THIRD AND LAST GAME OF SERIES WILL BE TONIGHT

University of Oregon and Oregon Agricultural college will meet in the third and deciding basketball game at Salem tonight, starting at 7:30 o'clock for the championship of the northern section of the Pacific coast conference. The Aggies won the first game at Eugene, Thursday, 15 to 12, and Oregon the second at Corvallis Saturday, 23 to 21.

Should Oregon win, it would then play California, champion of the southern section of the conference, in a three game series for the conference championship, the first game to be at the armory Thursday afternoon. The second game probably would be on the Multnomah club court in Portland, Friday, and if a third should be necessary it would be on the Oregon Aggie floor.

If the Aggies win they will play California on their own floor Thursday, Friday and Saturday. The Corvallis school has the best gym in the northwest, and it can seat a crowd of nearly 4000.

Rooters to Leave.

The Oregon rooters special will leave Eugene at 4:20 o'clock this afternoon for Salem from the Oregon Electric station, arriving about 45 minutes before the game. It will start back for Eugene at 9:15 tonight.

The Oregon basketeers left on the 10 o'clock train this morning for Salem. Fourteen players made the trip, including Gowans, Hobson, F. Reinhart, Stoddard, Carter, Okerberg, Hughes, Anderson, Gillenwaters, Westergren, Jost, Llewellyn, Chiles and Gunther.

The Webfooters won Saturday's game by a sensational spurt in the last 10 minutes. Overcoming a seven-point lead, they forged to the front, 21 to 19, only to be tied a moment later. Just before the game ended, Hobson dropped a "cripple" giving Oregon a victory.

Red Ridings Leads.

Red Ridings of the Aggies is leading in scoring in the series with 19 points. Gowans and Okerberg of Oregon with 10 points are tied for second place. Hobson of Oregon has nine points and Stoddard of the Aggies eight. Scores:

Oregon Aggies—	Goals	Fouls	Total

Outlook for Coast League Good, Says Harry A. Williams

LOS ANGELES, March 9.—A prosperous season, with indications that the attendance will surpass that of the record-breaking year of 1924 is predicted for the coming season of the Pacific Coast Baseball league by Harry A. Williams, president of the circuit.

"The league is embarking on a season full of possibilities," said Williams. "Last year the league played to 2,236,519 paid admissions, which was a gain over the preceeding year of 480,981. Last year's attendance almost equalled the combined population of the eight cities comprising the circuit. Yet, it is probable that the 1925 attendance will shatter the 1924 record.

"Baseball continues to be the country's leading sport. Although much pessimism has been penned pertaining to its future, baseball not only has held its own in public interest but has tremendously increased that interest."

ONE of the greatest exhibitions of field-goal kicking in football was staged by Walter Eckersall, University of Chicago star, back in 1905.

• • •

Chicago was playing Illinois on the day in question. And Eckersall booted five kicks between the uprights, all drop-kick affairs. A year later he duplicated the feat against Nebraska. Charley Brickley, one-time Harvard brilliant, equaled Eckersall's performance in a game with Yale in 1913. Brickley made one goal from placement and four via drop-kick.

• • •

Robertson of Purdue, holds the record, however. Against Rose Poly, in 1900, Robertson drove seven placement kicks across the bars. Eckersall's feat of booting five on two occasions in important games rates above the others, though.

Browns Will Have Better Pitchers

ST. LOUIS, March 9.—After a week's review at the Brown camp at Tarpon Springs, Fla., Manager George Sisler says he feels certain the St. Louis Browns will get better pitching both starting and relief, in 1925 than they got in 1924, when a little fighter twirling might have kept the club in the race to the close of the season.

Moundsmen also head the training limelight among the Cardinals at Stockton, Cal., Manager Branch Rickey having experienced some difficulty in finding a hurler who could place the ball near the plate during exhibition games Saturday and Sunday. None of the pitchers made a brilliant showing.

White Sox Given Snappy Workout

CHICAGO, March 9.—One of the snappiest workouts ever staged by a White Sox team was on the program for today at the camp at Shreveport, La., with Baseball Commissioner K. M. Landis as a spectator.

Two more casualties have hit the Cubs' camp at Catalina Island, Cal. Bobby Barrett was struck in the mouth by a ball on a bad bounce, and Percy Jones received a sprained hand in a collision with another player. Only one practice session was on the card for today.

EUGENE HIGH TO PLAY FOR TITLE

Eugene high school will play in Salem this week-end for the basketball champion of Oregon.

By defeating Corvallis high in the armory Saturday afternoon, the local hoopers won the right to enter the state elimination tournament that begins Friday and lasts three days, and in which championship winners of the various districts will compete. Franklin high of Portland, Salem and Pendleton high schools are sure of participating, having won their district honors. Medford is leading its section but has not won definitely. A representative from the lower Columbia will also enter the tourney.

Eugene high school does not know who will referee the Salem contests, but the players hope it will be Glenn Gregg, who refereed the game here Saturday. Gregg, who is a Salem man, has shown himself to be one of the fairest officials of the season in prep conference games, and is making a reputation similar to that of "Coley" Coleman.

A referee who can give each team a square deal is a real "find" according to Coach "Spike" Leslie, who says the Salem man not only is a good sportsman, but knows basketball from beginning to end.

WHAT'S the matter with Gene Sarazen?

When the former caddy won the United States open at Skokie in 1922 he treated golfdom to one of its greatest upsets. Many of the experts regarded the happening in the nature of a fluke.

A little later, Sarazen gave the lie to such a belief when he won the Professional Golfers' association title at Oakmont, a feat without parallel in American golf.

It was then freely predicted that Sarazen would continue to be a prominent figure in the golfing world for years to come. He had the game, youth and the will to win.

Sarazen followed these two victories with a defeat of the great Walter Hagen, British open champion, in a 72-hole match for the unofficial world title.

• • •

Regarded first as one of the mistakes that occasionally happen in golf championships, in less than a year he had the experts referring to him as the wonder golfer.

• • •

For years Walter Hagen has been regarded the last word in the golf game. Here was a young man, a golf upstart, beating Hagen after coming from behind.

However, Walter Hagen is still the outstanding figure in golf, while Sarazen is now just the run-of-the-mine. In less than a year Gene lost most of his quickly won prestige.

Why this sudden slump upon the part of a champion?

In all probability it was too much success in so short a time. When Sarazen was a consistent winner on the links he was known as a plodder. He was at his game from morning until night.

It is doubtful if ever a player, through the medium of constant practice, tried as hard as Sarazen to keep at the top of his game. Then after repeated successes there came a lull in the practice periods.

With the lull there came a decided falling off in Sarazen's play. For two years Sarazen, touted as the wonder golfer, has been just an ordinary player except in spots.

Jack Dempsey, according to law, has fifteen days in which to reply to the ultimatus of the New York state athletic commission. The edict of Friday gave him 24 hours, which the commission now admits must have been a mistake. Jack Kearns' reply that the champion is willing to meet Harry Wills when the boxing moguls of New York state make a few minancial guarantees appears to leave the situation about as it was before any definite action was taken. The work will have to be done all over again.

Wills' previous challenge had been accepted, Kearns related, yet nothing came of it. The question has been put directly and the commission may take further action at its meeting tomorrow.

HOLES IN ONE ARE MADE BY GOLFERS

Luke Goodrich, formerly of the First National bank of Eugene, now an officer of the Anglo-London-Paris National bank of San Francisco, joined the "hole in one" club of the Eugene Golf and Country club Sunday, when he negotiated the 90-yard seventh hole in a beautifully played mashie pitch from the tee. The shot was made in the second round of the 18-hole match in which Mr. Goodrich and L. B. Sigwert were paired against E. D. Paine of Portland and Ray O'Donnell of this city.

Notwithstanding the low ball of one on the seventh hole, Mr. Goodrich and Mr. Sigwert were defeated one up.

Later in the day, M. W. Starbuck emulated the feat of Mr. Goodrich, and made a hole in one at the same hole.

The Eugene "hole in one" club now has four members, Tod Gardner, W. A. Hummell, L. L. Goodrich and M. W. Starbuck.

Zachary may Hurl Opening Contest

WASHINGTON, March 9.—Tom Zachary, the reliable southpaw of the Senators who tamed the Giants in the last world series, looks like the choice of Manager Harris to start the opening battle at Palm Beach, Fla., tomorrow of the exhibition series between the two clubs, according to word from the champion's training camp at Tampa.

President Griffith smoothed out another uncertainty in his pitching force yesterday, when he came to terms for a one-year contract with Vean Gregg, the veteran who was purchased after the close of last season from Seattle.

Hood River Takes Mid-State Title

BEND, Ore., March 9.—Hood River high school won the right to represent central Oregon and the mid-Columbia districts in the state basketball tournament in Salem, by defeating Bend Saturday night. The score was 26 to 19.

Madras won the consolation game with Sisters by a score of 26 to 21.

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE IS a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that craved for attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: **Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.**

Drink Water If Kidneys Bother

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, making you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

What's back of this shift in cigarette popularity?

Is it only a desire for change?

Is it a matter of price?

Or is it all a question of taste?

No—mere desire for change will not explain why so many thousands of smokers all over the country are changing from other cigarettes to Chesterfield.

It's something more fundamental.

No—price does not account for this sweeping turn-about in cigarette popularity, for Chesterfield is sold at the popular price—it costs the same as any of the other largest selling brands.

Yes—that's the answer. It is *taste* and taste *alone* that explains Chesterfield's sweeping gains. And *taste* is a matter of tobacco quality.

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.
