

DUNCAN DOUBLES BACK AS OFFICERS CONTINUE SEARCH

ROSEBURG, Ore., April 24.—Lee Duncan, who escaped from the county jail on Tuesday after slugging the jailer, doubled back into Roseburg last night, while officers were searching for him in the southern part of the county and according to officers here, the same machine shop which he is thought to have robbed earlier in the month, procured a hacksaw and then proceeded to the J. C. Penny store where he procured two suitcases, filled them with clothing and made his escape. Officers found the clothing in which he had escaped from the county jail and which he had discarded at the Penny store. Sheriff Starnes, who completely proves the identity of the person committing the robbery.

The robbery was performed in exactly the same manner as the four robberies with which Duncan is charged earlier in the month. The burglar lifted off the skylight, sawed off the barrel grate and slipped through to the floor of the store. He took three suits of clothes, a complete outfit of underwear, shirts, collars, ties, socks, caps and two pairs of shoes, and apparently stowed these articles in two suitcases. He stripped off his old clothes and put on a complete new outfit apparently. The clothing in which Duncan escaped from the jail the previous night from the Fisher ranch and a pair of pliers belonging to W. G. Paid, near whose home Duncan is alleged to have slept Wednesday night were found discarded in the store.

It is evident that the fugitive doubled back north Wednesday, came west over the hills from south Deer creek and slipped into town last night. All points along the railroad and highway are being notified today and descriptions of the stolen goods have been sent broadcast.

LIGHTS SEEK OUT PLANES OF FLEET

HONOLULU, April 24.—(AP)—Throughout last night, searchlights stabbed the tropical sky over the island of Oahu, searching for planes of the blue fleet which is attacking the island in the war game now being held in the Pacific. There is a tense feeling of suspense evident everywhere among the defending black forces as the impending invasion of the island drew one day nearer.

Persistent rumors that the blue attacking forces have established an aircraft base on the island of Kauai, with which communication has been cut off, are evidently taken seriously by the defending black forces which kept the heavens illuminated throughout the night by searchlights, in an effort to prevent night bombing of the island's defenses by a possible air raid of the invaders.

For the first time in history, a major general commanding beleaguered garrison last night broadcast his precious position by radio to all America when Major General E. M. Lewis, commanding the Hawaiian department spoke over broadcasting station KGU. General Lewis told of his position and explained details of the war game but gave no details which might be of value to the attacking blues who were obviously listening.

Court Prohibits Picketing at Mill

WENATCHEE, Wash., April 24.—A restraining order issued by Judge W. O. Parr of superior court here was in force today, where the men who recently quit work on the Great Northern Lumber company's log drive will be prohibited from picketing on or near the premises of the company or in any way interfering with men now employed on the log drive.

Action was taken after a suit against the 37 strikers, alleged members of the Industrial Workers of the World, was filed by the lumber company asking \$5,000 damages from each of the industrialists. A hearing will be held May 6. The court order prohibits strikers from congregating on the premises of the lumber company or interfering with any of the employees by hissing, hooting, jeering or yelling "scab."

It Started Something

"I have not said anything to you, but have been saying to others and have induced many to take your medicine and be convinced. May's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation; also the bloating and indigestion." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.
