

PATRIOT'S DAY IS TO BE OBSERVED BY ALL CHURCHES

SALEM, Ore., March 25.—All churches in Oregon are called upon, in a proclamation issued by Governor Pierce today to observe on Sunday, April 19, and all schools and civic organizations on Monday, April 20, the 150th anniversary of the battle of Lexington and Concord. "Patriot's Day" will be the official name of the day. The proclamation does not make the anniversary a legal holiday. The text of the proclamation follows: "The 19th day of April, 1925, will be the one hundred and fiftieth anniversary of the battle of Lexington and Concord, the first real battle in the first war in the history of mankind where the issue was human rights. The American revolution established a new era in human affairs. For eight long weary years, the war that commenced at Lexington continued, between the greatest nation on earth and the brave, though badly organized, American colonies. When the fates gave their final decree to the stars and stripes at Yorktown, a new nation came forth in the affairs of the world, built on the rock of individual rights of men. The American revolution freed not only America from the oppression of the privileged few, but reacting upon Europe and the world has finally broken the despotic power of every monarchy on the earth. "The story of Lexington and Concord must never be forgotten, and it is both fitting and proper that appropriate ceremonies be held in every church in our state on Sunday, the 19th day of April and in every school in Oregon on Monday, the 20th of April, 1925."

To Darken Hair Apply Sage Tea

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair, the color being removed. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. Yet just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxurious.
