MANY ASK DATA ON OPPORTUNITY HERE

Excellent results are anticipated from the campaign of publicity for Oregon that has been sponsored by the Portland chamber of commerce, according to word received at the Eugene chamber of commerce. More than 4700 inquiries have been received relative to agricultural opportunities in Oregon up to the end of March, according to a report received by the local chamber from the Portland organization. Many of these inquiries have been turned over to the Eugene chamber as this area fits the needs of many of those who desire information on the state.

Of the 4776 inquiries received during March, 1810 were represented in personal letters to the Land Settlement department 2780 originated from the rail lines cooperating in the $1,000,000 northwest advertising campaign, 107 were reported from the Los Angeles bureau of the chamber, 96 from the publicity department and 79 from all other sources.

School District Transfer Talked

Posting of notices that the matter of transferring part of school district number 9 to district number 13 at Goshen will be under way and this will come before the meeting of the boundary board in May as there is no meeting of that body scheduled for this month, according to announcement today. This proposed transfer of territory was postponed at the last boundary board meeting as there was some question of the proper posting of the notices of the proposed action. Only a small section of land, for the accommodation of one family, is included in the plan.

STATISTICS

BORN

SWALLEY—At the home, 1140 Jackson street, Tuesday, March 31, 1925, to Mr. and Mrs. James Swalley, a daughter, Rose Mary, weight 10 pounds.

OCKLIND—At Mercy hospital, Tuesday, March 31, 1925, to Mr. and Mrs. E. C. Ocklind of Walton, a son.

DEMAND "PHILLIPS" MILK OF MAGNESIA

Accept only genuine "Phillips," the original Milk of Magnesia prescribed by physicians for 50 years as an antacid, laxative, corrective.

* * *

Mrs. J. L. Heave will be hostess to members of Teacup club at her home Friday afternoon.

OREGON AUTO CLUB PRAISED FOR WORK

That the Oregon State Motor association stands high in accomplishments and has drawn considerable praise from the Automobile Association of America is evidenced by a report received from Ernest N. Smith, president of the A. A. A. by J. S. Magladry, director of the Oregon state association.

The A. A. A. official points out the following legislative successes during the recent session of the Oregon legislature:

An anti-speed trap law; increase in state traffic force and salary increases; a drastic drunken driver law; regulation of tourist camp grounds; regulating use of motor club emblems; defining of primary highways and slow down law; certificate of title law; bail law recognizing motor club cards; regulation of auto lights.

"This constitutes the greatest all-around accomplishment in the way of a definite legislative program that we have encountered this year. In a magnificent way this association has operated in the public interest," Mr. Smith said.

Stripped car is Found Near Goshen

With one wheel missing and the steering wheel and gear removed, the Ford touring car belonging to W. A. Blanten, 975 Alder street, was found on the Pacific highway south of Goshen this morning. The car was stolen here the night of March 29 and reported at the sheriff's office. Reports were received by the sheriff today that the car had been abandoned on the road. The owner was notified and he went out to bring the dismantled car into the city.

UMPQUA ROUTE TO BE IMPROVED

Improvement of a road through the Umpqua national forest that will provide a better route into the Bohemia mine area of Lane county will be under way this summer, according to announcement of the county court today. Arrangements have been made whereby the county will contribute about $3000 to match a similar sum of the forest service for the route, it is announced. Carl B. Neal of the Umpqua national forest service, who is here attending the forest rangers' meeting, conferred with the county court today on the road plans. The road will be of nine feet width and will have a grade of from five to ten per cent, it is announced. The route will be along Brice creek toward Champion.

Rush in Payment Of County Taxes Shows Increase

With only three more days in which to pay taxes for the first half of this year business is increasing fast at the office of the tax collection department of the sheriff's office. All tax returns mailed prior to midnight April 5 will be credited as being paid before the delinquency period although many of these coming in late will probably not be taken care of for some little time due to the last minute rush at the office, according to Sheriff Frank Taylor.

"There will be no extension of time for tax payments as the new state law giving an extra period of 30 days does not go into effect until the time for payment of the second half of the taxes in the fall," Sheriff Taylor states.

Infant Boy Passes At Parents' Home

Robert Wilson, 11 months old son of Dr. and Mrs. J. H. Gilbert, 1167 Twenty-second avenue east, died at the home of his parents today. The child is survived by his parents and one sister, Madelene, 11 years of age. The body will be shipped to Portland for cremation. The Veatch chapel has charge of the arrangements.

FRUIT GROWERS TO SOON OPEN SEASON

One to two cars of canned goods each day are being shipped out from the local plant of the Eugene Fruit Growers' association and the last of the 1924 pack is nearly reached, according to J. O. Holt, manager. All of the vegetable crop for the coming year has been practically sold and a big year's business is looked for at the plant here, Mr. Holt states. Work on the building of the new addition to the plant is progressing rapidly and the placing of the cement blocks for the walls has been started. A new boiler is being installed at the Junction City plant among other improvements, the manager reports. The latter part of May will be the starting time for the big increase in operations at the plant here, Mr. Holt said.

ORDERS FOR GUARD TRAVEL ARE READY

Travel orders for the national guard companies have been received by Major W. G. White for the annual state encampment to be held at Medford in June. The local companies which will comprise a contingent of about 150 officers and men will leave Eugene for the south at 10:30 p. m. June 11. Four sleepers will be provided for the local companies, Major White states.

It is expected that Major A. W. Cleary, United States army instructor for the 162nd infantry, will be here either this week or next to take up the recommendations for commissions for Virgil Wood and James Meek. Company drill is now held each Tuesday evening, the Monday drill period plan having been changed.

To Whiten Skin with Lemon

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to be used because it acts best immediately after it is prepared.

Prizewinners Are Listed In Contest

Mrs. Arthur Morris Wins Most Tickets in Race

Solution to the Heilig and Guard cross-word puzzle, printed in last Saturday's Guard.

Answers came in with a rush to the Heilig and Guard cross-word puzzle on the coming film "Greed," published last Saturday, and the final answer to win a prize was in the Guard office at 9:15 that evening. The first to solve the problem was Mrs. Arthur Morris, 1225 Mill street, who brought in her solution at 6:30. She will receive ten tickets for her speed. The second prize goes to Percy P. Adams, 1836 Alder, who had his answer in 10 minutes later. He will receive eight tickets.

The third prize winner, Frank Anderson, Hotel Hoffman, timed his prize-winning solution in at seven o'clock, thereby winning six tickets. The fourth prize of four tickets was taken by C. E. Gordon, 943 Washington street, and fifth prize of two tickets goes to a person whose name did not appear on the puzzle. The letter accompanying this was lost, so if the solver who turned the puzzle in at 8:20 Saturday will call at the Heilig, the two tickets will be delivered.

The next five to turn in answers, each of which will receive a double ticket, are C. M. O'Day, box 457; Crystal Scarbrough, general delivery; Hiram White, 1981 Moss street; Martha Roylance, 987 Fifth avenue west; and Mrs. E. F. Mack, also 387 Fifth avenue west.

The puzzle brought several hundred answers in, by mail, by messenger, and most of the prize winners were brought in by the solvers themselves.

The picture "Greed," one of the noted films of the season, around which the puzzle was built, starts tomorrow at the Heilig. It is a portrayal of Norris' noted novel "McTigue" and is as realistic as the book.

Builders' Exchange Will be Organized

Organization of a builders' exchange in Eugene was projected at a meeting of contractors and sub-contractors last night at the chamber of commerce. Tentative plans were laid and the organization will be carried on next Wednesday night at 8 o'clock, at the chamber.

A. L. Williamson was chosen temporary chairman at last night's meeting, and E. M. Drew, secretary.

The exchange will be modeled after the Portland exchange, it is stated, and membership will be limited to contractors, and sub-contractors, including builders, plumbers, electricians, masons, etc. To protect the public against fly-by-night contractors, elevate the standards of the building profession and effect closer harmony among builders were given as purposes of the association.

RUPTURE EXPERT
for
Men, Women and Children
COMING TO
EUGENE
on
MONDAY, APRIL 6
at
OSBURN HOTEL
from 9 A. M. to 5 P. M.
Evenings by Appointment
One Day Only
Return Visits Made Regularly
No Charge for Consultation

On above date the noted rupture appliance expert, C. F. Redlich, will prove to every ruptured person free of charge:

"That you can no more acquire an efficient and comfortable rupture appliance by mail than you can a set of teeth, as all those who, for years have been worrying along with the old fashioned, ill smelling elastic webb, or other poorly fitting trusses know to their sorrow. Their ruptures were small when they started with these makeshifts and now they are large and foten painful.

"An appliance, to be efficient and comfortable cannot be sent by mail or sold over the counter but has to be up to date, scientifically constructed and must be fitted to you by an expert in person.

"Only through this expert personal work will you be comfortable for years to come, can perform your work and eventually become normal again because people have different shapes and ruptures are hardly ever in the same condition and location."

Statistics show that 95 per cent of all children by wearing proper sanitary appliances get rid of their ruptures.

Those afflicted with naval or ventral ruptures after operation, or prolapsing stomachs will be much interested in his high grade up to date abdominal supporters for men and women, made to fit all sizes, shapes and purses.

The opportunity to find out your exact condition and be properly attended to is here right now—Do not miss it.

Tired and Achy This Spring?

DOES every day bring you throbbing backache and stabbing, rheumatic twinges? Are you lame and stiff; weak, nervous—all tired out?

Then look to your elimination! Active kidneys tend to keep the blood-stream clean and pure. Defective kidney action allows harmful waste matter to accumulate and poison blood and nerves. Constant backache is apt to follow, with rheumatic pains, stiffness, lameness and annoying kidney irregularities.

If your kidneys are inactive, help them with a tested diuretic. Use *Doan's Pills*. They are recommended the world over. *Ask your neighbor!*

Here is Eugene proof:

E. T. Stoutemyer, 293 Washington St., says: "When I notice any irritation through my kidneys or they don't just act right, I take a few Doan's Pills and they always put my kidneys in good order and make my back feel as strong as ever."

FOUR YEARS LATER, Mr. Stoutemyer said: "Doan's Pills always help me when my kidneys get out of fix."
