### Carnival Show at Pageant Opposed

Whether a carnival attraction will be held here during the children's pageant to be held by the Lane county school districts Saturday May 9, will depend on the action of the city council in granting a license. A representative of a carnival show (talked the proposition over with E. J. Moore, county superintendent of schools. Mr. Moore stated that he had no authority as to granting any concessions for the pageant but declared that he was opposed to having a carnival here at that time. "I believe that such an attraction would somewhat detract from the spirit of the pageant which is sponsored as a community event especially for the children and should not be made a period for outside shows to come here," Mr. Moore said.

Mrs. Lee Suffered From All These Troubles, but Lydia E. Pinkham's Vegetable Compound Made Her Well

Terre Haute, Indiana. — "I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time and dizzy, had no appetite and could not sleep. I tried different medicines for a year but they did not help me. Then my husband saw the ad. for Lydia E. Pinkham's Vegetable Compound and had me take it. I regained my strength and never felt better in my life. It completely restored me to health. I had practically no suffering when my baby boy was born and he is very strong and healthy. I know that the Vegetable Compound is the best medicine a woman can take before and after child birth for health and strength. I would be willing to answer letters from women asking about the Vegetable Compound." — Mrs. Wm. J. Lee, Route E, Box 648, Terre Haute, Indiana.
