the president pro-tempore of the senate, is, under the constitution and laws of the United States, deemed of sufficient decision of the persons elected for the terms beginning March 4, 1925, and shall be entered together with a list of the votes so cast on the journal of the senate and house."

Following the ceremony both houses resumed their routine of business.

John Williams Dies

Of Recent Illness

John Williams, employed by the Pacific Telephone and Telegraph company, died at the Pacific Christian hospital, Tuesday afternoon at 4 o'clock.

He succumbed after an illness of almost a week, for which he was receiving treatment at the hospital. Little is known about him, and the body is at the Branstetter chapel, awaiting information from relatives.

No Threat Seen on American Maneuver

TOKIO, Feb. 11.—(AP)—Replying to a written interpellation submitted and signed by 50 members of the diet on January 22, regarding the projected American naval maneuvers in a far eastern waters this year, the Japanese government today replied, saying that while it is true that American naval practice as outlined had aroused public opinion, the govern-

ment could not take this as a threat to Japan.

Referring to the Singapore base, the reply said the construction of such a base might affect Japan more or less, but was not considered a menace.

The reply analyzes the American and Japanese navies in ratio of 100 against 42.

Philadelphia Termed

Denatured Alcohol

Manufacture Center

HARRISBURG, Pa., Feb. 11.—Philadelphia is the principal center in the United States for the manufacture of illegal drink from denatured alcohol and Pittsburgh is a center for illegal beer, Governor Pinchot told the general assembly here, in a message asking enactment of a bill for regulation of distilleries and breweries.

If the bill is passed, the governor said, the sources of illegal drink in Pennsylvania can and will be dried up. If it is defeated, he predicted, flagrant violations of the law will continue, and the lawbreakers will, by its defeat, be encouraged to still greater lawlessness.

Bootleg Worries

Bother England

LONDON, Feb. 11.—England has a bootlegging problem, says the Westminster Gazette, which, although small as compared with America's, threatens to grow and may necessitate the adoption of special measures.

The trouble arises from the fact that the spirits in France is only about half that in England, where the duty is very high. This encourages smugglers to run contraband spirit cargoes across the channel in small motor boats, whence they are taken to London and other large cities in motor lorries.

These ventures are substantially financed and bring big profits, according to the paper.

Thiepval, one of the hottest corners of the Somme battle, is so devastated that plans for reconstruction it have been abandoned.

BEWARE THE

COUGH OR COLD

THAT HANGS ON

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Atlanta, Ga. (Adv.)

BILL ON PAYMENT OF TAXES PASSED BY OREGON HOUSE

STATE HOUSE, SALEM, Ore., Feb. 11.—Payment of taxes one month later than at present is provided for in senate bill 16 passed late yesterday by the house. The measure, offered for the convenience of farmers, will become law if approved by the governor.

House bill 152, making provisions whereby railways can obtain rights on water where necessary for operating purposes, passed the house yesterday afternoon with only four opposing votes.

House concurrent resolution number six, introduced by Representative Carlin, Jackson county, putting the legislature on record against further adventures in state ownership or operation of utilities was adopted by the house yesterday afternoon. The house concurrent resolution number four, by Carlin, putting the legislature on record as against considering any income tax legislation at the present session, House joint resolution number 8, introduced by Woodward, and proposing a constitutional amendment to repeal the slavery clause in the Oregon constitution, was adopted by the senate.

House concurrent resolution number 12, introduced by Representative Hamilton of Bend, would call upon the governor to name a representative to serve on a commission composed of representatives from Montana, Idaho, Washington, and Oregon and two federal commissioners to agree on future distribution of water of the Columbia river and its tributaries. An agreement reached would not be binding until ratified by the several legislatures of the states concerned and by congress.

The joint ways and means committee decided to return to the floor of the senate an adverse report on the Staples bill to increase the salaries of the supreme court justices from \$2500 to \$7500 a year.

The committee decided favorably on the bill to provide \$25,000 for relief of the flood stricken area around Vale, Malheur county.

RUMMAGE SALE

The Y. W. C. A. Rummage Sale to be given February 13 and 14 will be conducted below the St. Francis apartments, 132 Eighth avenue west.

EUGENE COLLECTION AGENCY.

774 WILL. ST. PHONE 600, W. H. BLOWERS, MGR.

LA GRANDE, Ore., Feb. 11.—An autopsy performed over the body of a man, believed by officers to be G. Brady of Toronto, Canada, found here Sunday with evidence of robbery and foul play, revealed no blow had been administered of sufficient strength to cause death. A bruise on the temple indicated a possible blow, but not a severe one.

Authorities are today investigating the possibility of poison. The man's stomach will be sent to Portland today for examination.

The inquest, started Monday night, was continued until Tuesday to permit further investigation and search for possible luggage. Testimony last night indicated the man must have been dragged or thrown under the bench where boys found the body. Dr. E. G. Kirby stated the victim was not dead when placed there, but that he must have died shortly afterwards. The toes had been frozen after the man was put under the bench. Dr. Kirby developed.

The sheriff's office had received a word from Toronto this morning. The Canadian war office at Ottawa is to be wired for identification.

POISON THEORY TO BE INVESTIGATED

DAVID U. PAGE IS TO BE PRESIDENT OF CURB MARKET

NEW YORK, Feb. 11.—Having begun his Wall street career at the age of 16 as a stock runner at \$8 a week, David U. Page, at the age of 41, is to become president of the New York curb market.

His election is favored by the governors and no opposition is expected.

IS THE GOLDEN AGE THE GLAND AGE?

In a recent press dispatch, a London physician stated that the Golden Age of man bids fair to be the glandular age, when salvation will be taken in tablet form. He said further that the average man believes that his thoughts, action and feelings are controlled by his mind. But it is possible to show that mind is itself under the despotic sway of the ductless glands, which generate in the system the chemical fluids on which depend health, happiness and morality.

Glandogen, the new scientific gland tonic, prepared in tablet form provides a simple method of taking glandular treatment. Glandogen, for men and women. Allen's Drug store and Red Cross pharmacy will supply you.
