Only the Gulbransen Registers "Touch"

A piano, played by music-roll-and-pedals, that positively *registers personal "touch!"*

Which means—a piano all folks can play as skillfully, with all the *expression* and *feeling* possible to the best hand-playing!

This is the latest and most amazing development in the art of piano-making—a new-day musical instrument indeed—the Gulbransen *Registering* Piano.

Registering your "touch." This is the thing about the Gulbransen that has so stirred the imagination of the music-hungry public—that has awakened, too, the interest of many capable pianists in the artistic possibilities of the Registering Piano.

the estimates on the job as made by the county engineer's office. With the bridge equipment and crews of the county it is believed that the span can be erected at less expense, according to members of the county court. It is expected that work on the bridge will be under way in the near future.

Joker to Be Fined—

Judge George A. Gilmore, police judge, expects to "pour the acid" on one traffic law violator when he is arrested and brought to justice. The offender who has invoked the judge's wrath is a practical joker of the meanest kind. He played his little joke on R. D. Stahl of Portland, a traveling salesman, and Mr. Stahl reported to Judge Gilmore. Here is what happened: Mr. Stahl had parked his automobile on Willamette street for not more than 35 minutes, and when he went to get in it he found a traffic tag on his machine, accusing him of parking more than one hour. Producing proof that he had not violated the city ordinance, Mr. Stahl brought the tag to Judge Gilmore. The judge soon discovered that the tag had been "forged," that is, the license number and other items except the initials of Captain John Macey, who had attached the tag to some other car—probably that of the practical joker. Chief of Police Judkins has authorized any police officer discovering any motorist changing a traffic tag to bring the miscreant into court at once. Judge Gilmore has promised to do the rest.

Meeting Is Thursday—

The Washington school Parent-Teacher association will meet Thursday afternoon at 3 o'clock. Mrs. Campbell will give a talk on nutritious clinic, and Mrs. M. S. Ady, advisory matron of the police department, will give a discussion of her work. The orchestra of the school is to give the musical program for the afternoon, and the mothers of the fifth grade will be hostesses for the session.

Masquerade Tonight—

Members of the American Legion and their ladies will take part in a big masquerade ball tonight at the chamber of commerce, it is announced. No one will be admitted unless masked, the committee states. Masks will be removed toward the latter part of the dance, when W. N. Winfier, chairman of the committee, makes the announcement. All legionnaires are invited.

Here from Western Lane—

Jack Bester, of the firm of Vaughn and Bester who are logging in western Lane on Adsall creek, was a business visitor here today. The firm is cutting between 50,000 and 60,000 feet a day and the logs are being rafted down to the former Vaughn-Bester mill near Cushman which is now operated by the Stevens-Farris company.

Administratrix Is Named—

REFUNDING BONDS MAY BE SOLUTION

(Continued from page one)

appropriation residual balance not expended $107,436.88.

From this last figure should be deducted expenditures that are not offset by appropriations of $119.70, leaving a balance of $107,071.18.

No Alarm Felt.

There is no need to feel greatly alarmed over this first report, said Mayor E. B. Parks today. The deficits in some of the departments will be picked up and reduced in the coming months when expenditures are less. The street department, for example, bought a large supply of gravel and a carload of asphalt which brought its deficit to such a large amount.

"This report does indicate, however, that every department will be overdrawn at the end of the present year," said Mayor Parks, "unless some way is found to take care of the difference between receipts and expenditures. The most satisfactory way is to take up the outstanding warrants with refunding bonds, which will necessitate an election; or to vote a millage tax. The bonds, however, are not entered under the 6 per cent tax limitation, but interest on the warrants is. The satisfactory solution, then, would be to turn the deficit into bonds as soon as possible."

Insurance Policies Of Roy DeAutremont Declared Cancelled

ROSEBURG, Ore., March 18.—Judge J. W. Hamilton late yesterday handed down a decision in favor of the Guardian Life Insurance company, in a suit to cancel insurance policies of Roy A. DeAutremont, one of the brothers sought in connection with the holdup of a Southern Pacific train and the murder of four members of the crew at Siskiyou.

DeAutremont, prior to the crime with which he is charged, took out five insurance policies which the company brought suit to cancel. Miss Dorothy M. Wiberg, formerly of this city, now of Albany, was made beneficiary in two of the policies to the amount of $3,000. The insurance company settled with Miss Wiberg for $750 and as DeAutremont failed to answer the summons served by publication, his case went by default, and the policies were cancelled, as requested by the company.

FACTS ON PEDDLER TOLD FOR DEALERS

"The Peddler" will be the topic of an address by H. W. Schnell of Seattle at a meeting of the members of the Lane County Credit association to be held tomorrow evening at the Osburn hotel. Mr. Schnell arrived here today.

Mr. Schnell who was one of the interesting speakers at the recent annual state meeting of retail merchants held here will give further details of his stand against the peddler system of distribution of merchandise, he states.

"What is to be done to overcome the advertising which is coming out in the magazines where the conveyor advertises that he can sell a $50 suit for $23.75," Mr. Schnell said. "He does not do it, and what is to be done to educate the people that it is not the truth. If you want to overcome this, don't go out as I have seen some do with an ad in the paper pleading for support because you live here," the visitor tells the dealers. "I think the kind of propaganda that they are using is the kind you should use. So many of these peddlers who come to the house are found to be frauds. Get the actual facts into the paper and educate the people of the evils. To pass a law will help regulate—but if you want to get real action, you want to get some sort of an education system going to educate the public."

Burns Prove Fatal To Oakridge Girl

Playing with matches caused the death of Betty Swindall, 4-year-old daughter of Mr. and Mrs. F. C. Swindall of Oakridge. The little girl passed away at the Pacific Christian hospital last night.

The girl's dress caught afire from the matches with which she was playing, it was reported, causing burns that proved fatal. She was brought to Eugene, where every effort was made to save her life, but to no avail.

The body is at the Veatch chapel, and funeral announcements will be made later.

No Help No Cost

Watch a gland extract purify your blood

There is now a treatment for all results of impure blood that is guaranteed.

It is based on gland secretions applied to the liver gland. The greatest results in modern medicine have come through treating glands.

For the liver we use ox gall, from the liver of an ox. And to many it means priceless help they never might get without it.

What Poison Does

Most people think that torpid liver causes only constipation. That is a great mistake.

The liver supplies bile—a quart a day. That bile checks intestinal germs. When it is scant, the germs may multiply by millions.

Those germs feed the blood, through intestinal ducts, a constant stream of poison. At first the result shows in bad complexions, in falling hair, in pimples.

But heart and kidney troubles are very apt to follow. Also high blood pressure and premature old age. There are millions of people who could gain priceless help if the liver were made active.

See What the New Way Does

Learn what the new way does—the modern way of helping glands with glands. The results are prompt. In a few days you may realize that this new-day help is everything you need. You do yourself a vast injustice if you do not learn its powers.

But get real ox gall—that is essential. It comes in tablets called Dioxol, which your druggist can supply. Each contains ten drops of purified ox gall.

Remember that name—Dioxol. Get a box today, and see how quickly your troubles are relieved. It may mean much to you, perhaps priceless benefits. Learn what modern methods do.

Guarantee—Anyone not satisfied with results from the first box of Dioxol may return the empty box to the makers and receive his money back—Adv.

Transient Killed By Train at Salem

SALEM, Ore., March 18.—Swan Martin, a transient about 60 years old, was killed by Southern Pacific passenger train No. 53, near 12th and State streets here about 2 o'clock this morning. He was "riding the blinds" on the train and is believed to have attempted to get off as the train pulled into Salem. Another transient, Grover S. Jernigan, was with Martin and is being held in the city jail at the request of Southern Pacific officials who wish to question him. It is understood there is no suspicion of foul play against Jernigan.

According to a statement signed by Jernigan, he and Martin boarded the train at Oregon City.

Friend Saves Friend From Operation For Kidney Trouble

Alvita Restores Health

Worried for three years by thoughts of an operation, R. G. Frazer, 954 So. Grand Ave., Pasadena, Calif., takes advice of a friend and regains his health by use of Alvita. Here is Mr. Frazer's own story:

"For the past three years I had serious thoughts of an operation, due to a serious case of kidney and prostatic trouble. In talking to a friend regarding this trouble he suggested I try Alvita, assuring me if it did me no good it would surely do me no harm, as it was purely vegetable compound. I used to suffer great pain, getting up four or five times each night, and I want to tell you I am entirely relieved after taking one month's treatment of Alvita. Do you know it has even helped my appetite."

Alvita is prepared in highly concentrated tablet form from the deep-rooted alfalfa plant, which by scientific analysis is rich in lime, iron and phosphates. Unlike drugs, Alvita is a vegetable remedy, which has proved especially beneficial in building up weakened, run-down conditions, and in overcoming kidney, bladder and prostate trouble. No matter what you have tried, try this remedy of nature now. A dollar buys a box at any drug store.
