SENATE CHIDES DAWES

Reforestation Bill is Vetoed

POWER ASKED FOR BOARD IS STICKING POINT

Taxation Authority Would Be Misplaced, Declares State Executive

Doubt Expressed as to Constitutionality of Manner of Appointment

SALEM, Ore., March 5.—(AP)—Objection to the power which would be given the state board of forestry under the act, Governor Pierce yesterday vetoed the reforestation bill on which State Forester Elliott and other members of the state board of forestry worked for months prior to the convening of the recent legislature. The governor's main objection is to the power of taxation which would be given the board. A board, he says, is neither put into office by the electorate nor by any other governmental agency, and he points out that under the measure it might be possible for a majority of the board to be controlled by non-residents of the state and at the same time exercise the power of taxation under the act. The governor expresses doubt as to the constitutionality of the manner in which the board of forestry is appointed and suggests that it should be tested out in court.

Objects to Contract. The governor also objects strongly to the 60 year contract provision in the measure. "This bill provides a method of taxation on deforested lands and timber not yet of merchantable size," (Continued on page six)

Frank B. Kellogg

FRANK B. KELLOGG BECOMES HEAD OF STATE DEPARTMENT

WASHINGTON, March 5.—Frank B. Kellogg was sworn in today as secretary of state succeeding Charles E. Hughes, who has held the post the last four years. The oath was administered at the state department at 9:30 a. m. by Associate Justice Pierce Butler of the supreme court, who like Mr. Kellogg is a Minnesotan. Some two score departmental officials, members of the Minnesota delegation to congress and visitors to Washington from Minnesota, were in the diplomatic reception room at the state department to witness the inauguration.

An informal reception during which Mr. and Mrs. Kellogg mingled with the little group of invited guests followed, after which the secretary was escorted to the big desk in the office of the secretary of state to begin his duties.

Within fifteen minutes after Mr. Kellogg had taken the helm which had been held by Secretary Hughes, through four of the most eventful years in American diplomatic history, Mr. Hughes had left the state department to complete his preparations for sailing Saturday for Bermuda, where he expects to spend several months before resuming his practice of law in New York. He seemed elated at his release from official cares when he left the big building. Plunging into his new duties, Secretary Kellogg's first appointment was for a conference with President Coolidge with whom he will now work in guiding the nation's foreign policies.

Home Entered and Watch is Missing

Reports were made to the sheriff's office today of the burglary of the home of William Wesche, resident of the Swissbome district. The owner reported that on his return yesterday to his home after a visit at Eugene he found that the place had been entered. He states that a Hamilton watch and chain, a clock and a key to a safety deposit box in the United States national bank were missing. A report was also made to the sheriff today by Lester Thornton that some time yesterday afternoon between noon and 5 o'clock his Ford touring car, license number 74-259, had been stolen.

TRIBUNAL PROPOSED CONSTANTINOPLE, March 4.—Ismet Pasha, the new Turkish premier, addressing a meeting of the people's party yesterday, said it was proposed to send into the rebellious area of Kurdistan a "people's party tribunal of independence," with summary power of life and death.

J. F. MYERS IS OUSTED FROM JOB BY BOARD

Motion is Made by Thomas Kay, who Termed Post Mere "Pension"

Other Matters are Taken up At Session of Board Of Control

SALEM, Ore., March 5.—The state board of control today voted unanimously to discontinue the services of J. F. Myers as field representative of the adult school for the blind in Portland, for which he now receives a salary of \$200 a month. The motion provided that any future employment of Mr. Myers at the institution shall be through the superintendent with his salary fixed by the state board. The motion was made by State Treasurer Kay, and Governor Pierce then informed Secretary of State Kozler that it was up to him, whether the motion would be introduced. Kozler said he wasn't ready to act on the question, and Kay reminded him that prior to the legislature, when Kay made a similar motion Kozler wanted to defer action until after the session. When the motion was fully explained, however, that Myers might be further employed in another capacity.

WILLIAM JARDINE TAKES FARM POST

WASHINGTON, March 5.—William Jardine of Kansas today became secretary of agriculture succeeding Howard M. Gore, who retired yesterday to take up his duties as governor of West Virginia. The new secretary took the oath at the agricultural department before members of the Kansas delegation in congress and bureau chiefs of the department. Then he held an informal reception in the secretary's office. The oath was administered after the new secretary had conferred at length with President Coolidge. It was indicated that a new assistant secretary also would be named soon and the name of C. W. Creel, director of agricultural extension of the University of Nevada, was mentioned prominently.

Thought Stimulator Is Provided in new Offer of Dictionary

There is no denying the fact that mental alertness should be cultivated by every one of us. The psychologists prescribe various methods for stimulating the thinking apparatus, but none they now say is quite the equal of the popular crossword puzzles. It is reported that some of the psychology departments of the leading universities have adopted these "puzzling squares" for making mental tests. They measure the intelligence of their students by the degree of accuracy and speed which they display in crossword puzzle solving. But as alert as they may be, eventually the crossword workers must go to the dictionary—the court of last resort—which in itself also helps quick thinking. Especially is the New Universities dictionary a brain stimulator. For with its many supplementary dictionaries, along with its enlarged vocabulary, interest in word building will be intensified, and the crossword puzzle will find added pleasure in the pursuit. The dictionary coupon printed elsewhere in this issue will show you how to come into immediate possession of this new volume.

MR. COOLIDGE AGAIN TAKES UP HIS WORK

No Indication of Change in Regular Program Given By President

Cabinet Vacancies are Filled With Exception of Attorney General

WASHINGTON, March 5.—(AP)—Having pledged himself anew to the service of the nation in an inaugural ceremony of almost unprecedented simplicity, President Coolidge took up today the four-year burden placed upon his shoulders by the people with no indication that he might change his simple program of "doing the day's work." Mr. Dawes Silent Vice-president Dawes, inducted into that office yesterday shortly before the president's inauguration, faced his second day as presiding officer of the special session of the new senate, meanwhile, with the startling effects of his precedent breaking inaugural address still fresh in the minds of the members. Some sided with him in his attack on senate rules, which permit one man to tie up legislation with a filibuster; some frankly and vigorously didn't; and a few were neutral. With the induction into office today of Frank B. Kellogg of Minnesota, as secretary of state, succeeding Charles E. Hughes, and William M. Jardine of Kansas, as secretary of agriculture, to take the place vacated by Howard M. Gore to become governor of West Virginia, the president's cabinet still lacks one member, an attorney general.

Abbreviated Skirt And red Ears are Latest in France

NEW YORK, March 5.—Skirts above the knee, curled eyelashes and red ears are the latest Paris modes, New York has just been informed. Some of the passengers returning on the Olympic yesterday had on skirts reaching only to their knees. Mrs. Bartram Parker, European fashion editor of a New York publication, a passenger, was asked if these were fair samples of the Parisian designers' latest. "What, those skirts?" she asked. "Why, they're way down to the knees. In Paris they are above the knees." Miss Nina Boldin, speaking before the Master Hairdressers' association convention said the new Parisian makeup included reddened ears and nostrils, blue or grayed eyelids and curled eyelashes.

Successor to General Mitchell to be Named

BRIGADIER GENERAL WILLIAM MITCHELL

It is generally conceded that Brigadier General Mitchell will not be recommended for re-appointment as assistant chief of the army air service. His friends are seeking to find him another place in the air service.

FARM DRAINAGE TO BE DEMONSTRATED

Demonstrations of drainage will be given by F. E. Price, specialist in soils and drainage of the extension division at the Oregon Agricultural college, at the C. F. Hyde place near Pleasant Hill next Wednesday afternoon at 2 o'clock, according to arrangements that were completed today by O. S. Fletcher, county agricultural agent. Mr. Price supervised the installation of the drainage system at the Hyde farm in an effort to stop hillside seepage that was a serious problem there. Mr. Fletcher states: "The laying of the tiles and the ditch digging is now under way at the farm and this part of the work will be explained to all farmers interested who may have drainage problems on their own property. The county agent states."

U. of O. Orchestra To Offer Concerts

The university orchestra, directed by Rex Underwood, will appear in concert at Portland, St. Helens and Longview, Wash., according to arrangements being made this week. The organization, accompanied by the two glee clubs, who appear in Salem, Albany and Portland, will leave Eugene Monday, March 23. The orchestra is composed of 30 musicians, all of whom are experienced musicians. The repertory will range from "Hungarian Rhapsody No. 2" to several numbers from the "Chocolate Soldier" and other light operas. Dr. John Landsbury, dean of the school of music, will be the soloist for the concert.

TIME HONORED CUSTOMS ARE GIVEN BACKING

Vice-President Sits Calmly Through the Storm, his Face Inscrutable

Row Expected to Reach a More Acute Stage as Hours Pass on

WASHINGTON, March 5.—(AP)—After two senate sessions today had reverberated with echoes of the precedent-fracturing induction into office yesterday of Vice-President Dawes, it was agreed unanimously that whatever was done yesterday in disregard of senate rules should be considered—for this one time only—as legal and proper.

Mr. Dawes Silent The vice-president himself kept silent during most of the assault upon his method of speeding up senate business, but offered before the debate was over to readminister the oath of office, if the senate thought it necessary, to the new members whose induction into office he had interrupted in violation of senate traditions.

Republican leaders replied that such a step would be unnecessary, however, and accepted instead an unanimous consent agreement proposed earlier, putting the seat or senate approval on yesterday's proceedings.

Brigadier General Not to Be Recommended Again, is Opinion of His Supporters

WASHINGTON, March 5.—The list of those from which Secretary Weeks will recommend to President Coolidge a successor to Brigadier General William Mitchell, assistant chief of the army air service and a storm center of the aircraft controversy, has been reduced to three of five, and a final decision is probable late today. None of the men now under consideration ranks below the grade of lieutenant colonel.

LANE JERSEY CLUB PLANS ON MEETING

Committee who will handle the various phases of the Jersey jubilee to be held here under the direction of the Lane County Jersey Cattle club were selected at a meeting today. The meeting will be held at the L. D. Griggs ranch in the Willakenzie district. The exact date has not been selected as it is planned to have a state circuit of county-wide meetings in order that national and state flocks of the Jersey breeders clubs may visit each of the jubilees in turn. The following are the committee named today:

Prize committee—Ralph P. Laird, Howard Dunn, Fred Chambers. Exhibit committee—L. D. Griggs, Anson Thompson, George Platt, T. Q. Green, Roy Smith, C. W. Allen. Program committee—Mrs. H. L. Plank, Mrs. L. D. Griggs, George Gilmore. Dinner committee—Mrs. George Gilmore, Mrs. Ralph P. Laird, Mrs. C. W. Allen, Mrs. George Platt, Mrs. Anson Thompson, Mrs. Roy Smith, Mrs. O. S. Fletcher.

The vice-president himself, looked on during the session with an inscrutable countenance and declined to comment on it afterwards. They began at once. The clerk started to read the journal of yesterday's proceedings and Senator Curtis, the republican leader, asked, as is customary, that the reading be discontinued.

Noted Printer Coming-- John Henry Nash of San Francisco, noted printer who is to address the editors' conference at the university next week, will arrive in Eugene next Wednesday or Thursday, announces Dean Eric W. Allen. Mr. Nash, who is recognized the world over as an authority on beautiful printing, operates a small printing shop where he specializes in hand-set type designs. An invitation to all librarians, book-lovers and printers of the Willamette valley is extended by Dean Allen to hear Mr. Nash's talk. If necessary, he says, the address will be given in a larger hall to accommodate the crowd.

Many Books Loaned-- A total of 4963 books were passed over the loan desks at the Eugene Carnegie library during the month of February, reports Mrs. Adelaide Lilley, librarian. Of this number 4001 were borrowed by adult readers, and 961 by children. Because February had a shorter number of days, the figure represents a decided decrease from that of January, when more than 6000 books were circulated. With the coming of sunshiny days, the library activities are expected to fall off, according to Mrs. Lilley. Fiction continues to be the most popular class of reading, 3177 books of fiction being loaned last month to 824 of non-fiction. The largest daily circulation in February was 362 and the smallest 113. The reading room Sunday afternoons during the month was occupied by a total of 352 persons, and 275 books were repaired.

Girl is Missing-- Lost or hidden somewhere in Eugene or Lane county is a pretty, red-haired girl, Bessie Estelle, 17 years old, 5 feet tall and weighing 90 pounds. Word was received by W. G. Judkins, chief of police, from Portland police today, asking him to watch for a girl of this description, as she may be in this city. Bessie has reddish golden, curly hair and wears it bobbed, the description says, and her eyes are grey. She wore a black pleated skirt, light blue short-sleeved sweater, long grey coat lined with blue, black hat, faced with blue. She has been missing from her home at 357 Madison street, Portland, for several days. Anyone seeing or knowing of a girl answering this description is asked to get in touch with Chief of Police Judkins.

Members of the Central Willamette Medical society of Lane, Linn, Benton and Lincoln counties will meet this evening at a meeting and banquet to be held at the Osburn hotel. Dr. J. C. Elliott of Portland will speak on "Skin Clinics." Dr. R. S. Bosworth of Corvallis will lead the discussion to follow. Dr. L. T. Nelson of Portland will speak on "Principals of the diagnosis and treatment of diabetes. Word has been received that delegations are expected from each of the counties represented in the organization.
