# GIANTS CLIMB TO TOP OF LIST IN NATIONAL LEAGUE

NEW YORK, April 21.—Profiting by enforced idleness, the New York Giants whose game with Brooklyn was called off on account of cold and rain, yesterday succeeded to the National league pacemaking post vacated by the Cincinnati Reds as a result of their defeat at the hands of the Pirates, 4 to 2.

Although the holiday put them on the peak with a half game margin, the Giants were dissatisfied. With four straight triumphs to their credit, the last game of the series today had been postponed out of the respect to the late Brooklyn club president, Charles H. Ebbets. Members of the Brooklyn team will attend Mr. Ebbet's funeral today.

Cleveland piled up its fifth straight victory and increased its margin over the Athletics to a full game, but 15 innings were required for the Indians to subdue the Detroit Tigers, 5 to 4. Ty Cobb made his first appearance of the season at the plate when he batted in the seventh for Pitcher Holloway. He received a pass.

Only two other games were played, Chicago and St. Louis teams of both leagues dividing honors. The White Sox rescued a slugfest by a two-run rally in the ninth against the Browns, 11 to 10, and the Cardinals were pitched to a 2 to 1 victory over the Cubs by Sothoron.

## Billy Evans Says—

DOES one outstanding star, who is constantly basking in the limelight, play havoc with the morale of a ball team or a football eleven?

It is a well-known fact that one individual, no matter how great, cannot achieve success unless he is ably supported from various angles.

The world's greatest pitcher cannot win consistently unless his team gets him some runs and by its work in the field helps defensively to keep the opposition in check.

Walter Johnson's career is a shining example of such a truth. Johnson, at the height of his career, was a member of just a so-so Washington club.

I feel it is conservative to say that had Johnson always been with a first-division club, a team having the strength of say the New York Giants or Yanks, his games won column would show at least 50 more victories.

• • •

One star dropped in a mediocre aggregation can flash many brilliant individual performances but he cannot make a winner out of such a combination.

• • •

Take a player like Ruth. He is a super-slugger doing his stuff in an era where batting is paramount.

Ever since he joined the New York Yankees Ruth has been in the headlines. On the Yanks are any number of other stars, yet their importance has been dwarfed by the deeds of Ruth and the prominence given them.

Switching to the gridiron for a moment, the case of "Red" Grange of Illinois is somewhat similar to the Ruth situation in baseball.

A Grange in football is just like a Ruth or Cobb in baseball, decided rarities. Grange, fleet of foot, the possessor of a hair-trigger brain and endowed with many natural football assets, has for two years hogged the limelight at Illinois.

Illinois has had other stars, sterling forwards, brilliant ends and capable players in the backfield, but like Ruth, the deeds of Grange have eliminated all others from serious consideration.

• • •

Athletes on the gridiron and diamond are just human. They contribute their bit to the success of their team, know it, hence resent oneman glory. Such a star makes the job of manager and coach all the more difficult.

## The Referee

HOW many times have Mickey Walker and Dave Shade fought and what were the results?—F. T. R.

They have met twice both times in 1921, one being a 12-round, no-decision affair, and the other going to Walker via a kayo in the eighth session.

• • •

Did Brookes and Patterson, the Australian stars, ever win the national doubles title in tennis?—W. A.

Yes, in 1919.

• • •

What was the highest Elmer Smith batted in the major leagues?—S. S. F.

Smith's best hitting mark was made in 1920, when he clouted .316.

## Big Baseball Stars

**Harry "Hank" Gowdy**

Born—Columbus, O., Aug. 24, 1890. Catcher, New York Giants.

Major League Career—Joined Giants in 1910, coming from Dallas club of the Texas League. Traded to Boston Braves following season with Bridwell for "Buck" Herzog. Sent to Buffalo, International league, on option in 1912. Back with Braves in 1914. Traded to Giants in 1923 with Pitcher Watson for Earl Smith and Jesse arnes. (Was the first major leaguer to enlist in the World War)

Outstanding Feats—Batted .545 in 1914 world series, the highest average for the classic to date. Hit .317 in 1922 and fielded in 1923.

**RELIEVES COUGH LIKE MAGIC**

"FOLEY'S HONEY & TAR COMPOUND is the only cough medicine that ever gave me relief. It works on a cough or cold like magic," writes Mr. George Forse, 3766 Bigelow Blvd., Chicago, Ill. Contains no opiates. Good for old and young. FOLEY'S HONEY & TAR COMPOUND is one of the largest selling cough medicines in the world. In demand over fifty years. Insist upon FOLEY'S. Refuse substitutes.

Smoke Ball Artist Is Coach

Joe Wood

Back in 1912 Joe Wood was making baseball history as a member of the Red Sox pitching staff. His smoke ball was his big asset. Here's how he looks today as coach of the Yale University diamond aspirants. Joe, by the way, hopes to turn out a winning nine this season, the material being the best in a long while, according to reports.

# LEAGUE WILL HAVE SCHEDULE SESSION

Schedules for the Twilight baseball league for the coming season which is expected will be opened May 12 will be taken up at a meeting of the team representatives to be held tomorrow night, according to "Pop" Phares, league president. Only five teams are organized for the league and the question of the sixth team will also be discussed at the league meeting, is the announcement. A representative of Company C of the national guard will be present to talk over the application of the guardsmen for a place in the organization. Although the guard team will be away at the annual camp for two weeks in June and will be unable to meet the requirements of the schedule here it is pointed out that it can be arranged that these games can be played before and after the camp dates. The guardsmen report that they will have a strong team on the diamond this summer and believe that they deserve a place in the Twilight league.

## Tonic For Golfers

(As Prescribed by Cyril Walker)

ONE of the things that seems to bother many golfers is to determine how far apart they should keep their feet when driving and playing long iron shots.

There is no set rule that can be followed. For the average-sized man 14 or 15 inches generally is about the proper distance. For a midiron shot the feet might be a little closer.

The best way to tell what your stance should be is to see that your feet are correctly set so that at the top of the back swing there is a nice sense of balance from side to side, and yet that they do not in any way interfere with the pivoting of the body at the hips.

I suggest that exhaustive experiments be made by players who must answer that question for themselves, starting with the feet close together and and gradually widening the span until the correct distance is discovered.

## Tax Returns are Given to Sheriff

With the turning over to the county treasurer today of $157,000 in tax returns a total of $366,135 has been turned over by Sheriff Frank E. Taylor on the returns for the first half this year. The amount turned over today has not been segregated yet to the various funds. There are still many tax returns at the office that have not yet been compiled and the receipts sent out to the property owners. Only about one-half of the total have been completed, according to Llowd Howe, deputy sheriff in charge of the collections.

**Hubbard Showing Well.**

Dehart Hubbard, star colored athlete at Michigan, has developed into a sprinter of the first magnitude. Within the past couple of weeks he has tied two world indoor records over the short sprints. By virtue of his sensational work he is expected to bring the Maize and Blue quite a few points in the dashes when the outdoor meets get under way besides garnering his usual five markers in the broad jump.

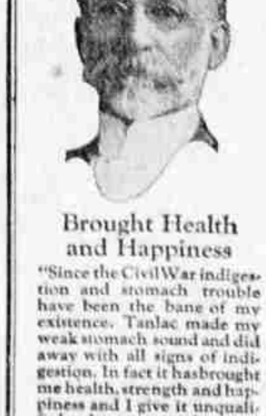
We want you to make this test

WE want every weak, puny, fagged-out man and woman in America to make this test: buy one bottle of Tanlac at your druggist's, take it according to directions for one week and see how quickly you get started back to full strength and vigor.

We know what we are talking about. Tanlac has helped millions. In our files are more than 100,000 letters of praise from grateful users.

Don't confuse Tanlac with ordinary patent nostrums. It is Nature's own tonic and builder, compounded from roots, barks and herbs that we gather at great expense from the four corners of the earth.

Tanlac goes straight to the seat of your troble; cleanses and purifies the blood stream; puts your digestion in proper shape. First thing you know you have an appetite like a starved child. You rest at night and your whole body begins to feel the stir of strength and energy.



Brought Health and Happiness

"Since the Civil War indigestion and stomach trouble have been the bane of my existence. Tanlac made my weak stomach sound and did away with all signs of indigestion. In fact it has brought me health, strength and happiness and I give it unqualified endorsement and praise."

Hon. A. P. Tarbox, 217 W. 23rd St., University Place, Neb.

Don't you be discouraged. Don't put off testing Tanlac another day. Get a bottle now and in a week you should notice signs of real improvement.

# BUTTER VALUES REPORTED EASIER

## Inclination is Toward Accumulation; Jobbers Offer Increased Lots

PORTLAND, Ore., April 21.—Butter is inclined to accumulate in the local market especially country creamery stock, and values are easier. While there is no surplus make reported by Portland creameries, the increased offerings of cube stock by jobbers, together with the limited shipping outlet, caused quotations to decline a half cent to 2c on the dairy exchange.

Extra cubes are now quoted at 41c, standards at 40½c; prime firsts at 39½c and firsts at 39c.

The decline in cube values will have no effect on print prices unless it continues on the lower trend. Prints are moving out steady at the 43c level and no change is contemplated in the near future, according to local butter makers.

Eggs are steady and generally unchanged. Receipts good but find a ready outlet. On the exchange current receipts are posted a half cent higher at 26½c. All other grades unchanged.

## Portland Architect Loses School Suit

SALEM, Ore., April 21.—Joseph Jacobberger, Portland architect, fails to receive a judgment of $2382 from the Portland school board by an opinion of the supreme court today in the case of Jacobberger against the school district, appellant. The opinion was written by Chief Justice McBride. It reverses Judge George Rossman of the lower court for Multnomah county and remands the case with instructions to interpose by the district.

Jacobberger was employed as architect for the Rose City park school and claimed a fee covering the north wing of the building.
