

PACIFIC HERE FOR TODAY'S STRUGGLE ON KINCAID FIELD

University of Oregon will open its baseball season this afternoon against Pacific university, on Kincaid field, starting at 4 o'clock. Three changes have been made in the baseball schedule within the last couple of days.

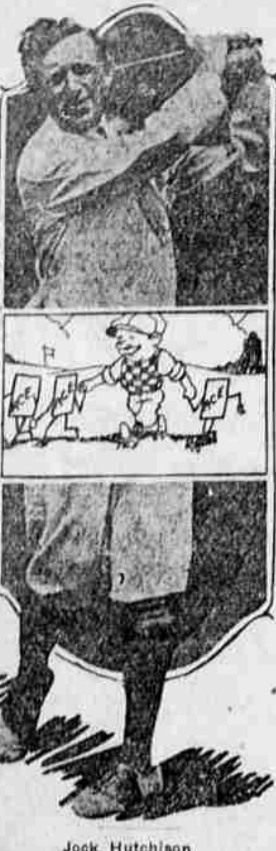

A game with Willamette university has been scheduled for Eugene, and will take place May 2. The game with Willamette at Salem has been moved from May 18 to May 12. The home contest with Oregon Agricultural college will be played at Eugene May 30 instead of May 29.

As the schedule now stands Oregon will play 13 games, seven at home and six away from home. The first six games Oregon plays are on the home lot. The Websters' first outside game being against Willamette at Salem May 12.

The locals will play their first conference game May 4 against Idaho at Eugene. Washington State will be met here May 6 and Washington here May 9. Oregon's revised schedule:

- April 29—Whitman at Eugene.
- May 2—Willamette at Eugene.
- May 4—Idaho at Eugene.
- May 6—Washington State at Eugene.
- May 9—Washington at Eugene.
- May 12—Willamette at Salem.
- May 16—Oregon Aggies at Corvallis.
- May 20—Washington at Seattle.
- May 21—Washington State at Pullman.
- May 22—Idaho at Moscow.
- May 23—Whitman at Walla Walla.
- May 30—Oregon Aggies at Eugene.

Aces Are Jock's Mascot Hutchison Partial to One-Spots

Jock Hutchison

STARS in sport are superstitious, professional golfers and ball players in particular.

Jock Hutchison, one of the most colorful golfers in the game, relates a series of interesting incidents which he feels played a part in the winning of the British open three years ago, and incidentally proves Jock is no exception to the theory of superstition.

Here is the way "Hutch" tells it: "When I left Chicago for New York my Pullman berth was No. 1. Arriving in New York and registering at a hotel, my room number was three, 111. Getting aboard the steamer for England I was assigned to cabin A 11.

"The aces that were being slipped me at every stop started to cause me some worry. I made up my mind they were going to be either a jinx or a mascot.

"When I played the eighth hole of the St. Andrews course I recall that the string of aces was a mascot. I made it in 1.

"At the finish I needed that ace hole to get a tie with Roger Wethered. I won the play-off and title.

"Ever since I have been partial to aces. Always like to have one in the hole."

Tonic For Golfers

(As Prescribed by Stewart Maiden)

"THE niblick is the only club that will take a ball from a half buried position in soft sand.

"The thing to do is to take a stance slightly behind the ball and aim at a point behind the ball, the wire lies the further back the aim.

"Sometimes it is necessary to aim as much as three inches behind the ball. A light grip on the club must be taken and every bit of strength put on the swing downward. The head must not be moved and the swing up and down must be upright and full.

"This is what is called the explosive shot. The attempt is not to hit the ball, but to create such a disturbance that the ball will be dislodged from its position in the sand. There isn't another like it in golf.

"The senator who serves as president pro tem of the Senate receives only a senator's salary."

ROW IS STARTED OVER RACE PRICE ASKED BY FINNS

CHICAGO, April 24.—A barrage of charges and counter charges has been unloosed on the heels of the declarations by officials of Drake university and the University of Chicago that exorbitant demands were made for the track appearance of Paavo Nurmi, Finnish running marvel and his fellow countryman, Willie Ritola.

It all started when Kenneth L. Wilson, director of athletics at Drake, asserted he had refused to pay \$500 expense money for Ritola to appear in connection with the Drake relay carnival at Des Moines tomorrow night that it had been hinted Nurmi's appearance could be arranged for a figure equal to transportation from New York to Des Moines and thence to Finland. The declaration was followed by a statement from officials of the University of Chicago that \$1000 had been requested as expenses for the Finnish runners to appear at the national track and field meet at Chicago in June.

Publication of Wilson's charges immediately brought a denial from Hugh Quist, Nurmi's manager, who declared in Los Angeles that he had met Wilson only once and that the expenses of the runners positively were not discussed.

Wilson countered by retortation his charges that Quist had demanded "an exorbitant sum for the appearance of his runner," and also asserts that he has discussed the matter of expenses for the trackmen with Quist on three different occasions.

Wilson said that Quist had "definitely set \$500 as the amount of expense money necessary for the appearance of Ritola." Regarding negotiations for the appearance of Nurmi, Wilson said that while it had been definitely decided that Nurmi could not appear because of conflicting dates, Quist declared during an interview in Chicago January 16 that Nurmi's appearance could be arranged in the extended transportation basis.

Quist said the financial end of Nurmi's track appearance had been handled through the New York office of the A. A. U. and that any complaints should be taken up with that organization.

Frederick Rubien, chairman of the national registration committee of the A. A. U. took cognizance of the affair by declaring at New York that if affidavits were filed with him supporting claims that Nurmi and Ritola had made exorbitant expense demands, he would see that an investigation was conducted at once.

KICKERS TOURNAMENT AT COUNTRY CLUB

A Kickers handicap tournament is scheduled for the week-end at the Eugene Country club. Any man or woman in the club is eligible to enter.

The tournament, which is a medal play eighteen-hole event, is unique in that each member chooses his own handicap. Before starting the match, each player indicates what handicap he thinks will be necessary to give him a par score.

The tournament schedule has been hindered this spring because of inclement weather. Last week-end a steady downpour made play in the Scotch foursome get acquainted tournament practically impossible.

"We hope to have a good turnout for the Kickers' tourney this week-end," said George Mettill yesterday. "It is the kind of a match that gives everyone a good time, and also frees the handicap committee from all responsibilities. With fair weather and a large entry list the tournament should be a big success."

Next week-end, May 2-3, the president's team will meet the vice-president's team in an eighteen-hole match play event. The losers will dine the winners at the club house the following Wednesday at 7 p. m. Following there will be a general discussion of club affairs.

Billy Evans Says

MIKE McNALLY of the Washington Americans is unique among major league ball players.

For 10 years Mike has stuck in the big show, yet during all that time he has never earned the rating of a regular.

Danone Fortune has been mighty kind to Mike. Despite the fact that he has done much bench warming, he has been fortunate enough to share in four world series.

However, a good substitute is a most valuable asset and Mike is entitled in form to be classes as the world's greatest sub.

At various times he has filled in at second, short and third when a regular was unable to start. Fiest of regular, he has few equals as a pinch-runner.

And Mike is particular about where he plays, having a particular fondness for world champions.

Gets Breaks.

He began his career in 1915 with the Boston Red Sox, that team besting Philadelphia for the world title that year.

The World war claimed McNally for a couple of seasons, then he rejoined Boston. The Red Sox had deteriorated badly in Mike's absence and it was fitting that he should be traded to New York.

While with the Yankees Mike cut in on three world series. His most valuable service to the Yanks was subbing for Home Run Baker in 1921 when the star third sacker was injured.

McNally played great ball and his fine work did much to aid the Yankees in winning the pennant.

WOOL TRADING IS DISAPPOINTMENT

Idaho Opening Sales Bring Low Prices; Only Two Clips Are Sold

PORTLAND, Ore., April 24.—Wool trading has been disappointing both growers and dealers so far this season. Much had been expected at the opening wool sales in Idaho yesterday, but they were light in volume and prices were lower than growers had anticipated.

Only two clips were sold and at prices ranging from 41 1/4 to 42 1/2 for fine grade wool. One clip totaling 900 pounds brought 41 1/4 and another clip amounting to 70,000 pounds in the pool were made outside of the pool, the largest being 100,000 pounds bought in by the Portland Woolen mills at a price average of 42. One lot of 10,000 pounds was purchased by the N. L. Holladay Wool company at 42c.

COMMERCIAL BULLETIN

BOSTON, April 24.—The Commercial Bulletin tomorrow will say: "Trading has been confined within very narrow limits and the tendency of prices has been steadily downward. Sales for the most part have been forced and prices have suffered in consequence. Quotations are exceedingly difficult to make. Nor does the goods market yet give any encouragement worthy of note to the situation.

"In the west some buying is reported in Idaho at 39 1/2c to 42c, including prices at Mountain Home for mixed clips. In Nevada 39c has been paid for fairly fine wool shipping 65 per cent in the bright wool states, several dealers have quit pricing 40c."

The Commercial Bulletin will publish the following wool quotations tomorrow:

Scoured basis: Oregon, eastern No. 1 staple \$1.30; fine and F. M. 1.20; valley No. 1 \$1.20 to \$1.25.

Main fair best combing 80c; best carding 70c to 75c.

JOHNNY JONES ON INELIGIBLE LIST

Portland was idle again yesterday, due to a wet field. While the Beavers and Oakland rested, news came that Johnny Jones, holdout shortstop of Portland, has automatically placed himself on the ineligible list of organized baseball by failing to report within ten days after the opening of the coast league season. Officials of other leagues have been notified of the ineligibility, and as a result Jones will be unable to sign with any club of organized baseball unless he is given a permit by Judge Landis.

While Portland was considering the Jones situation, Seattle took a game from Vernon, 2 to 0. Miljua hurried his first game for Seattle at home, and let the Tigers down with five hits. It was an errorless game.

San Francisco beat Sacramento, 19 to 5, while Salt Lake defeated Los Angeles, 4 to 3.

The West is the Mecca of men of vision,

THEY FELL in love with the West... can you blame them?

Akron tire engineers with records of success running back a quarter century, knew the future held much in the East.

Yet when the West won them, they gladly transferred their training, skill and resources to the Pacific Coast.

Today C-T-C tires bear testimony to this pioneer move! Thousands of motorists in nine Western states have discovered that C-T-C engineers have put something into these tires that makes them outrun others. Some call it "stamina", some "quality". Others declare that the very training and skill of the engineers is embodied in every tread and ply.

We shall be glad to give you expert information about your tires, and—if you need them—put on C-T-C's—either balloons, semi-balloons, heavy-duty cords or oversize cords!

STOP "NERVE" ATTACKS BEFORE HEALTH BREAKS

To many, neuritis is but a series of sharp, agonizing pains. Sometimes these pains are called neuralgia. Often they are known as rheumatism. Vaguely the sufferer knows that such pains are caused by a disordered condition of the nerves. But wise doctors shake their heads gravely over such symptoms. They know that these pains often herald the approach of very serious, and oftentimes fatal, results unless the cause of the trouble is removed and the pains stopped.

So serious is this condition of "nerves" that for years many of the world's leading scientists have devoted their time and thought to perfect a remedy for such cases. Heretofore no sure relief has resulted.

An eminent physician in San Francisco now comes forward with what has been proved a remarkable discovery. Taking as a basis the science of Homeopathy, endorsed by leading physicians and scientists all over the world, this physician has evolved a method of treatment for "nerves" that has met with amazing success in thousands of test cases and in scientific, clinical experiments.

This treatment is now available in the form of Eopa Neuritis Tablets. These tablets not only bring relief in cases of nerve pains, but they tone up the exhausted nerve cells, thereby revitalizing the entire nervous system. They are absolutely harmless and contain no narcotics, bromides or coal tar products. Your druggist will recommend them. Allen's Drug store will supply you. Mail orders filled.
