

New!

On the threshold of a new season it is fitting that the McMorran & Washburne store re-iterated and emphasized its business creed. The intelligent presentation of the vogue in dress and in accessories for men, women, misses, and children.

Always telling the truth about the merchandise, the price and the value.

And—a nice and punctilious observance of those little things which transpire in contact between customer and employee, that tend, more than anything else, to promote confidence, friendship and good will.

This drugless method called Lavax kills the germ in three minutes, yet is positively harmless to the most delicate tissues. Your head and lungs are cleared like magic. Sufferers are relieved in a single night. To prove it and to introduce Lavax to a million sufferers in one month, I offer to send a treatment free and prepaid to any one who will write for it. No obligation. No cost. If it cures you, you can repay the favor by telling your friends—if not, the loss is mine. So matter what you have tried, just send me your name and address for this generous free treatment and prove that you can be rid of catarrh. W. R. SMITH, 821 Lavax Bldg., Kansas City, Mo.
