

BRIBE OFFERED IN M'CLINTOCK CASE. INSISTS WITNESS

CHICAGO, April 30.—Earl H. Clark testified today in the William N. McClintock case that he had been offered a \$25,000 bribe by an attorney for William D. Shepherd, under indictment charged with the murder of McClintock by typhoid inoculation, to sign an affidavit which Clark said he never had seen.

Shepherd and his attorneys declined to attend the inquest.

McClintock was Shepherd's foster son and by his death last December, Shepherd inherited a million dollars. Shepherd is in jail, held without bond, pending trial set for May 18. With the finding of a verdict in the William McClintock case, the coroner's jury will begin inquests into the death of Mrs. Emma Nelson McClintock, mother of "Billy" McClintock, 16 years ago, and of Dr. Oscar Olson.

The coroner's physician has reported that he found enough poison in Mrs. McClintock's body to cause death within ten days.

Clark, a former employe of Charles C. Fauman, who has operated a science school, where Fauman has testified, he taught Shepherd how to administer typhoid germs to produce death, is a witness over whom the state's attorney and counsel for Shepherd have much contention since Shepherd's indictment. Clark testified at a bail hearing and after Shepherd's attorneys charged that Clark was being coerced.

Today Clark said that he had two interviews with Attorney William Scott Stewart of Shepherd's counsel, arranged by a reporter for the Chicago Evening American.

Bobcat Bounties For Month Light

One hunter in Lane got busy today and made application for the county bounty on a cougar and a bobcat. This brings the total number of "wild killings" killed during April to 20 and with five coyotes and the one lone lion make up the casualty list among the predatory animals. For the first three months of the present year a new record was set in total amounts paid to bounty hunters in Lane. The enthusiasm of the hunters and trappers was stimulated by extra state bounties on bobcats, wolves and cougars. The state bobcat bounty was cut April 1 from \$3 to \$1.50. The season for killing animals is about over and during the summer months it is not expected that there will be many demands for county bounties, according to H. S. Bryson, county clerk.

BANK FOUNDER OF INDEPENDENCE DIES

PORTLAND, Ore., April 30.—Herman Hirschberg of Independence, Oregon banker and business man of the Willamette valley and founder and president of the First National Bank of Independence, died today at the Imperial hotel, where he had been ill for about a week. He had been in poor health for some time.

With him when he died were C. A. Maughlin, vice-president of Independence Bank, and R. M. Welker, one of the directors. Hirschberg came from Germany as a boy to New York and worked in a tin shop there. In 1872 he moved to Independence and set up a tin shop. He was at that time hardly able to speak English.

By thrift and industry he laid the foundations of fortune and in 1879 founded the First National Bank of Independence. He was identified with financing of innumerable development projects in Polk county. He built the railway between Independence and Monmouth, known in the early days as "The Motor," and later extended its operations to Dallas, continuing his railway activity until he sold to the Southern Pacific 20 years ago.

He had been for the past 30 years treasurer of the state grange and was treasurer of the Children's Farm House at Corvallis. He was one of the first members from Polk county in the Al Kader temple of the Shrine and was prominent in that and in the Elks and Knights of Pythias.

Mary MacSwiney Threatens to go On Hunger Strike

CHICAGO, April 30.—Miss Mary MacSwiney, sister of Terence MacSwiney, Irish hunger striker, entered this country without a passport and had no intention of ever getting any, she said here before leaving for Minneapolis to speak today.

A hunger strike would be her answer to arrest in connection with the investigation of her entry into the United States, started by the labor department in Washington and immigration authorities here, she said. She was questioned by officers here yesterday.

"They asked me if I had a passport," Miss MacSwiney said. "I said I had none and was not aware that I needed one. They next wanted to know what ship I came over on and then I told them that I could not see that that concerned the United States government. I will be able to satisfy the United States authorities, if necessary, that I did not come 'over the border.'"
