

### EUGENE GOLFERS TAKE FIRST LEG OF TOURNAMENT

Playing in a sea of sand and a drizzling rain, the team representing the Eugene Country club romped away with the first leg of the Tri-City golf tournament held in Salem yesterday. When the clouds had cleared and the scores counted it was found that the local men had garnered in plus 22 points, the Corvallis men plus 29 points, while the Salemites brought up the rear with a minus 52.

Jupiter Pivonia was most unkind to the players. All morning a scolding rain deluged the players, making good scores impossible. Many of the contestants were forced to wrap the club handles with handkerchiefs to secure a firm grip. Dirt tees which quickly became mud puddles in the steady downpour added to the general discomfort.

The five Eugene women who made the trip to meet the Salem representatives were denied the privilege of playing, their match because of the failure of their fair opponents to make their appearance. The Eugene women, therefore, remain the undefeated champions.

Approximately 30 members of the Eugene club made the journey to Salem. Corvallis was represented by about 25.

The second leg of the tournament will be held in Eugene next Sunday. At that time a special luncheon will be held at the club, and exhibition matches played in the afternoon.

Following are the individual scores of the Eugene players. Each player had the opportunity of making six points. He received one point for winning each nine, from each of his opponents and if he won the 18 holes, he received an additional point from each of the opponents. The matches were played in three rounds.

Earl Inumel, minus 5; Robert Prescott, minus 6; George McGill, plus 1; I. B. Stewart, plus 3; Loy Byerly, plus 5; Ralph Marton, zero; Albert Tiffany, plus 5; Lynn McCready, plus 6; Ted Gerow, plus 2; Ray O'Donnell, plus 6; Claude Rorer, plus 3; Dick Smith, plus 3; Morris Starbuck, minus 2; Art Morris, minus 4; Dr. J. Hesse, plus 5; F. X. Schaefer, plus 5; Loy Rowling, minus 1; Ivan Anderson, plus 6; Dr. W. Dale, plus 2.

The Eugene women's team was composed of Mrs. Harold Grady, Mrs. George Hitchcock, Mrs. Colin Dymont, Miss Mary Perkins and Mrs. Jack Pratt.

### Blue Has High Hopes

A. W. Jones

Here's the captain and star of the Yale University tennis team. He's rated one of the best in eastern college circles. With him as leader the Blue hopes for a successful year on the courts.

There are a lot of clean ball players, yet we never saw one that wouldn't give an umpire a dirty look.

The ox's poll is said to be the ancestor of the Asiatic goat. And it may even be related in some way to Jimmy O'Connell, the goat of the Giants' scandal.

It must be true that Rogers Hornsby is a "different" sort of ball player. He was hit in the head by a pitched ball and it actually hurt him.

One of the National league club owners has been arrested for possession of real beer. It would be impossible to arrest some of the owners for possessing real players.

If it is true that Nurni has been getting \$1000 for his races, then he is a better amateur than our Americans in more ways than one.

Lefty Groves of the Athletics got off to a bad start, losing three straight games, if you call that a bad start for a Philadelphia player.

It is one of the curiosities of the game that a pitcher is never in hot water when he has plenty of steam.

The new heavyweight champion, Mr. Rosenberg, promises to be the choice man of them all. But others would at least weigh in.

We have never learned to pronounce Paavo Nurni's first name. But we are beginning to suspect it is pronounced as if spelled Paymore.

The Washingtons have climbed back to the top in the American league race, thus proving anew that they were lucky to win the flag last year.

The canoe-titling season is now officially opened. It is really too bad the squirrels don't eat the human nuts, too.

Down in the Southern Association they give a prize for politeness each season. You are supposed to say, "Pardon the brick" after clouting an ump.

### BASE BALL SIMPLIFIED BY BILLY EVANS

When the batsman automatically out on a third strike, even though the catcher does not retain possession of the ball.

The batsman is always out on a third strike regardless of whether the ball is caught, when there is a runner on first base and there are less than two out.

Before this rule was put into the playing code, the batsman was at the mercy of a smart catcher. He would purposely drop the ball forcing the runner to advance and usually make a double play.

The present rule, with a runner on first and less than two out, gives the batsman proper protection, since the batsman is automatically out and no other play is possible unless the runner or runner seeks to advance at their peril on the dropped third strike.

When two are out it is compulsory that the third strike be caught to retire the batsman.

### HEAVY HITTING BEE IS STAGED

NEW YORK, May 11.—Twenty-eight pitchers smarted today under the burning base hit fire which was spread over five major league parks in the opening game of the fifth week of the 1925 season.

The New York Yankees, rolled up the maximum of 19 in the hit column, collected off five St. Louis pitchers in a one-sided victory over the Browns, 15 to 1.

Herb Pennock, Yankee southpaw, one of the few moundmen to start and finish a game, allowed seven scattered hits. Detroit bats barked meretriciously against five Red Sox pitchers for a total of 15 hits and a 15 to 5 victory. Rigney led the assault on the Boston club by slashing out a triple and three singles in four times at bat.

Chicago and Washington used three pitchers a piece in their 12-inning struggle which the White Sox won 10 to 8.

Jack Bentley turned in his fourth straight victory of the season as the Giants won from St. Louis, 8 to 3. Hit safely eleven times, he was saved by sensational fielding.

**LUCKY STRIKE**

IT'S TOASTED

### Facts About Taxes on Cigarettes

TO the general public, we believe it will be surprising to learn that nearly half of what they pay for cigarettes goes to the government for taxes.

The internal revenue stamp on a package of twenty Lucky Strike cigarettes costs you six cents. On a 75c tin of one hundred the revenue stamp costs you thirty cents.

So nearly one-half of what you pay for cigarettes is spent by you for taxes.

This is certainly the heaviest tax on an article of daily and universal consumption.

**The Tobacco Industry and Taxes**

The aggregate tax paid by the tobacco business is with one exception, income taxes, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to \$309,014,050.84.

Of this enormous amount of money the cigarette industry paid \$182,715,785.93, or nearly two-thirds of the total tax paid by the entire tobacco business.

We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

**Our reasons for this tax free offer**

We know this offer induces men to try Lucky Strikes—it "Wins More Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it generous, to attract attention.

**Super-quality**

Only by immense volume can we produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly extra process, toasting, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

**Cleanliness and Care in Manufacture**

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCann, the noted food expert, describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

We know a trial will make you a permanent customer of ours.
