

TRIBUNALS INSTEAD OF WAR ADVOCATED BY MR. COOLIDGE

WASHINGTON, Feb. 23.—(AP)—Proportionally, as the nations make progress in creating effective tribunals for peaceful settlement of international differences they will find themselves able to lessen their military establishments. President Coolidge said in an address today to delegates to the Women's Conference on National Defense on Peace Insurance.

No Direct Reference.

Speaking to the delegates at the White House, the president made no direct reference to the pending move for another arms conference, but did take occasion to say that "a country so powerful in numbers and wealth, also fortunate in its location as our own, can and should set an example of moderation in armament and should induce others to pursue a similar program."

One Enduring Peace.

"The only enduring peace must be the peace of law, or order, of security and honor. Such a peace we wish for ourselves and we devoutly wish to share it with every neighbor in the family of nations."

"Universal and assured peace under the law of nations is an ideal to which all of us are devoted. It is true that we have not stopped wars. But it is also true that there is today a more definite and more widely entertained conception than ever before of the possibility to prevent war under an effective rule of law. This is the great advance. We have not reached the end, probably we shall reach it for many generations. But it can hardly be doubted that the purpose and aspiration of human kind are definitely, intelligently and insistently enlisted in the effort to make war an impossibility in this world."

"But we are compelled to recognize that national safety requires such a measure of preparedness as shall be the guarantee against aggression, without committing the nation to militarism. For the present, the most we can hope is to secure general acceptance, in good faith and without reservation of the view that whatever armaments we create, whatever preparations we make, shall be limited to the reasonable requirement of security."

"I do not think we should set a good example by abolishing our army and navy. But we can afford to limit our military and naval establishments so as to assure that, while determined and able to defend ourselves, with no intent of aggression. If every nation would enforce such a policy, the cost of armaments would be enormously lessened, and the general welfare of humanity correspondingly promoted."

SENATE TO ACT ON EDUCATION BILLS

STATE HOUSE, SALEM, Ore., Feb. 23.—Educational bills will occupy the senate for an hour or two tomorrow morning beginning at 10:30 o'clock when they are made a special order.

The ways and means committee today returned an adverse report on S. B. 106, appropriating \$70,000 for teacher training centers in 10 high schools of the state.

Senator Clark, chairman of the education committee, fought the adverse report and wanted it tabled.

—to regain Strength—

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be minus strength and underweight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S.S.S., since 1875, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear, you look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Y. M. C. A. Drive To end Tonight

A meeting of all Y. M. C. A. budget week campaign workers will be held tonight at 6:30 at the association, at which time final reports from all team captains will be made on the progress of the drive. This will be the first time an accurate report of the campaign progress will have been made since last Friday noon. The drive officially closes with the meeting tonight.

Board of directors of the Y. M. C. A. and team captains met yesterday afternoon and made a redistribution of drive quotas. The board of directors and executive committee assumed the responsibility for \$2,000. Each men's team is attempting to raise \$100, the four women's teams \$250 together, and the Y. M. C. A. secretaries, \$200, and from miscellaneous sources, \$200 is expected. If these quotas are obtained today, the drive will result in the full \$12,500 being raised.

ARMY LEADER IN CIVIL WAR PASSES

(Continued from page one)

of the life of General Grant, written in the early seventies.

Spanish War Veterans. When the Spanish war started General Wilson was appointed a major general of volunteers and commanded the sixth army corps. He accompanied the military expedition to Porto Rico and was appointed military governor of the island. He remained in command of Porto Rico until ordered home. He served in the army of occupation in Cuba in command of the department of Matanzas and Santa Clara and was honorably mustered out of the volunteer service.

In recognition of his long military career, General Wilson was appointed in February, 1901, a brigadier general of the regular army by act of congress and was retired for age shortly afterward since which time he was engaged in private business at his home in Wilmington, Del.

Managed Railroads. After leaving the army, General Wilson built and managed of the Delaware and Chesapeake Bay Railroad in the Mississippi valley and in New England, notably the Cairo and Vincennes, the St. Louis and Southeastern, and the Louisville, Evansville and St. Louis Air Line. He was president and receiver of the St. Louis and Southeastern Railway in 1873-75, and became vice-president and chief engineer of the Electric Railroad of New York and president of the New York and New England Railway company in 1878-83.

In 1872, General Wilson was the agent of a commission to negotiate in Europe a loan for the Japanese government. He visited Russia in 1891 on business connected with the construction of the Trans-Siberian Railroad.

General Wilson served for a number of years as chairman of the Delaware Republican State committee and was at one time a member of the Republican National committee.

First—Stop Pain Don't suffer for an hour

When pain comes, stop it. Be ever ready to stop it quickly, night or day. Don't suffer any pain which a moment's rubbing can stop. These include pains allied to rheumatism, to soreness, to lameness, to chest colds. For 65 years they have been stopped by rubbing with St. Jacobs Oil.

As for curing the cause of the trouble. Nature usually does that. But don't suffer while you wait. St. Jacobs Oil causes counter irritation. Then it draws the blood to the surface to relieve congestion. In a minute or two you feel that the pain has ebbed.

TRIBUTE IS PAID TO WASHINGTON

Eugene high school students, and children in every school in the city joined this morning to pay tribute to the memory of George Washington. The exercises in most cases were brief, but impressive and patriotic. School law requires that at least 150 hours be devoted to these patriotic exercises before school is dismissed for the day. In the primary and grade schools the programs generally took the form of songs, recitations and drills in the various classrooms under the supervision of the teacher.

Bass Anglers are Trying Their Luck

Several local anglers spent the week-end on Tacknitch lake bass fishing and they report fair luck. The bass season is open all the year with the exception of two months, April 15 to June 15. Anglers along the lower Siuslaw are reporting good catches of salmon trout as these fish are now on their way out after the spawning season. Fishermen who looked over Lake creek report that the steelheads abound there now and that with the opening of the season on that stream there will be big returns to the anglers, they state. The steelheads came in through the Siuslaw during the big freeze in December and as the river was frozen there was no fishing and all the steel made the Lake creek shelter where they are protected by the state law.

Display of County Products Praised

"Lane county had a very creditable display at the annual exhibition held at Oregon Agricultural college and much favorable comment was heard by visitors who viewed the booth," according to E. Eugene Chadwick, secretary of the Eugene chamber of commerce, who has returned after a business visit of several days at Portland, stopping at Corvallis Saturday on his return to Eugene. The booth in charge of Harold Rowley, Eugene student at O. A. C. displays products of Lane and literature of the Eugene chamber was distributed.

Guard Hoopers to Hold Tournament

Tentative plans for the staging of a basketball tournament between Coquille and the Headquarters team of the national guard of this city have been started. Headquarters company had no hoop team this year but at the close of the high school schedule four first-string men of the E. H. S. squad who are members of the guard unit, will be available to try their ability against the champion Company C outfit, in the announcement. It is planned to have a three-game series to determine the championship of the guard companies.

Loosen Up That Cold With Musterole

Have Musterole handy when a cold starts. It has all of the advantages of grandmother's mustard plaster WITHOUT a blister. You just apply it with the fingers. First you feel a warm tingle as the heating ointment penetrates the pores, then comes a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many nurses and doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, croup, asthma, neuralgia, congestion, pains and aches of the back, joints, sore muscles, sprains, bruises, chilblains, frost-bitten feet, colds of the chest. It may prevent pneumonia and "flu."

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 25c and 60c jars and tubes.
