

CITY EMPLOYMENT OFFICE CONTINUED

Continuance of the United States employment office, conducted by Frank L. Armitage, was assured for Eugene last night by action of the city council, which voted to restore the monthly appropriation of \$47.50 toward the support of the office in co-operation with the federal government and lumber mills.

The petition carried signatures of the leading business men of Eugene, and was presented to the council by Frank Chambers, president of the chamber of commerce. Motion to restore the appropriation was passed unanimously.

As previously announced, two ordinances were passed ordering the sale of \$200,000 of the McKenzie river water bonds, and \$100,000 of the Skinner's butte reservoir and extension system bonds. The council sold \$100,000 in street intersection and sewer bonds to Pierce-Fair and company, Western Bond and Mortgage company and Lumbermen's Trust company of Portland. These firms will pay a premium of \$1279 on each \$1000 bond, and only 4 1/2 per cent interest.

The \$25,000 fire apparatus bond issue tied up with the auditor's bond litigation, to pay for fire apparatus that already has been purchased, and amendments allowing the council to bond the city for street intersections rather than call special elections, and to reassess when necessary street, alley and sewer improvements, will be voted upon at the special city election June 30, it was decided by the council.

POST NOMINATIONS FOR NEXT MEETING

Nomination of delegates and alternates for the annual state convention of the American Legion of Oregon to be held at Prineville next month will be held at the meeting of Eugene post of the legion to be held Thursday evening, according to announcement today of Kenneth Alder, post commander. Reports on the recent "Night in Paris" pageant will be made at the meeting by the committees in charge. Discussion of the picnic of the post will also be taken up. A big attendance of legionnaires is desired and as an added inducement promises are that the merchandise left over from the pageant will be disposed of at the meeting. Candy vases, Indian blankets, tea sets and art wear, are included among these gifts, according to Dr. L. G. Helterline, adjutant.

Radio Program is To be Attractive

Radio fans of Eugene are promised one of the best programs from KFOA at Seattle tonight that has ever been heard in the northwest, according to the announcement from the Clissett and Devers company of Portland and Seattle, manufacturers of "Golden West Coffee."

The program will open with an address of welcome by Miss Leona M. Butler of Seattle, who was chosen last fall from among many contests as "The Golden West Girl." Through the courtesy of Rodney Pantages, Sid Hall and his 11-piece orchestra, a jazz organization, will render several dance numbers, coming from the Pantages circuit.

Tent Meetings Well Attended

By J. W. HALL.
The big tent meetings are growing in interest and the attendance was splendid last evening. Ted Kennedy, live-wire song leader from Washington was present and gave the service of testimony an added impetus.

THIS WOMAN'S REMARKABLE RECOVERY

Entirely Due to Lydia E. Pinkham's Vegetable Compound

Forest City, Iowa.—"My first child lived only a short time and I was sick for a year after. When I bent over and raised myself up again I could almost scream with pain in my back. One day I was so bad that I had to leave my washing and get ready to go to the doctor. He gave me medicine but it did no more good than if I drank just water. Once when we had been in town a little while talking about Lydia E. Pinkham's Vegetable Compound was left in our car. I have taken five bottles of the Vegetable Compound now and I feel all my housework and help with the milking and taking care of chickens and garden. Besides I have a fine baby girl eight months old, just the picture of health and I am feeling fine myself. You may use this letter as a testimonial and I will answer any letters asking about the Vegetable Compound."—Mrs. OSCAR F. BORGELIN, Route No. 8, Forest City, Iowa.

For sale by druggists everywhere.

SOCIETY AND CLUBS

By MARIAN LOWRY

One of the larger evening affairs of the week takes place tonight when members of Amusement club gather at Coburg Bridge dance hall for a picnic supper and dance as the final event on their social calendar until autumn. The supper is to be at six o'clock. The women of the club are to bring lunch for two and for their invited guests, and the men have guaranteed to bring coffee, ice-cream, marshmallows and other accessories of a picnic lunch. Dancing will start at eight o'clock. The committee in charge for this event includes Charles Sigman, W. B. Lee, and Harold Beytten.

Chi Omega alumnae are to be entertained this evening by Mrs. Jack Benefield at her home, 365 High street, at seven-thirty o'clock.

Mrs. Charles O. Wilson is to be hostess to members of the Matrons' guild auxiliary of the Central Presbyterian church at her home, Emerald heights, Springfield, tomorrow afternoon. Assistant hostesses will be Mrs. G. W. Hobson, Mrs. J. W. McArthur, Mrs. John Simons, Mrs. Z. Harger.

Mr. and Mrs. F. C. Loomis and sons, Robert and Frank, left for their home in Portland today after spending a few days visiting at the home of Mrs. Loomis' parents, Mr. and Mrs. H. M. Pratt.

The annual children's party, sponsored each spring by members of Evangelical church, Order of Eastern Star, for children of all members of the lodge, is to be an event of Friday evening at the Masonic temple. It is to be at seven-thirty o'clock. The children will give the first part of the

all those who had been healed through prayer and 110 hands were raised. "The Finger of God" is the title tonight, it was announced. Thursday will have a special service at 2:30 p. m. and on Friday, a service for boys and girls with prizes at 4:30 p. m.

It may be interesting to learn that 8 or 10 churches were represented in the audience. Corporal Halley, ex-Canadian world-wide veteran of Corvallis, with his drums and Prof. Merryman, cellist of Salem were added to the orchestra. Mrs. Benham sang the special solo.

School Levy Will Be put on Ballot

The city school board voted last night to submit the special levy of \$25,000 for a new athletic field for Eugene high and lockers in the new junior high schools, to the voters of Eugene at the regular school election in June. Tentative plans for this proposed field were recently announced.

Bids for desks, chairs, teachers and electric fixtures will be advertised for at once, it was decided. Edgar H. Means and Mrs. Edna C. Assenheimer were re-elected to the faculty of University high school, and the acceptance of R. G. Brown of Wayne, Neb., as coach and physical director of Eugene high was received by telegraph and read to the board.

Patterson school won the Skele cup, which has been held by the Frances Willard junior high school the last month.

MORE FIR LOGGING CAMPS CLOSE DOWN

Fir logging on the west coast underwent further curtailment last week when several large camps were entirely closed and fallers and buckers laid off at others, according to reports from various 4L employment service offices received at 4L headquarters in Eugene today. The curtailment of log production is at present more marked in the Puget Sound and Grays Harbor districts than it is elsewhere.

Logging and sawmilling in the pine districts of eastern Washington, Oregon and Idaho, are at season height, the reports show, and practically all lumber operations there are busy. Condensed reports from the various 4L offices are as follows:

At Portland there is no sign of a let-up in logging activity along the Columbia river. Practically all camps in this district are operating with full crews. Labor turnover continues extremely heavy, and operating schedules of local sawmills remain the same as for many weeks past. The former Cameron sawmill at Golden-Idaho, Wash., down for the past year, will start cutting again this week under new management. Street paving and other municipal work here has been increased. Calls for farm and dairy help lead all demands for labor.

Blue Foxes Will Be Brought Here For Young Ranch

In addition to the black silver foxes at the Cal Young farm near this city there will be added a pair of fine blue silver foxes late in the summer, according to Mr. Young. These foxes have been purchased from a Seattle dealer and they are now held at Seattle until plans for the breeding of this species here are completed, the owner said today. The first litter of fox pups born at the Young fox farm consisted of seven, but four of them died but the remaining three are doing fine now weighing eight ounces at the age of 10 days, Mr. Young states. Only one other litter of foxes have been born in captivity in Lane county as far as known but all of them died. Mr. Young now has seven foxes at his farm including the pups.

Printing Company In new Location

After 13 years in its location over the United States National bank, the Valley Printing company has moved to its new home in the Stanley building at 76 Ninth avenue west.

W. F. Carter who started the business, selling it to Russell D. Evans

in 1923, gives some interesting sidelights on the growth of Eugene during that time.

"For 20 years with the exception of about six months just before I started business there has been a print shop in the old location," said Mr. Carter. "The Eugene Printing company which first occupied the rooms was started by W. A. Reynolds who shipped a plant in from Michigan. This plant was sold to John Dimin, now owner of one of the large plants in Portland."

"When the war came and so many people moved away I had to sleep in the shop and pay for my meals in printing, then finally had to do my cooking there. In the spring of 1918 business began to boom and worked me so hard that my health gave out and I had to sell."

Since its purchase by Russell D. Evans the business has continued to grow until now it has been found necessary to obtain larger and better arranged quarters on the ground floor. New type and equipment is being added and the plant is now in full operation in its new location.

Mr. Bettis Observes His 80th Birthday

In honor of J. O. Bettis of Coburg who today celebrates his eightieth birthday anniversary, a large number of relatives and friends held a party at Coburg Sunday.

Those present at the affair were: M. E. Jorjigan and wife, Coburg; Sam Bettis and family, Eugene; Thos. C. Johnson, Springfield; Thomas J. Johnson, Springfield; Mr. and Mrs. W. T. Bettis, Coburg; Mr. and Mrs. Hugh S. Bettis, Springfield; Mr. and Mrs. James O. Bettis Jr., Eugene; Mrs. Ida Simmons, Drain; Miss Dorothy Simmons, Drain; Mr. and Mrs. W. G. Cool and son; Mr. and Mrs. R. L. Lovelace and daughter, Eugene; Mr. and Mrs. Jess Wolfe, Coburg; Mrs. M. M. Hayworth, Harrisburg; Mr. and Mrs. Will Miller, Harrisburg; Mrs. H. E. Walton and daughter, Coburg; Mrs. Nora Smith, Coburg; Mrs. A. Johns, Coburg; August Sperling and family, Harrisburg; O. E. Davidson and family, Harrisburg; Ralph Shisler and family, Glenbrook; Miss Eva Miller, Portland.

Several Spans on Road are Planned

About 10 bridges will be necessary on the improvement of the Prairie road in addition to a large number of low places that will be provided with culverts, according to O. E. Crowe, county commissioner. One span of 30 feet is planned near Irving. This will be of the piling type, the commissioner states. The use of culverts will be used to a considerable extent as these will be more efficient than the erection of bridges, the county official states. Rain has temporarily halted work on the Prairie road.

Power Poles Torn Up by car Trolley

A streetcar trolley became entangled in wires at the alley intersection between Willamette and Olive streets on Eleventh avenue at 10:30 o'clock Monday morning and literally pulled a large wire pole up by the roots.

In falling, the pole struck wires leading to an electric power pole, and broke it off sharply at the ground. Both fell with a heavy crash, and put several electric lines out of commission for a short time. No persons were in the vicinity when the accident occurred.

The city power company had the temporary lines connected in a short time after the accident, and were busy with cleaning out the old stumps preparatory to erecting new poles.
