

### SCHOOL TEACHERS ARE CHOSEN FOR EUGENE SCHOOLS

Reappointment of all teachers now serving in the Eugene public schools, and election of six new teachers who will at present be unassigned, was voted last night at a meeting of the school board. This does not end the board's activities in employing instructors, however, as several more must be added when the two junior high schools are ready for occupancy.

Charles Turner was retained as superintendent of construction on the two new buildings, the board decided. The library fund coming to the district this year will be allocated between the new schools. Teachers and pupils will be given a vacation April 10, which is Good Friday, and April 12, Easter Monday it was announced.

The newly-elected teachers, who are not teaching at the present time are Kathryn Brockman, Gladys Holland, Josephine Kirtley, Inez Townsend, Mrs. Joyce Atkinson and Mrs. Netta Kroas Pennington.

Teachers reappointed are as follows:

### County Span Over Row River Talked

Expectations are that a span of about 120 feet will be needed for the big new river bridge across the Coast Fork, according to Clinton Hurd, county commissioner. It was believed that a span of 135 feet would be necessary but this is to be cut down, according to present incomplete estimates, the commissioner states. The site of the proposed bridge was inspected by the county court yesterday. The excavation for the new Curran bridge has been completed and gravel is now being hauled in preparation for the placing of the concrete piers, the commissioner reports. Baker, an investigation of law enforcement.

### SOCIETY AND CLUBS

By MARIAN LOWRY

Of chief interest of this evening's meeting will be that of the Ladies' auxiliary of the Eugene chamber of commerce. The meeting will be held at seven thirty in the chamber of commerce rooms. An interesting program will be given, and cards will be played. Mrs. Lawson G. Bradley heads the committee of hostesses for the evening.

The regular monthly meeting of the College Crest Community club will be held Thursday evening at the club-house, at eight o'clock. After the business sessions, the pupils of the College Crest school, under the supervision of Miss Laura McIntyre, will give the program for the evening. A luncheon will be served at the conclusion of the program.

### RED CROSS TO AID IN STRICKEN AREA

(Continued from page one)

Dr. MacVey said that the Carbondale relief organization was living from "hand to mouth," with the problem of feeding 4000 homeless for weeks and providing shelter for hundreds of mouths.

The total deaths in the five states of the storm area today stood at 827, with the addition of 13 to the Murphysboro total and one at McLeansboro. Thirteen Murphysboro negroes killed by the storm and buried there were not included in the count.

### BUSINESS CONCERN REPORT INCREASES

Reports of R. G. Dun, mercantile company, for Oregon show that in Lane county the number of firms reported on by the firm since 1920 has increased from 647 to 785. In Eugene the list of business firms and manufacturing plants has increased from 305 to 399 in the four-year period from 1920 to 1924.

The total for Oregon shows an increase of 3000 firms listed, according to the Dun report which is now being sent out to the chambers of commerce of the state and other business firms.

Lane county is third in the state with total number of business firms. Multnomah has 8401 listed and Marion county shows 1034.

### NEED OF STREET BONDS IS TOLD

(Continued from page one)

paved streets. These 206 intersections have been paid for by the people at large. Our streets are being paved very fast and every time a street is paved when no paved street crosses it, intersections have to be paved. These intersections cost on the average of about \$600.

**Need is Stressed**  
"After having done, with money voted by people who did not have paved streets, it is no more than fair to these people that we now pave their intersections. In other words it would not be fair to the owners of property abutting streets that are to be improved now or in the future, to assess the one-quarter block for their intersections after they have helped pay for the intersections already paved.

"You will find on the April ballot a bond issue for \$20,000 intersection fund. This bond has already been voted by you, but we are asking for a second vote to make it legal as it was passed last May which was a nominating election and it should have been passed at a called election. This money has already been used.

"The \$20,000 issue is a new issue and will have to be carried if we have any more streets. Without this issue we cannot pave another street which paving of intersections are involved. It should be borne in mind that such bond issues are not sold until the money is required. Graveled or macadam streets are not practical and a great many of our older streets are worn out and the drainage is destroyed and it is impossible to improve these streets in any other way than by paving. Our city charter does not allow us to repair these streets out of the general funds and if any extensive repairs were to be made to these streets the cost would have to be assessed to the abutting property.

**Appeal is Made.**  
"Don't fail to vote for the inter-

section bonds. It means continued necessary improvements; prosperity for our city, better drainage and a more prosperous looking city. Don't stop a good work that is well along. If you own property on a street that has already been paved remember the other fellow that helped pay for your intersections and now help him pay for his. We are holding on paying "waiting your decision" is the direct appeal of the city councilman to the voters of Eugene.

There are petitions in for 52 1/2 blocks of paving, calling for 33 intersections; contracts let for 33 1/2 blocks. Petitions are now in asking that the following streets be paved: Fairmount boulevard; Villard street; Agate street; University street 22nd to 24th avenues; Charnelton street, 23rd avenue East; Madison street; 3rd avenue; High street; South Columbia street; Washington street, 11th to 19th avenues. Besides there are several more contemplated improvements.

A campaign to raise an endowment fund of \$17,500,000 has been started by the University of Chicago.

### Farm Union Board To Hold Meetings

Members of the good roads committee of the Lane County Farmers' union will meet at the office of O. S. Fletcher, Lane county agriculture agent, in the basement of the courthouse Saturday forenoon, March 28. The meeting is called for 10 a. m., according to the notices being sent out by F. C. Fuhrer of Cottage Grove, secretary. The committee will discuss several matters pertaining to proposed road improvement in Lane that have been taken up by various of the county locals of the union.

### Relieved of Kidney Trouble After Taking Alvita

Mrs. Jennie F. Bonson, 1084 E. Alder street, Portland, Ore., who had suffered for years from severe kidney trouble and inflammation of the bladder, gives thanks to Alvita Tablets for her recovery.

"I have had a lot of trouble for years with inflammation of the bladder, but since taking Alvita have not had any sign of it. My kidneys have always given me trouble every winter during the wet weather, but this year I have not had any bad spells and very little trouble of any kind that way. My stomach has been one of my main troubles all my life, but I can eat almost anything I want to now and it never distresses me since I am using Alvita Tablets. They are certainly a wonderful remedy."

Alvita Tablets are scientifically prepared from the wonderful alfalfa plant, which through its long root absorbs the vital elements—lime, iron and phosphates—necessary to health and vigor. Alvita has proved especially beneficial in building up weakened, run-down conditions, and in overcoming kidney, bladder and prostate trouble. No matter what you have tried, try this remedy of Nature now. A dollar buys a box at any drug store.
