HINDENBURG ELECTED

Paul Von Hindenburg is Chosen President

FIELD MARSHAL DEFEATS MARX FOR PRESIDENT

Women of Germany Said to Have Been Responsible For Elector

Various Opinions Expressed On Outcome of Balloting For Leader

BERLIN, April 27.—(AP)—Field Marshal Von Hindenburg's "front porch" campaign, conducted from his home in Hanover has been successful, and next week he will be inducted into office as the first popularly elected president of Germany. The first president, the late Friedrich Ebert, was named by the national assembly immediately after the revolution which established the republic, but Von Hindenburg was chosen by direct vote of the people.

Field Marshal Paul Von Hindenburg

Veneration for Prussian Royal House and Love for Military Held by Marshal

BERLIN, April 27.—Veneration for the Prussian royal house, implicit faith in God, unbounded enthusiasm for the military profession and a consuming love for the fatherland—these are the characteristics of Field Marshal General Paul Von Hindenburg, elected president of the German republic as standard-bearer of the nationalist parties, as they are revealed in his autobiography, "Aus Meinem Leben," published in 1920, and of the autobiography, "Feldmarschall Von Hindenburg," written by his brother Bernhard and published in 1910.

One is taken back to the days when Germany still believed in the divine right of kings, when the profession of arms was the most sacred of callings, and when the German paraphrase of "My country, right or wrong," had not yet given place to the motto, "My country, when right to be kept right, when wrong to be set right."

COUNTY CLUBS ARE TO ATTEND COURSE

Plans are already under way among the boys and girls clubs of Lane county for the sending of delegations to attend the annual summer course to be held at the Oregon Agricultural college at Corvallis from June 15 to 29, according to Archibald Collier, county club leader. It will cost \$15 for each delegate, including board, room and tuition, and efforts to raise funds for the clubs here have been started. About a dozen boys have already signified their intention of attending the course this year, according to reports received from the state college. It is planned to have the Lane delegation make the trip to and from Corvallis in a motor caravan, the club leader announces.

SALEM, Ore., April 27.—Governor Pierce has received a requisition from the governor of Michigan for the extradition of Leonard Hall alias John Skinner, an escapee from the Michigan reformatory at Jonia, who is now under arrest at Klamath Falls. Hall was sent to the Michigan reformatory from Kalamazoo on a five-year sentence for assault with intent to rob.

SCHOOLS CLOSE AT SEVERAL DISTRICTS

Five more Lane county schools have completed their required eight months of school work and have been closed for the summer, according to reports received at the office of E. J. Moore, county superintendent of schools. During the next month it is expected that a large number of the schools in the rural districts will be finishing their classes as many report that all work is nearing completion for the year. The following schools are closed this week: District 172, upper Mahol, Marjiam Male, teacher. District 137, Berrydale, Edith Webster, teacher. District 95, Swainshome, Etta M. Bennett, teacher. District 165, Indian creek, Vida Beers, teacher. District 94, Fairview, Kenneth Horn, teacher. American Forest Week is Observed; Windows Show Exhibits; Speeches Made

"Prevent Forest Fires—It Pays." This motto appropos of American Forest week, which opened today, appeared on window cards displayed in the shop windows of most of the Eugene stores this morning. Special window exhibits, prepared by the Cascade national forest, also appeared in several of the stores. A cross section of a tree 450 years old was featured in one window. From the various rings in the wood of the tree ribbons were extended, showing the outstanding historical fact of the year in which that ring represented the outer layer of the tree. The first ring was estimated to be near 1492, when Columbus discovered America. The last was 1924—the first around-the-world flight by airplane. Another store carried enlarged photographs of beauty spots in the Cascade national forest, and a third displayed a relief map of the forest, in color. Tomorrow a reproduction of the

ROSEBURG AND MEDFORD FACE FIRE THREATS

Three Stores in Roseburg Damaged; Business District Threatened

Pumper Saves Business Section of Medford From Night Blaze

ROSEBURG, Ore., April 27.—Three stores in the north side of town were damaged by fire early this morning, which for a short time threatened considerable business and industrial property in that section of the city. The fire was discovered in the attic of a frame building occupied by a grocery store and the people residing in the apartment above the store, had a narrow escape, their regular means of exit being blocked by the flames, making it necessary for them to break down a door leading into the store room. A butcher shop and restaurant adjoining were both damaged. The firemen had a hard fight to prevent the fire from reaching a garage next door, which would have carried the fire into the farm bureau warehouse and a prune packing plant.

BLAZE AT MEDFORD

MEDFORD, Ore., April 27.—According to the Medford fire department a serious conflagration in the center of the business district was prevented last night by the new fire pumper recently purchased, which gave such increased water pressure that the flames were quickly extinguished. Fire broke out in the Scott second hand store at the corner of Front and Eighth street about eight o'clock when Chester Henderson, employed at the store, lighted a match and threw it on some oil-soaked rags. When the department arrived both this store and a storage house next door were in flames with an entire city block, including the Nash hotel threatened. The two frame buildings were gutted but no other damage was done. According to the owner, C. D. Moley, the loss on the buildings was about \$2,000, partly covered by insurance. The Scott loss on stock is estimated at about \$1,200.

MR. HANEY MAY BE REAPPOINTED ON SHIPPING BOARD

WASHINGTON, April 27.—Commissioner Haney of the shipping board, whose continuance as a board member has been a subject of speculation, conferred with President Coolidge today and gave the executive a detailed report of the negotiations for the sale of the president-type ships in the Pacific to the Dollar interests. Mr. Haney, who was a member of the majority favoring the sale, would retire in June unless reappointed for another term. He is from Oregon and under the law either he or some other democrat from a northwest state must be named. Reappointment of Mr. Haney has been urged by Senator McNary, Republican of Oregon, and there have been indications recently that President Coolidge would retain him on the board. Afterwards Mr. Haney said the president had "indicated a willingness, even a desire, to reappoint me." He added that "no conclusion was reached."

EXPLOSIVES SEIZED

SOFIA, Bulgaria, April 27.—(AP)—The authorities at Varva claim to have seized two hundred kilograms of explosives collected by conspirators, plotting to blow up the police headquarters, the town hall and other public buildings. It is stated that a document was seized proving that the Bulgarian communists responsible for the recent outrage were receiving money from Russia.

COMMUNISTS OPPOSED

TOKYO, April 27.—Lieutenant Colonel Cecil L'Estrange Malone, who has just returned from the Balkans, quotes Chief of Police Schoder of Vienna as declaring that all the police departments of Europe have agreed upon a general roundup of communists and the expulsion of suspected aliens within the next few days.

Workman is Buried Under Prune Slide At Roseburg Plant

ROSEBURG, Ore., April 27.—V. Vanbriesen, an employe at the California Packing corporation's prune packing plant in this city, was severely injured this morning, when he was crushed under a slide of dried prunes while at his regular work. The prunes were contained in a large bin and were piled up to a depth of about six feet. Vanbriesen was at work shoveling them out and wheeling them to the conveyor and had made a slight undercut in the pile. He was being assisted by the foreman of the plant, who was piling the prunes loose from the side of the bin and evidently failing to hear the foreman's warning, he stepped into the bin just as the pile fell. He was buried under the mass which weighed nearly 1,000 pounds, one leg and a rib were broken and he was quite badly crushed. He is expected to recover.

Duncan is Caught In Second Attempt To Flee From Jail

ROSEBURG, April 27.—Lee Duncan, who escaped last Tuesday from the county and who led the officers on a chase through the hills until Saturday before he was recaptured, was found in the act of attempting to escape again today. Officers found where he had been sawing the bars of his cell and forced him to reveal where he had hidden nine hacksaw blades, which he said he brought in with him in a sock tied around his neck, at the time he was brought to the Douglas county jail from Coquille. After the blades were removed officers determined to make a thorough search of the jail and when they returned found that Duncan had made a chain from links taken from the wire springs of his cot and had pulled a table from the main room of the cell over to his individual compartment and had broken up parts of the table to make a pry bar in an effort to break the weakened bars of his cell.

PLANS FOR SPAN IN LAKE ARE STARTED

To obtain rights-of-way and to inspect the site for construction of the new Hendricks bridge representatives of the state bridge department and the Union Bridge company, that has the contract for the span, are expected here soon, according to Judge C. P. Barnard of the county court. Preliminary plans for the erection of the bridge will be discussed and arrangements made for the transportation of the lumber and steel for the span. All material will have to be hauled from Springfield but the road is in fine condition and it is not expected that the hauling will be any heavier than the usual trucking over that route, Judge Barnard states. J. M. Devers, attorney for the state highway commission, is here today and is conferring with the county court and county engineer over the plans for the bridge.
