

### FARM COMMITTEES CALL MEETING TO WORK OUT RELIEF

WASHINGTON, Feb. 12.—Continuing their efforts today to work out a program of farm relief legislation on the basis of the recommendations of the president's agricultural commission the senate and house agricultural committees again called members of the conference for hearing.

Louis J. Taber, a conference member, was recalled before the house committee for discussion of the bill framed by Chairman Houghton to carry out the conference proposals regarding cooperative marketing.

Chairman Carey of the conference yesterday endorsed the Houghton measure, declaring however, that much depended on selection of the right type of man for original membership in the federal cooperative marketing board to be created by the bill.

Mr. Taber told the committee that there was lack of cooperation between governmental bureau's handling agricultural affairs and declared the federal cooperative marketing board as proposed in the Houghton bill was necessary.

The board, he said, should include the secretary of commerce, as well as the secretary of agriculture, although this was not vital.

### HOPE IS RENEWED AT SAND CAVERN

(Continued from page one)

and windings of the tunnel the engineers were unable to map the tunnel down as far as Collins because of the cave-ins which sealed his prison in that direction.

CAVE CITY, Ky., Feb. 12.—(Sp.)—The limestone roof of Floyd Collins' cavern was reached at the base of the rescue tunnel early today at the 45-foot stage and "any minute" the diggers expect to find a crevice or cavern which can be opened sufficiently for the rescuers to work their way down to Collins, pinned in a rock vise at the foot of Sand cave.

The down draft in the rescue shaft became stronger this morning, nerv-ing the wary diggers to fresh efforts. The return late last night of the Western normal football squad, ex-cused from classes until the finish of the race against death, also heart-ened the diggers, although they all realize that possibly two days may elapse before they reach Collins, un-less fate points the way through the unexpected tunnel.

The bottom of the dirt and sand-stone cap overlying the roof of the old cavern which once filled the tiny Sand cave valley was reached early this morning, when "shelving lime-stones" appeared with solid rock not far ahead. More crevices began to ap-pear, increasing the down draft, but none was yet found which would indi-cate any sizable tunnel. The cheering developments, it was pointed out by H. T. Carmichael, was the reaching of the "crevice" stratum, proving that a cavern was near at hand.

Despite the additional tent shelters and blankets received last night from state military stores, the diggers suf-fered severely from the cold and ex-tra precautions were taken by the hospital staff to insure that none of the volunteers develops pneumonia. Those who develop colds are taken off the shaft.

At 10 o'clock this morning Collins had been under ground 13 days, had not been fed for eight days and his voice was last heard a week ago.

Amplification tests across the electric light wires leading down to him had convinced physicians here that "breathing" sounds were being trans-mitted by the jiggling of the carbon lamp on Collins' chest. These tests failed to record anything yesterday but the physicians and radio experts refused to admit that this would indi-cate he was dead. They believed only that the light had burned out, or fall-en from its socket.

### Kindergarten Meet Is to be in July

LOS ANGELES, Feb. 12.—(Sp.)—Kindergarten and primary school teachers from all parts of the world, will gather here July 8 to 11 for the thirty-second annual convention of the International Kindergarten Union.

The union has a membership of ap-proximately 31,000 teachers throughout the world. Representatives of the organization from Germany, France, England, South Africa, China, many South American countries and the Philippine Islands will attend the convention. Delegates from every state in the United States also will be present.

Miss Ella Ruth Boyer, of Pittsburg, Pa., president of the international or-ganization, will preside.

Miss Madeline Veverka, kindergar-ten and primary advisor of Los An-geles city schools and chairman of the general committee in California, has been appointed to manage the con-vention.

### Teaching of Safety Is Tried in Schools

LOS ANGELES, Feb. 12.—(Sp.)—A reduction of 21 percent in child fatality due to motor vehicles has been made through systematic teaching of safety in the public schools in Los Angeles. It has been revealed in a check made by the Automobile Club of Southern California.

The safety curriculum in Los An-geles public schools was inaugurated about three years ago through the co-operation of the board of education and the public safety department of the automobile club. Children are given practical instruction and in ad-dition they compete in designing post-ers and verses for bulletins used in the safety movement. Diplomas are issued to students completing the course.

## FLORIDA'S LAND BOOM IS ON IN EARNEST

Largest "Bull Market" in the World Today is Florida, Where the Boom in Real Estate Surpasses the Swirl Upward of the New York Stock Exchange After Election

Above, airplane view of Miami harbor. Below, caravan of autos loaded with real estate hunters streaming into Miami and group of wealthy buyers discussing boom in land values.

(By NEA Service)

MIAMI, Fla., Feb. 12.—The largest "bull market" in the world today is Florida.

The boom in real estate here rivals and even surpasses the dizzy swirl upward of the New York Stock Exchange after election.

Into Florida, as into the market, the wealth of a nation is being poured and fabulous profits recorded.

Like two rival circuses, each has its "barker," who shouts "You'll have to hurry, hurry, hurry" to get in on the ground floor.

The rush to Florida has blocked the mails, clogged train service and filled the roads.

Wealthy and poor alike either have arrived or are making the mad dash southward in the most spectacular boom since the '40ers risked their lives for California gold.

Grab Land

Only here the struggle is for land. Gold is the password, not the object. Syndicates from all over the United States are buying up vast acreages. They have purchased Everglade prop-erty, lying 20 and 25 miles south of Miami, without even seeing it.

They couldn't if they wished. There are no roads.

Apparently there are two outstand-ing reasons for the boom.

The primary one is the rapid strides being made to make the en-tire state a year-round playground.

The second is in the hands of wealthy who have taken up residences to avoid the tax man.

Anti-tax laws passed by the legis-

lature last November have increased the state's permanent population possi-bly 20 per cent.

Those who make their homes here defend the law and cite examples in one southern state where the inheri-tance tax is 107 per cent of the es-tate itself.

Like Curb

And so the boom continues. The end is nowhere in sight.

Only recently the Miami Realty Board prevented solicitation in front of offices or on the sidewalks.

Previously a street scene nearly any day was a replica of the old time New York Curb, where hand signals to "buy" and "sell" flashed from the opening of the market until dusk.

Real estate here does an "open all night" business. From 8:30 a. m. until midnight, men and women of all ages and all degrees of prosper-ity are packed into the ground-floor of-fices.

Questions concerning the future must be worded with care. Business men take offense at any suggestion that this thing cannot last, and prices must come down, or that reaction will set in.

City of Million

They predict a million population for Miami in ten years and a solid city on the east coast, reaching be-yond Miami on the south to beyond Palm Beach on the north.

In this 72-mile stretch town after town has been built almost overnight. Delray, a town of 2500, has been built by persons from 40 different states, according to a statement which goes unchallenged.

Rich men who have established

### History of India Will be Subject Of Speaker Here

An unbiased critic of the occidant and an understanding admirer of the orient, Synd Hossain, lecturer and journalist who speaks Tuesday night at Villard hall on India, his native land.

Hossain, since he first came to this country as a press representative from India to the Limitation of Ar-maments Conference in 1921, has been striving to promote good will between the East and West. "The Orient," he says, "needs the help of the United States, for America can not remain isolated, even if she wants to and, if she would be helpful, she must obtain correct information, par-ticularly in regard to the orient. The eastern point of view has never been realized. There is only one man in a thousand who knows about conditions in the Middle East, in Asia Minor, Arabia, Egypt, Armenia and the re-gions around about. These sections have a wide bearing on world peace, but are still largely at the mercy of European propagandists.

"All nations are out for gain that not only disgraces Christianity but degrades humanity. The time has come for the average common man to say that no one shall play ducks and drakes with humanity. We must no longer believe that our nation is an island wholly surrounded by foreign-ers. We must rise above racial or re-ligious prejudices, or war will be the end of civilization."

India is deserving of being helped, for she had given great gifts of cul-ture, of art, of religion to the world. Mr. Hossain explains these gifts in his lecture "From Buddha to Gandhi."

### Simple Mixture Best For Constipation

Simple buckthorn bark, magnesium sulphate, glycerine, etc., as mixed in Adlerika, is excellent for constipa-tion. It often works in one hour or less and never gripes. The pleasant and QUICK action of this efficient intestinal evacuant will surprise you. Adlerika helps any case gas on the stomach, unless due to deep-seated causes. Often removes matter you never thought was in your system. Allen's Drug store, 80 Ninth Ave. E.

**John T. Williams Dies at Hospital**

JUNCTION CITY, Feb. 12.—(Spe-cial)—John T. Williams who has been very ill at the Pacific Christian hos-pital in Eugene following an opera-

tioned extensions before the progress can be continued, they admit. And they are building.

They originally were built to care for a small exclusive tourist trade.

Some idea of the boom can be gain-ed from the fact that in 1918 only 8114 legal instruments were filed in this county. In 1924 there were 61,374.

Hotels are packed. Rates are sky high. Miami has become a New York City in miniature, but the popula-tion including suburbs now is 85,000. The transient population is shown at about 30,000.

Railroads must complete many pro-

### NEARLY INSANE AT TIMES

Mrs. Saunders Tells how Lydia E. Pinkham's Vegetable Compound Relieved Troubles of Change of Life

Knoxville, Tenn.—"I took Lydia E. Pinkham's Vegetable Compound while going through the Change of Life. I was very nervous, couldn't sleep and had melancholy spells. In fact, I was nearly insane at times and my memory was almost a blank. I was so weak I could not do my housework half of the time and suf-fered dreadfully with my back. My doctor said I would have to worry it out and I went through this for three years before I began taking the Vege-table Compound which I saw adver-tised. I think it was eight bottles that I took. It has been two years since I took any and I haven't had a doctor since for that trouble. I do all my washing and ironing and I have gained from 115 to 135 pounds. I ad-vise all women who suffer physically and mentally as I did to give the Vege-table Compound a fair trial. I hope it will do as much for them as it did for me."—Mrs. T. A. SAUNDERS, 711 E. Depot Street, Knoxville, Tennessee.

### People Must Have Joint-Ease Says Druggist

"You can't stop people from buy-ing Joint-Ease for sore throat and cold in chest," writes one of our druggist friends. "They say it's the best ever."

We know that, of course, but please remember that Joint-Ease is for stiff, swollen, painful joints, whether rheumatic or not, and its tremendous sale for that purpose proves that it is the one joint rem-edy that gets the most satisfying re-sults.

### Hall's Catarrh Medicine

Will do what we claim for it—rid your system of Catarrh or Deaf-ness caused by Catarrh.

Sold by druggists for over 40 years

F. J. CHENEY & CO., Toledo, Ohio

### Limbers 'Em Up JOINT-EASE

A tube costs 60 cents at Carroll's Pharmacy and druggists everywhere. Just rub it on and in a few seconds it disappears through skin and flesh right down to the ligaments and ten-dons of the joints—then relief fol-lows instantly.

Always remember, when Joint-Ease gets in joint agony gets out-quick.

### Clocks

---one lot at reduced prices  
---all of latest designs and new

THE small lot of high grade Waterbury mantel clocks, (light mahogany finish) offered this week at reduced prices will make way for our new stock of high quality time pieces just re-ceived. Every clock on sale is marked down to \$10 from prices ranging between \$12.50 and \$14.00. Each is splendidly designed and fitted with dependable, long lived mechanism.

### EUGENE ROTARIANS PLAN ON MEETINGS

To make arrangements for hotel reservations at Portland for the Eu-gene Rotary club at the annual dis-trict session to be held there March 22 to 24, J. A. McLean, manager of the Oxburn hotel and member of the Eugene Rotary, has left for Portland. About 20 rooms will be reserved for the party of Eugene Rotarians and these will be headquarters for the delegation during the three-day con-vention, it is announced. The Eu-gene club will represent Oregon in the special stunt program planned and something unique is promised by the Eugeneans for the event, accord-ing to the local officials.

### Poultry Producers To Meet Saturday At Junction City

The Junction City local of the Pa-cific Co-operative Poultry Produc-ers will hold a meeting Saturday evening, Feb. 14, at the Danish hall, Junction City. Prof. H. E. Crosby, poultry ex-tension specialist, of O. A. C. will address the meeting regarding poultry problems. Oscar Dunlap, director in the Pacific Co-operative Poultry Producers, will give a report of the last directors meeting and tell about the year's accomplishments in egg selling.

The Junction City poultrymen are

### Simple Way to Take Off Fat

Can anything be simpler than tak-ing a convenient little tablet four times each day until your weight is reduced to normal? Of course not. Just purchase a box of Marmola Pres-cription Tablets from your druggist for one dollar, and start now to re-duce. Follow directions—no starva-tion dieting or tiresome exercising. Eat substantial food, be as lazy as you like, and keep on getting slender. Thousands of men and women each year regain healthy, slender figures by using Marmola Tablets. Purchase them from your druggist, or send direct to Marmola Co., General Mot-ors Bldg., Detroit, Mich.

among the best organized in the state. The fifty odd members residing near Junction City own over 15,000 hens whose output is sold through the egg association. Most of the feed pur-chased is secured through the Junction City Co-operative warehouse. They recently purchased a carload of empty egg cases at a saving of 7c on each case.

**CARS COLLIDE**

SPRINGFIELD, Ore., Feb. 12.—(Special)—Cars driven by Elmer E. Kepner of Springfield and W. B. Whellington of Wendling collided al-most head-on about 4 o'clock yester-day afternoon at Fifth and A street, Springfield. The car driven by Mr. Whellington had the front axle badly bent, and the car of Mr. Kepner was slightly damaged. Neither man was injured. The accident occurred when Mr. Whellington was driving north on Fifth, and Mr. Kepner was going east on A.

**A COUGH REMEDY WITHOUT OPIATES**

Many cough preparations contain some one or more harmful drugs which are added to take the place of opiates. None of these narcotic substitutes have ever been used in FOLEY'S HONEY AND TAR COMPOUND. The name of every ingredient is plain-ly printed on every carton. You know what you are taking when you take FOLEY'S. It clings to the throat. Good for old and young. You have a cough, why not try it. Refuse sub-stitutes.

TYI(Adv.)

## MOTHER!
