

CULBRANSEN

The Registering Piano

The Registering Piano

The Culbransen Registering Piano of today is the world's latest achievement in musical instruments. It stands absolutely alone in the artistic results it produces and the ease with which they are obtained. It is played by music roll and pedals, as are other instruments of its type, but there the similarity ends.

The Culbransen registers one's exact "touch" on each note. It can be played with all the feeling, the life, the delicacy of the very finest piano music ever listened to. Because these are facts, we are insistent that the Culbransen be not confused with other instruments of the same type. We challenge investigation of it as an Easy-to-Play Registering Piano that registers your exact touch, that registers your time, that registers your expression.

T. B. Seal Sale
May Pay Salary
Of County Nurse

Renewed interest in the effort to obtain a county nurse and social worker for Lane county was taken this week when Mrs. E. H. Decker, who handled the sale of tuberculosis seals in Eugene this year, stated that she was making an effort to have some of the money paid by the city to the seal fund for the last few years returned in the form of salary for the proposed nurse.

Mrs. Decker volunteered to handle the seal sale this year, she said, provided she could assure her customers that some of the money paid in would be directly returned to Eugene. Under her plan, the Tuberculosis Seal association would pay the salary of the county nurse until January 1, 1926, after which the county would cooperate in paying the salary.

Need for a county nurse is

growing daily, according to Miss Grace Norton, Red Cross secretary. Such a nurse should also be a social worker, she says, in order to co-ordinate charity and other work.

Parent-Teacher Meeting Changed

Changes have been made in the date of the meeting of the Parent-Teacher association of the Frances Willard high school and the meeting will be held Thursday afternoon at 3:30 o'clock instead of Friday, according to announcement today.

A demonstration of the work of the manual training and the sewing departments of the school will be held under the direction of Mrs. Joseph Enright, instructor in sewing, and L. A. Wright, manual training instructor. The girls of the eighth grade classes will wear the dresses that they have made during class work, it is announced.

Y. M. C. A. Budget Campaign Pushed

Plans for the pushing of the campaign to complete the budget for the Eugene Y. M. C. A. were made at a meeting of the board of directors held today at noon at the Osburn hotel. The financial goal is still short \$440 and this sum will be raised at once, according to the decision of the directors. It is expected that within the next week that the total will be reached, according to Frank Eberhart, secretary.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bite—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.
