NEW PAVING PLAN TO GO ON BALLOT

The custom of going before the people in a bond election to get money to pay for paving street intersections may be done away with entirely, it was decided by the city council last night, when it voted to put on the ballot at the special election June 30 a measure permitting the council to assess the cost of paving the intersections to the city.

This plan, it was pointed out, will do away with the "red tape" needed to get money for necessary improvements. The people have never carried down an intersection measure. Under the new plan the interest and principal on bonds would be paid through the annual tax levy.

Under a new paving program, several more paving projects will be made available through substituting, on some streets, graveling for paved intersections. The paving work this year, in the order in which it will be carried on, is as follows:

- Fairmount boulevard, from the end of present paving to Fifteenth avenue, and Fifteenth from the boulevard to Moss street.
University street, Twenty-second to Twenty-third avenue.
Chamblin street, Seventeenth to Twenty-fourth avenues, intersections from Twenty-first to Twenty-fourth to be gravelled.
Azate street, Thirtieth to Twenty-fourth avenue, intersections from Columbia street, Twenty-fourth to Ninth avenue to end of project to be gravelled.
Washington street, Eleventh to Nineteenth avenue, two intersections to be gravelled.
Madison street, Fifth avenue to Cheshire street.
Villard street, Franklin to Fairmount boulevard.
High street, Thirtieth to Sixteenth avenue.
Hillard street, Thirtieth to Twenty-fourth avenue, intersections from Nineteenth to Twenty-fourth to be gravelled.

OPINION HANDED DOWN ON FILING

and in the absence of such an opinion the attorney general advises the secretary of state to proceed on the basis of 5 per cent of half the vote cast for the three candidates, but to be safe, advise petitioners to get 5 per cent of the highest vote cast for an office. In the last election the vote cast for president, United States senator, secretary of state, state treasurer and perhaps others would be higher, and that the per cent of any of these would run the number of names up to approximately 13,000. Heretofore the required names have been about 8,000.

The question arose relative to referendum of the bus bill, the Tithing act and the tobacco act.

COURT HOLDS ROAD CRITICISMS UNFAIR

In answer to criticism of the road construction program in western Lane and western Douglas counties contained in an editorial appearing in The Siuslaw News of Florence and the Umpqua Courier of Reedsport, members of the Lane county court state that they have no knowledge concerning the Douglas county facts but that in regard to Lane county there are several mistakes in the charges directed at the policy of road construction in Lane.

"I have sent to the state engineer for complete data on all funds spent on western Lane roads from January 1, 1921, to January 1, 1925, in order to show that the criticism is not justified and that someone has been misinformed as to the amount of work provided for the districts in the western part of the county," Judge C. P. Bernard said.

Statements that the western Lane road districts pay 12 per cent of the road tax, as stated in the editorial, are presumed to be typographical errors as this is far from the fact, members of the county court said today. The road tax this year amounts to approximately \$57,000 and the five western Lane districts, 29, 32, 33, 34, and 35, paid a total of \$2854. Work provided for this year on the Eugene-Florence highway and 70 western Lane roads \$95,000 including match money from the state, the members of the court state.

Bridge Sites Will Have Inspections

To inspect the sites of two new county bridges that are planned for this year, O. E. Crowe, county commissioner, and P. M. Morse, county engineer, are in road district 17 today. District 17 includes the area of District east of Cottage Grove and the B-hemia mine district and with districts 18 and 19 and 23 is one of the big four comprising the largest road areas of the county. One of the proposed wooden spans will be near Division on Frank Brice creek. It is in district 17 that the proposal to have Lane county and the Uniona national forest service co-operate on the building of a new road is now pending.

NEW DIRECTORY of County Jail Ready

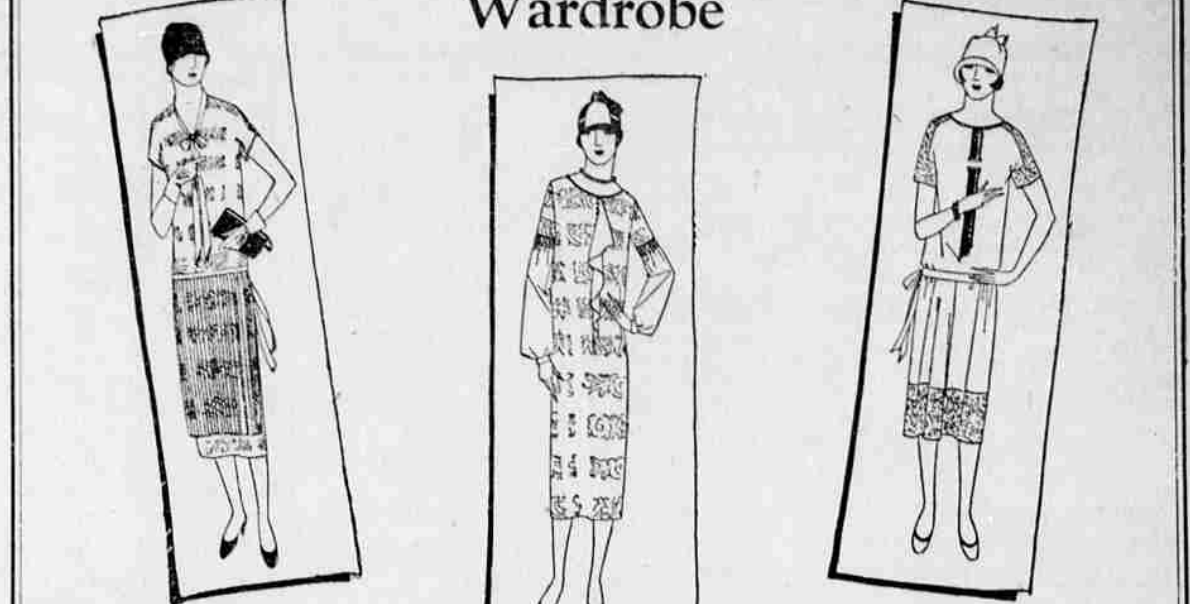

After 23 years use as a directory of Lane county prisoners the big book at the Lane sheriff's office passed out of activity today and a new volume now rests on the counter and is ready for the first subscribers. The new book printed and bound here is similar to that used at the office of the King county sheriff at Seattle and copies of the pages of Van Scarsveel, chief deputy sheriff of Lane, when he was in the north recently. The new book has provision for the pedigrees of 2000 prisoners and will be good for at least five years, is the hope expressed by the county law enforcement officers. The former volume, the last page having been filled in yesterday, in its 23 years of faithful service picked up the criminal records of more than 3000 prisoners.

WASHINGTON PLEASED

WASHINGTON, April 28.—(AP)—Announcement that a gold basis has been restored in England was acclaimed at the treasury today as a reconstruction step second only to conclusion of the Dawes reparation plan. Prediction was made that other European nations soon would be enabled to restore the gold basis officially as a result of the British decision.

Secretary Mellon and Governor Crisinger and members of the federal reserve board, feel that although the lifting of the gold embargo is an accomplished fact, the immediate psychological effect is more important.

Three New Frocks for Your Summer Wardrobe

6018—Among the materials recommended for this one-piece dress with a plaited apron are printed and plain cotton voile, Georgette, crepe de Chine. Get your pattern at our Butterick Department and then visit our piece-goods counter. The Deltor, a wonderful dress-making guide included with the pattern, shows you how to make the dress.

6000—The popular jabot and full sleeves are featured in this slip-over dress. The Deltor shows you with pictures how to lay out the pattern, how to put the dress together and how to add the important finishing touches used by leading dressmakers and tailors in Paris.

5996—The Deltor picture chart included with the pattern for this dress shows you the correct way to sew on the lace with which the dress is trimmed. The pattern, the material, the lace are all on sale at our store. In size 36 only 3 1/2 yards of 35-inch material are needed; in 4 and 8 inch widths, 1 1/2 yard of lace is required for trimming.

First buy your pattern at our Butterick Department and then consult each pattern envelope for the kind and amount of material to use. At our piece-goods counter you will find all the latest popular Summer materials in the newest shades. The wonderful dressmaking guide, the Deltor, included with each Butterick Pattern, shows you how to make your dress.

Always buy BUTTERICK PATTERNS including DELTOR

M'KENNA DUTY TO BE RE-IMPOSED

(Continued from page one) would be obliged to sell gold bullion in amounts not less than 4000 fine ounces in exchange for legal tender as a fixed price of 3 pounds, 17s 10 1/2d per standard ounce.

The accumulated gold reserve was 153,000,000 pounds sterling, part of which was in dollars, to the amount of \$106,000,000, the chancellor announced. This dollar reserve he said, would be required for the June and December American debt fundings.

The interest on the British national debt, Churchill announced, has been reduced since 1920 by more than 70,000,000 pounds. It was most important, he said, that the policy of debt repayment should continue.

The nominal deadweight charge of the debt had decreased from 7,680,000,000 pounds on March 31, 1914, to 7,416,000,000 pounds. Churchill said he proposed to raise the sinking fund to the statutory limit.

Expenditure Estimated.—The total expenditure of the budget, Churchill estimated at \$20,400,000,000 pounds sterling, which is 9,400,000,000 pounds sterling more than last year's budget provided. This, the chancellor termed as a "very disappointing result."

Churchill estimated the revenue for the current year upon the existing basis of taxation at \$20,000,000,000 pounds sterling. He estimated there would be a surplus of 20,000,000 pounds sterling on the present basis of taxation.

While counting upon 9,500,000 pounds sterling from German reparations, Churchill said he was not budgeting any repayments of allied debts to England, which, he said, if they should be made, would come as "additional relief."

Sleep-Interrupting Prostatic Trouble Relieved

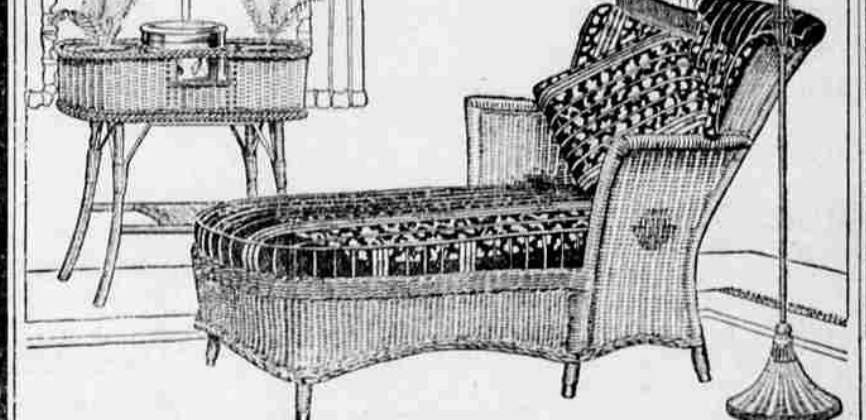

"Having heard of your Alvia Tablets, I came to your Long Beach store two weeks ago and bought a box of sixty tablets for \$1.00 and within one week my trouble was relieved of a long-standing trouble with my kidneys or prostate which necessitated my being up from four to six times during the night. I can hardly express my appreciation for the good these tablets have done for me in this regard. I am a young man today—I am buying one-half dozen boxes of Alvia Tablets to give to my friends." (Signed) C. A. SHOTT. Alvia Tablets are scientifically prepared from the wonderful alfalfa plant, which through its long root absorbs the vital elements—lime, iron and phosphates—necessary to health and vigor. Alvia has proved especially beneficial in overcoming kidney, bladder and prostate trouble. No matter what you have tried, try this remedy of Nature now. A dollar buys a box at Kierstead Drug Co.—Mail orders accepted.

Mrs. M. A. Dietz is Found Dead Today

Mrs. M. A. Dietz was found dead this morning at her home, 1479 Franklin boulevard. Death was apparently as a result of heart disease.

TOO LATE TO CLASSIFY LOST
