Members of the Eugene Golf and Country club are greatly interested in the announcement that a benefit dance is to be given next Monday evening April 6, at the club house at eight-thirty o'clock. The affair is being sponsored by the grounds beautification committee for the purpose of securing funds to make more extensive improvements of the grounds about the building.

As the first dance and social affair to be given at the country club since the opening the event is expected to be attended by a large number of the club's membership. Mrs. W. E. An event long awaited by Eugeneans will be held this coming Saturday and Sunday when the music auditorium and pipe organ in the new building of the university school of music will be formally dedicated.

While Eugene is ever responsive to cooperation with the university and always keenly interested in its life and many activities, the music department has been through many years, perhaps, even more closely associated with the city and its interests. Many of the earlier music graduates are Eugene residents, and have always aided and encouraged the progress of the department. Students and instructors of the music school are always enthusiastically welcomed in the many program appearances they make in Eugene each year. INEVITABLY with the definite arrival of each of the seasons there comes that week or so of time when, almost automatically, social duties and social honors disperse, and other interests form in line for inspection and activity. The past week has been such a time. What those other interests have been would make a list as varied as the subjects of a book of fables.

Crissling the hundreds of students who left last weekend for vacation, a large number of town folk left for various places. The Rotary convention in Portland at the first of the week was attended by many Eugeneans, but throughout the week others went on their regular jaunt to Portland, and other places of individual interests.

Some went for a day or so, some for a week or two. Some went for a rest, some went on business, some went to "just be going." But the general departure seemed to be the regularly required social recreation that always aids in getting a fresh start for a new whirl of gaieties which then proceed in merry-go-round manner until comes the rumour of the new season and its pre-lull.

April is coming with several functions, some of which are already announced, and others which are rumored to be as unexpected and surprising as the proverbial April showers themselves.

Gossip from the clubs brings word of some important affairs. The Monday Book club members are absorbed in plans for their annual guest day which is to be an event of April 13 at the home of Mrs. W. W. Calkins. Shakespeare club is sponsoring a Shakespeare party April 23 at the home of Mrs. Carl G. Washburne, and the affair will be one of the larger social functions of the year for the organization. A number of the social clubs have gatherings scheduled for the coming week.

The university begins its spring term Monday, and from the first week the campus social calendar lists great numbers of events that will make the few short weeks of the term the merriest and busiest for some time. The traditional senior leap-week will be the first week of school, and the senior women are unusually busy planning and making arrangements for the time. Of campus activities, perhaps, the one of greater interest to town and university folk will be the dedication ceremonies for the new auditorium in the music building which are to be given Saturday and Sunday.

On Friday evening will occur the benefit musicale and dance which is being sponsored by the Eugene branch of the American Federation of Art.

And so the new week and the new month with their many social gatherings, special club affairs, university events, and general town doings are going to greatly overshadow the distinctive quietness of March.

Mrs. W. G. Allen of Salem is visiting in Eugene as a guest at the home of Mr. and Mrs. F. H. Wetherbee.

Mr. and Mrs. Harold Cokerline of Corvallis have been spending the week in Eugene at the home of the former's parents, Mr. and Mrs. A. T. Cokerline.

The guests spent the time in sewing and chatting. Miss Clair Whitton and Miss Josephine Taylor and Donald Caswell gave a number of musical selections as a program for the afternoon.

Another interesting feature being planned is to have some of the articles of the Murray Warner Art museum on exhibition, mainly the later ones which Mrs. Warner recently brought back with her.

It has been announced that a lecture will be given on the articles on display.

The program for the musicale will be: Moevies Dance, Shepherd's Dance, Edw. Picnic Camp, Setting For the Assembly Club Dance

Haunts of the picnickers were invitingly arranged as the unique and very unusual setting for the Assembly club dance given Tuesday evening in the Sigma Nu house. Fir boughs in imitation of trees, with several campfires laid here and there and with various articles of camp equipment arranged around made a regular picnic ground. Forty or more couples attended the dance which was a delightfully informal one. Guests were started in the evening's program by the bugle call, and finished the dancing after tea, while the mess call announced the supper hour.
