

### WOMEN FROM ALL PARTS OF NATION WILL MEET HERE

Delegates from all universities and colleges west of the Appalachian mountains will be on the University of Oregon campus, April 15, 16, 17, and 18, to attend the second biennial convention of the Women's Self Government association, known on the Oregon campus as the "Woman's League."

Delegates will be present from Mills college, Montana State college, University of Arizona, University of California, University of Colorado, University of Idaho, University of Montana, University of Nevada, University of Washington, University of Wyoming, Washington State college, DePauw university, Grinnell, Iowa State college, Michigan Agricultural college, Northwestern university, Ohio State college, University of Illinois, University of Kansas, University of Kentucky, University of Michigan, University of Minnesota, University of Missouri, University of Nebraska, University of Oklahoma, University of South Dakota, and University of Wisconsin.

Among the arrangements being completed for the entertainment of the guests, is an all day trip to Nimrod in on the Wednesday which will give the girls from Arizona, California and the east, a glimpse of the Oregon out-of-doors. The Eugene chamber of commerce will provide cars for the party.

A banquet and dance to be given in the Woman's building is planned for the evening of April 17. Luncheon and sight-seeing tours will complete the schedule of entertainment for the week.

Among the topics on the tentative business program of the convention are: Honor societies, vocational guidance, scholarship standards, housing problems on the dormitory-less campus, various phases of the relation of the Woman's League to the campus, simplification of extra-curricular activities, and Pan-Hellenic questions.

Heads of the committees working on convention details are: Correspondence, Alberta McMonies, Pendleton; reception, Marie Myers, Medford; transportation, Louise Inabnit, Bend; hostesses, Vivian Harper, Paisley; dinner arrangements, Maude Schroeder, Hood; correspondence, Maurine Buchanan, Astoria; Mary Jane Hathaway of Gladstone and Winifred Graham of North Bend are directing the convention.

### PLANS FOR GUTTER INSTALLATION PENDING

Plans and specifications for the installation of concrete gutters on Willamette street from Fifth avenue to Thirteenth avenues are soon to be completed under the direction of Harry Devereaux, city engineer, and these will be submitted to the city council in the very near future, according to announcement today of Mayor E. R. Parks. Definite action on this improvement for Willamette street will be taken by the council in the near future, the plan having recently come before that body, the mayor states.

It is expected that one block at a time will be completed and that during the time of operations that cars will be allowed to park outside the gutter strip which is being laid. The concrete will have to set for at least 30 days and it will be protected by planking but this will not interfere to a very great extent with automobile traffic or parking, the mayor said.

### CLEAN-UP WEEK OF EUGENE HAMPERED

Owing to a lack of available funds for the purpose there will be no official annual spring "clean-up" week in Eugene this year, according to Geo. W. Monroe, chairman of the street committee of the council, who has made this report to Mayor Parks. The annual period in the spring when all residents are urged to clean up their premises and place the trash and rubbish on the curb to be carted away by the city costs from \$300 to \$500 and this amount is not available this spring, it is announced.

Although the municipality is unable to take a part in the clean-up plan, announced for the near future, Mr. Monroe urges that all citizens clean up their places as usual and lend their efforts to making the city spick and span. The trash can be hauled away at slight expense to each resident and there are a sufficient number of men engaged in this work with wagons to take care of the needs of the city, it is pointed out.

### Lane Mining Field Plan is Under way

Prospects for considerable development in the Bohemia mining area are evident judging by word received in Southern Lane, according to Fred Williams, resident of the Bohemia district, who was a visitor here today. The Bartels, owners of the Evening Star property, will soon start summer development work, and John R. Smith, who has a new prospect in that area, plans to install a small stamp mill in the near future. Although there is still considerable snow in the Bohemia district it has cleared from the road as far as the Vesuvius mine property, Mr. Williams states. Several other prospects are said to be slated for development during the summer, it is reported.

### SOCIETY AND CLUBS

Today as Good Friday has few social events arranged, and practically no club gatherings, as most of the Friday clubs have postponed meetings until the coming two weeks. The larger affair of the day was the sewing party for which Mrs. Guy Pyle, Mrs. Vern Sobert, and Mrs. Wayne Green were hostesses at the home of Mrs. Sobert. Several especially arranged musical affairs are to be given this evening, two of the larger events being the presentations of the cantata, "The Seven Last Words of Christ." Both the University of Oregon choir and the choir of St. Mary's Roman Catholic church are giving this event this evening. The university choir's program will be given in the Methodist church.

Miss Mary Lee Sullivan left this morning for Oregon, Oregon, to spend the Easter holidays with her parents. She will return Monday evening.

Miss Lucille Hight is spending the week-end in Forest Grove at her home there.

An interesting meeting of yesterday afternoon was that of the W. R. C. Needle club. About sixty-five or

more members, veterans, and friends attended the meeting. Following the business sessions a most enjoyable social time was had. Easter colors and favors made attractive decorations, rabbits, baskets, and bowls of spring daisies being used in pleasing combinations. As General U. S. Grant's birthday anniversary occurs in April, members of the club had an appropriate program observing the day, several talks being given about the Civil war general. Mrs. Millie Keister and Mrs. Lena Fisher as joint hostesses presided in the dining room which was prettily decorated for the afternoon. Assisting hostesses were Mrs. Marie Franswa, Mrs. Susan Knapp, Miss Louise McIntyre, Mrs. Esther McClintock, Mrs. McNeal, Mrs. Jennie Kenney, Mrs. Anna Butterfield, Mrs. Burt, Mrs. Agnes Smith, Mrs. Bray.

The first division of the Ladies' Aid society of the Methodist Episcopal church is to conduct a rummage sale in the Hampton building instead of the third division as previously announced.

The 300 club is to be entertained Monday evening at the Royal S. Smith home, 1027 Ninth avenue west.

### UNIVERSITY CHOIR TO GIVE CANTATA

"The Seven Last Words of Christ" by Theodore Dubuis, will be given tonight in the auditorium of the Methodist Episcopal church starting at 7:30, by the University choir, under the direction of John Stark Evans. The cantata is being presented in observance of Good Friday and townspeople as well as University students are invited to attend.

"The Seven Last Words" is without a doubt one of the most worthwhile things in the realm of music. It has a dramatic quality unlike anything else, which is especially exemplified in the famous "Vah" chorus. The whole cantata is awe-inspiring and many tense moments are the result of the unusually brilliant chorus work.

Woven around the entire theme are many beautiful solos and duets. Madame Rose Metreux, soprano, sings with exceptional feeling and finished diction which makes the dramatic significance of the cantata even greater. Richard Adam, tenor, and Aubrey Furry, baritone, also do some excellent solo work.

"The Seven Last Words" is being given this year at the request of many who have heard it in previous years. However, it has become a yearly tradition to give it on Good Friday just as the "St. Cecilia Mass" is presented at Christmas. The University choir is composed of the men's and women's glee clubs.

### Vernon A. Williams Dies in Los Angeles

Vernon A. Williams, 39, veteran of the world war and youngest son of Colonel and Mrs. J. M. Williams of Eugene, died in Los Angeles yesterday, it was announced in a telegram received by Colonel Williams. The cause of the young man's death was not revealed.

Mr. Williams has been employed in Los Angeles for the last two months. He was born and reared in Eugene, and besides his parents, leaves a widow, Mrs. V. A. Williams in Everett Washington, and a son. He is also survived by two brothers, Dr. Benjamin Williams of the University of Pittsburgh, Pa., and William G. Williams, of Everett, Washington.

Colonel Williams has telegraphed to have the body sent to Eugene for burial.

### COUNCIL TO PASS ON CITY PLANNING

Eugene's city council will be asked to pass on the need for a city planning committee at its next meeting Monday night, according to a resolution passed last night at a public meeting of citizens at the Y. M. C. A., after a discussion of more than two hours.

An ordinance, drawn by S. M. Callkins, city attorney, will be submitted to the council. The meeting was presided over by Mordell Hair, acting president of the Eugene Federation of Women's clubs, which sponsored the gathering.

Among the speakers at the meeting were W. R. H. Wilcox, professor of architecture at the University of Oregon, former member of the Seattle commission, Frank L. Chambers, president of the chamber of commerce; Carl G. Washburne, councilman; Mrs. J. Bishop Tingle, who talked of the Chicago plan; Dr. M. C. Nelson, president of the Y. M. C. A.; T. M. Lecrow, architect, formerly of Hutchinson, Kansas; Dr. F. G. Young, of the University of Oregon sociology department; C. I. Collins, of Bartle Court, and T. H. Garrett, realtor.

An explanation of the water bond measures on the April 15 ballot was given by C. A. McClain, superintendent of the water board, who urged support of the measures.

Following is the resolution: "Resolved, that it is the sense of this meeting that it is essential to the proper growth, development and welfare of this city, that its growth and development be so directed and guided as to result in a symmetrical whole, and that the welfare of the city demands a careful supervision to the end that the beauty of the city may not be impaired from preventable causes; and that a copy of this resolution be presented to the common council of the city with the request that an ordinance be drawn, passed and approved that shall bring this about, by the appointment and creation of the city planning commission, a tentative draft of which is attached hereto and made a part hereof."

Four Eugene men have been called for jury duty at the next term of the United States district court at Portland, according to announcement made by G. H. Marsh, clerk of the federal court. The Eugene jurors for the panel are O. R. Allingham, Simon Klovadahl and David Link. These members of the panel will report at the federal court next Tuesday. A total of 50 names were drawn for the panel, more than half of them being from Portland. The last United States court panel for Oregon drew five Lane county men.
