

# HONORS TO GO TO OREGON SCHOOL IN NORTHERN DIVISION

Coast Conference	W	L	Pct.
Oregon Aggies	6	2	.750
Oregon	3	2	.600
Washington	3	3	.500
Idaho	2	3	.400
Montana	1	6	.143
Montana's Opponents	6	1	1.000
Washington State	0	5	.000

As Montana does not play the same number of games with each team in the Pacific coast conference, its scores do not count in tabulating the standings of its opponents. Montana's games count in the Northwest conference.

**This Week's Coast Conference Schedule.**

Monday—Washington vs. Montana at Missoula.

Tuesday—Oregon vs. Washington State at Pullman.

Wednesday—Oregon vs. Idaho at Moscow.

Friday—Oregon vs. Washington at Seattle; Washington State vs. Idaho at Moscow.

Honors in the northern division of the Pacific Coast Intercollegiate basketball conference will go to an Oregon institution, no matter how this week's games come out. It will be either O. A. C. of the University of Oregon when the final tabulation is made.

The Aggies closed their strong season last Friday with their victory over the Lemon Yellow team here, and now Oregon must win all of her remaining games to be in the running.

Oregon opens its road schedule tonight against Whitman college at Walla Walla. Tomorrow night it faces Washington State at Pullman, then Idaho at Moscow Thursday night and ends up the schedule with the Washington game at Seattle Saturday night.

Washington plays Montana tonight, but that game does not count in the coast conference standings. Washington State and Idaho play at Moscow Saturday night and at Pullman Monday night.

University of Southern California, because of its break with California and Stanford last fall, did not schedule basketball games with these institutions this winter. As a result, to fill out her schedule, the Los Angeles school is making a trip north. It probably will be the last trip for Southern California for some time to come, as the three California schools patched up their differences last week and resumed athletic relations immediately.

Southern California opens its north schedule against Washington at Seattle Thursday night. It plays Multnomah club in Portland Friday night and the Oregon Aggies at Corvallis Sunday night.

By BILLY EVANS

IT'S a good thing for the stability of baseball that Rogers Hornsby is to remain with the St. Louis Cardinals. The greatest right-handed hitter in baseball has just signed a three year contract with the Cardinals at \$20,000 a season.

This practically means Hornsby will spend his greatest years as a player in the Missouri City. Baseball in St. Louis would be doomed if the owners of the club ever decided to peddle Hornsby's contract.

And they have had many temptations.

John McGraw has tried repeatedly to lure the second baseman to New York. A year ago the Brooklyn club made a genuine offer of \$215,000 for the player and it was refused by Hornsby. More recently the owners of the Chicago Cubs tried to get him but failed.

There have been times when Ricker and the Cardinals could have used the money offered for Hornsby, but they realized he would be a greater asset to the team in the long run and they wisely turned all offers down.

Hornsby is an honorable ball player and he always gives the club his best regardless of personal feelings. It is no secret that Hornsby and Ricker did not get along well early in their careers.

As a matter of truth the two came to blows. Many witnesses figured Ricker would surely peddle his star player the alteration, and quite a few were positive Hornsby would start making it if he were not traded.

But they didn't know the real Hornsby, the greatest working player in the Cardinals' camp in Florida last winter was Hornsby. If he had any feelings against Ricker or the club as a whole he certainly did not show them.

And throughout the season he was seen as the team's outstanding star as well as the greatest hitter in his league.

All Hornsby did last year was to out-hitter the hitters in both big leagues, maintaining the highest individual batting average in the major leagues.

## OREGON SWIMMERS DEFEATED BY CLUB

Swimming artists of Multnomah Athletic club defeated the team from University of Oregon Saturday night in the Woman's building tank, by a score of 42 to 25. The first swimming meet between the two teams was a draw, 34 to 34.

Robert Boggs, Oregon dash swimmer, broke his former state record of 2:40.2 by making the 220-yard dash in 2:37.1.

The summary of events:

100-yard overhand: Alonen, M. A. C., first; Lombard, O., second; Stone, O., third. Time 1:02.

Backstroke: Barnhill, M. A. C., first; Erickson, O., second; Sheppard, M. A. C., third. Time 1:15.2.

## Help Kidneys By Drinking More Water

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then set normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year. (Ad.)

## JACK SILVER AND JOE BENJAMIN TO BOX IT OUT TODAY

SAN FRANCISCO, Feb. 23.—Jack Silver and Joe Benjamin, lightweights ready today to enter the ring at Recreation Park for the ten-round bout which will decide who will go east to meet the winner of an elimination contest to bring forth a successor to Henry Leonard, retired lightweight champion.

Despite unsettled climatic conditions, the promoters of the event and the light-following public, were optimistic, basing their hopes on the of tidal fog and rain, followed by clearing weather. Yesterday's heavy rain failed to bring about any change in the plans of those supervising the fight.

The sale of seats was reported to have been brisk with virtually all ringside and box seats disposed of. Both men were scheduled to weigh in this morning at 135 pounds and again publicly just before entering the ring.

Interest in the bout was intense, as it would be the first contest of its kind to be held in this section of the state in ten years.

Silver had the long betting odds of 10 to 7, with few takers on either end.

Both men were said to be in the best possible condition. Local fight followers contended that Silver's youth would outweigh Benjamin's hard-hitting ability and ring experience.

A warm sun brightening a cloudless sky this morning encouraged the belief that the main event would

start at 5:45 p. m. as scheduled. The first preliminary was on the program for two o'clock.

## THE REFEREE

Who holds the world's indoor record for the pole vault and what is the height?—R. F. S.

Dean Brownell of the University of Illinois is the present title holder and the height is 13 feet, 5-8 inch.

What was Helen Wills' national tennis ranking in 1922?—F. G. H.

Miss Wills was placed third that season.

Can you give me the score of the Indiana-Northwestern football game in 1923?—W. A. C.

Indiana won, 7-6.

What is the present record for the 120-yard high hurdles and who made it?—G. V. R.

The existing record is 14.25 seconds and was made by E. J. Thomson in 1920.

Did Johnny Weissmuller win the 100-meter-free-style swimming event in the Olympics last summer and what was the time for the race?—G. R. F.

Yes, in 59 seconds, a new Olympic record.

Coast Athletes Team.

Four athletes from the far west gained places on the All-American college track and field team for 1924. They are Clarence Houser, University of Southern California, in the discus; Glenn Hanrauff, Stanford, shotput; Bill Neffrauff, California, javelin, and Morton Kaer, Southern California, in the pentathlon.

Japan exported goods worth \$80,000,000 last year, as compared with nothing when Admiral Perry first visited the island in 1853.

## SALEM MAN LOSES BOXING BOUT HERE

A technical knockout gave the decision in a boxing bout to "Slow" York of Eugene, who battled "Spike" Crossan of Salem at the armory Saturday night. The fight lasted five out of the ten rounds scheduled. After his eyes had been closed and a head cut sustained, Crossan threw his towel into the ring.

The first was staged by Jack O'Neil, local boxing promoter.

Larry Boyd of Eugene won a close decision from George Hennings of Canons, Wash., in the other 10 round main go. Two preliminaries ended in a draw, while in the other Bill Briggs won a decision from Charles McCallum. The draw bouts were between Ed Hathaway and Harold Davis, Jack Royal and Pat Marbury.

## Sport Tips

SINCE Jack Dempsey won the world's heavyweight championship in 1919 by defeating Jess Wil-

son in three rounds at Toledo, the "Club" mauler has been in but five battles.

In 1920 he knocked Billy Miske in three rounds and Bill Ryan in 12 and the following year sold Georges Carpentier into disarray in four sessions.

Turning Gilhouse stayed 15 rounds with Dempsey in July, 1921, and a couple of months later lost Virgo, the South American system, boxed less than two rounds. In 1922 and 1924 the champion didn't engage in a single encounter.

## COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent cold lead to serious lung trouble. You can stop them now with Creosolium, an emulsified creosote that is pleasant to take. Creosolium is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creosolium contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creosolium is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist, Creosolium Co., Atlanta, Ga. (Adv.)
