many birds and there will be plenty of action if they consume this high-powered preparation, it is predicted by the deputies.

Armless Man Shaves

Clare A. Lutes of New York, the "armless wonder," arrived in Eugene today, and entertained a reporter at his room in the Terminal hotel this morning by demonstrating how he shaves himself with his toes. He curled up in a chair, lathered his face, and used a Gillette safety razor on his beard with accurate strokes. Mr. Lutes has been playing in vaudeville for 31 years, and can work wonders with his feet. He sails a boat, eats, shoots guns, plays a trombone and snare drum and juggles carpenter tools. He lost his arms in a riding accident when he was nine years old. In his room the performer writes letters with a typewriter. The machine is placed on a low stool, and he sits on a high chair and works the keys with the paper, places it in an envelope and seals it. His act will be an attraction at the Heilig tonight.

Rent Increase Looms

When the cruel and heartless landlord, the city of Eugene through action of the council, raised the rent on the offices occupied by the Eugene district school board in the city hall, whereby there may be some retaliation. The use of the schools is allowed the city as polling places during election and one of these special events is booked for April 15 and it will probably be necessary to ask for this the use of the building again. Light, heat and other accommodations have in the past been allowed the city by the school board and no charge made. No protest has been made by the school board over the rent increase of the offices but the extra amount may be charged against the city and in that way even matters had make a complete wreck of the economy program of the city council.

AFTER HER BABY CAME

Mrs. Hollister Unable To Do Her Work for Six Months

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

MRS. HENRY HOLLISTER, Wyandotte, Michigan.—"After my baby was born I did not do my own work for six months and could hardly take care of my own baby. I always had a pain in my right side and it was so bad I was getting round shoulders. I would feel well one day and then feel so bad for three or four days that I would be in bed. One Sunday my mother came to see how I was, and she said a friend told her to tell me to try Lydia E. Pinkham's Vegetable Compound. So the next day I got a bottle and before it was half taken I

got relief. After I was well again I went to the doctor and he asked me how I was getting along. I told him I was taking Lydia E. Pinkham's Vegetable Compound, and he said it did not hurt any one to take it. I am always recommending the Vegetable Compound to others and I always have a bottle of it on hand."—Mrs. HENRY HOLLISTER, R. F. D. No. 1, Box 7, Wyandotte, Michigan.

Another Woman's Case St. Paul, Minnesota.—"I have a little girl three years old and ever since her birth I have suffered with my back as if it were breaking in two, and bearing-down pains all the time. I also had dizzy spells. I had read several letters of women in the newspapers, and the druggist recommended Lydia E. Pinkham's Vegetable Compound to my husband for me. As a result of taking it my back has stopped aching and the awful bearing-down feeling is gone. I feel stronger and do all of my housework and tend to my little girl. I have also taken Lydia E. Pinkham's Liver Pills for constipation. I have recommended these medicines to some of my friends and you may use this letter as a testimonial if you wish. I will be pleased to answer letters of other women if I can help them by telling them what this medicine has done for me."—Mrs. PRICE, 147 West Summit Avenue, St. Paul, Minnesota.
