

City News THE WEATHER Oregon: Fair tonight and Fri- day; slightly cooler tonight; moderate southwest winds. Temperature: Minimum today, 52; maximum Wednesday, 76. Precipitation, .32 of an inch. Stage of river, 3.4 feet. Direction of wind, west.

Fishers Fish Free— The state hunting and fishing licenses will be available for Oregon anglers who were residents of the state prior to 1870 this being an extension of 10 years from 1860 as provided under recent state legislation, according to information received at the office of the county clerk here today. New laws which take effect May 25 also provide that all disabled veterans of the World war are entitled to free licenses. The present law provides the free licenses for persons prior to 1890, veterans of the civil war and Spanish war veterans who are residents of the soldiers' home. The disabled World war veterans to obtain free licenses must show a membership card in the state association of disabled, it is pointed out. Fifteen free licenses have been issued so far this year in Lane, according to a report today of R. S. Brown, county clerk, but the new law is expected to increase this considerably.

Case Platforms Extended— Extension of the platform of the Exchange boat house 40 feet to the east is planned and this will provide much additional room for the holding of the annual canoe fête of the University of Oregon, according to Frank L. Chambers who has donated a piece of ground now occupied by the bleacher seats, C. O. Peterson, owner of the mill race right-of-way, will give a two-foot strip along the south bank of the race in order to extend the platform. No plans have as yet been made for the extension of the bleacher seats but this may be done later, it is announced.

Examinations Postponed— As the result of a few cases of sand fever, chickenpox and mumps in some Lane county school districts the eighth grade examinations which will be held today and tomorrow, have been postponed, according to word received today at the office of E. J. Rose, county superintendent of schools. These examinations will probably be held in June when the final tests for the present school year are held, according to the county superintendent. As most of the pupils take their examinations during the May period there will not be many for the final tests, it is announced.

Highway Pays Visit— A trial live hogging paid her social visit in Springfield this morning, creating considerable comment by paddling up and down the gutters where she could see her reflection. Dalay, the hog owned by L. E. Thompson, was one of those honored by a visit to the Thompson lot at Seventh and A streets. She received the visitor with some alarm, looking askance at the pig and then, after a moment's hesitation, she turned around and trotted back to her pen. Residents say it is the first time since the city has had a live hog on its streets.

To Much Rain— Rain, rain, too much rain, is the plaint heard today at the courthouse among those who direct Lane county's road program. A deluge in the Mohawk area has halted all work there and it will probably be at least two days before it is resumed. Heavy rains in the Cottage Grove district have stopped road work there. "The only place where there seems to have been some cooperation between the weather and the county court is along the route of the Prairie road and work is progressing there," according to Elmer Tuller, county road superintendent.

Memorial Services Planned— Tentative plans for the observance of Memorial Day in Eugene will be discussed at the meeting of Eugene branch of the American Legion tonight as well as the nomination of candidates for delegates and alternates to the annual state convention of the legion to be held at Prineville next month, according to Kenneth Ables, commander. It is probable that Major General C. C. Hammond, head of the United States militia bureau, who is visiting here will speak at the service, according to plans being made this afternoon.

Will Be Opened— Work for the grading and surfacing of the miles of road as approaches the new Hendricks bridge will be started and the contract let at the meeting of the state highway commission to be held at Portland Thursday and Friday, May 28 and 29, according to word received by the Lane county clerk. It is expected that this will be the most important matter in some degree the pressing in regard to Lane (Continued on page five)

Mr. Ford Meets Opposition

WILLINGNESS TO BUY SHIPS STIRS BOARD

Wholesale Scrapping is Discussed by Members of Shipping Group

No Offer From Mr. Ford is Received by Board, is Statement

WASHINGTON, May 14.—(AP)—Henry Ford's willingness to buy 400 ships from the shipping board, involving a large scrapping program, met with immediate opposition in some shipping board quarters.

While the view was expressed that eventually three or four hundred of the laidup ships, including for the most part lakers, would be forced on the junk pile, some of the commissioners said that it was by no means certain that the board would agree to any wholesale scrapping for some time to come.

Commissioner Thompson said:

"For a long time certain American owners and operators of foreign flagships have been urging the destruction of a large portion of government ships. But none of the surplus ships of other countries are being destroyed nor has such been proposed.

Cost is Given

"It is costing approximately \$500 each a year to keep the surplus ships owned by the government. Their value as naval auxiliaries at this moment of world conditions, cannot be accurately measured. Their value as important units in an American merchant marine when normal world conditions are restored, is an added security to American exporters, producers and consumers. Obviously, it would be greatly to the marine interest of foreign nations for the United States to destroy one-third of its fleet of ships.

PARK BOARD TAKES PROTEST ON TREES

Protest against the cutting of a number of large fir trees on Oak street between Ninth and Tenth avenues is made by the Eugene park board and at a special called meeting this matter was discussed and a formal protest is to be made to the city council, it was announced today. The council at the last meeting gave permission to have the trees cut after a petition of a number of property owners was presented. The park board contends that the council is somewhat exceeding its powers in giving permission for the cutting of trees as this is properly the authority of the park board.

New Problem is up

Judge Graham

Judge Says Flapper Wife Is all Right

(By NEA Service) SAN FRANCISCO, May 14.—Enter a new homebuilding problem—the "flapper wife."

"She's our flapper high school and college girl of a couple of years back. She is the girl entering the marriage state not to found a home but to own a car, live in ease and attend gay parties without further ink of parental objection.

Accomplish Much

"The flapper and her progressive sisters have already accomplished much for advancement of their sex and the future generations, and the flapper wife problem is like statistics of the minor matters to be cleared up before perfection can be reached.

Injunction Suit Over Paving of Highway Starts

PORTLAND, Ore., May 14.—Arguments of attorneys in the injunction suit brought by Frederick M. De Neffe, a Portland attorney, to enjoin the state highway commission from entering into a contract with Simonsen and Hefty, to re-pave 8.9 miles of the Columbia river highway between Astoria and Seaside, were started today before Presiding Circuit Judge Morrow. Jay Buserman appeared as attorney for De Neffe with Assistant Attorney General J. M. Drees, representing the highway commission.

12 OF LIQUOR SHIPS PUT OUT TO SEA AGAIN

Two Steamships And Two Of Schooners All That Are Left Now

Land Smuggling on the Canadian Border Takes Attention of Officials

NEW YORK, May 14.—(AP)—Twelve of the 16 rum vessels that have been anchored on rum row under the surveillance of the blockading coast guard have put to sea toward Halifax, officers of the C. G. 17 patrol boat reported today when they put in at Staten Island. Two steamships and two schooners are the only liquor ships left, they reported.

LAND SMUGGLERS BUSY

WASHINGTON, May 14.—(AP)—With the blockading of many of the rum running channels off the Atlantic coast by the coast guard, prohibition officials are concentrating themselves with land smuggling on the Canadian border.

Belief that the bootleggers, once checked sufficiently to make hazardous an attempt to smuggle liquor to American shores will return to the practice of redistilling industrial alcohol for sale as a beverage, was expressed today by the assistant commissioner, who said this would bring poisonous concoctions back on the bootleg market.

Don't Be Discouraged

"Give it thought, but don't let it discourage you," advises Judge Thomas F. Graham of San Francisco. Judge Graham may be considered an authority in view of his international reputation as "the great reconciler," through his divorce court record of reconciling more estranged couples than any other judge in the country.

Accomplish Much

"The flapper and her progressive sisters have already accomplished much for advancement of their sex and the future generations, and the flapper wife problem is like statistics of the minor matters to be cleared up before perfection can be reached.

Timber Sale for Year is Reported

Sales of government timber of the Cascade and other national forests of Oregon and Washington amounted to \$94,586,000 last year, according to figures just given out by Nelson F. Macduff, supervisor of the Cascade forest.

CURRICULA FOR STATE SCHOOLS TO BE DECIDED

Considerable Bearing on Courses of University Will Result

Briefs Prepared by O. A. C. And Oregon For Presentation

That the action of the state board of higher curricula which is scheduled to meet at Portland next Monday will have considerable bearing on the curriculum of the University of Oregon and that of Oregon Agricultural college is indicated by announcement today from Corvallis that the O. A. C. was preparing a brief in protest against one first some time ago by the University of Oregon. This brief is to be presented to the board of higher curricula either Saturday or Monday at Portland.

In the brief filed by the university exception is taken to the arrangement of courses in the O. A. C. as it is claimed that the state college has exceeded the scope of its educational program as laid down by the board of higher curricula at its meetings of 1913 and 1914.

Miss Abby Rockefeller is Married Today

Miss Abby Rockefeller, daughter of John D. Rockefeller, Jr., was married today to David M. Milton, young law clerk, who has just recently been admitted to the bar.

MR. HANEY WILL BE REAPPOINTED

WASHINGTON, May 14.—(AP)—President Coolidge has definitely decided to reappoint B. E. Haney of Portland, Ore., as a member of the shipping board.

Cider and Bitters Sold; Fine Results

ROSEBURG, Ore., May 14.—John Cunningham and William Hawkins of Roseburg were fined \$100 and \$50 respectively in the local justice court today after pleading guilty to a charge of selling intoxicating liquor. Their arrest, District Attorney Cordova stated this afternoon, is the start of a campaign to halt the selling of bitters and other supposedly medicinal preparations for beverage purposes.

SHAW IS INSANE

CHICAGO, May 14.—(AP)—George D. Shaw, who stabbed his father, Bruce Shaw, inventor, with a German sabre, was found to have been insane at the time of the slaying and still to be insane by a criminal court jury which deliberated only briefly today. Sentence was postponed until tomorrow, but the still-shocked young World war veteran will be sent to an asylum for the insane, Judge Wells indicated.

CAR WRECKED AS TWO MEN ELUDE POSSE

All Sacramento Peace Officers Ordered Out to Aid in Search

Men Who Stole Car Believed to be Escaped Convicts From Prison

SACRAMENTO, Cal., May 14.—(AP)—Two men who wrecked a stolen automobile here this morning are believed to be Joe Tanko and Floyd Hall, escaped murderers from San Quentin prison. All peace officers in this city have been ordered out to hunt them down.

The automobile was stolen early today from a farmer and his wife near Auburn. It was wrecked in front of the Sacramento county hospital on the southern edge of the city.

Resemble Convicts

They were last seen at Forty-Third street and Fourth avenue, in the same locality where the convicts disappeared three weeks ago after shooting Clyde Nunn, a member of the police force who was pursuing them after they had stolen a car and kidnapped its driver. One woman, seeing the men with the rifle this morning, became hysterical. Bystanders who saw the men declared they resembled Tanko and Hall, escaped convicts.

Throw Hansen Out

The kidnapers later threw Hansen out of his auto and continued toward Stockton leaving the upper Stockton road and taking to the lower Stockton, a highway which lies west of the first road taken.

Automobile Thieves Given Long Terms

PORTLAND, Ore., May 14.—Federal Judge Bean today imposed the maximum sentence of five years in prison upon J. Harris and Oscar V. Allen, convicted of automobile theft. A joint indictment charged them with stealing a car in Chicago, Cal., and driving to Ashland, Ore. A separate indictment charged Harris with driving a stolen car from Portland to Redding.

Verdict Returned in Liquor Death

SEATTLE, May 14.—On the contention that liquor killed her husband, Mrs. J. A. Karterman, widow of a Cle Elum jeweler, gained a verdict against three men for \$10,000 in Seattle today, reported the Eagle Times. She said he drank the liquor for six months. The defendants were Mike Noguera, Frank Carrola and Felix Sappietro.

ABBY ROCKEFELLER WEDS MR. MILTON

NEW YORK, May 14.—(AP)—Miss Abby Rockefeller, heiress to probably the largest family fortune in the world, was married today to her childhood friend, David Merrivether Milton, young lawyer, with a modest income, at the home of her parents, Mr. and Mrs. John D. Rockefeller, Jr.

NEW YORK, May 14.—A squad of police guarded the town house of John D. Rockefeller, Jr., today, as a precaution against over-curious crowds at the marriage of Mr. Rockefeller's eldest child and only daughter, Abby Rockefeller, to David Merrivether Milton. The ceremony was set for 4:30 o'clock this afternoon. The officiating clergyman selected was the Rev. Cornelius Woelflin, pastor of the Park Avenue Baptist church, where the bride's father has taught a Bible class for years.

Only members of the two families were invited to the ceremony itself, but the guest list for the reception numbered 1200. The bride's 85-year-old grandfather is expected to see the wedding.

Abby Rockefeller is heir apparent to the greatest family fortune in the world. She is 21 years old. David Milton is 25 years of age and recently was admitted to the bar. He is well to do but not extremely wealthy. The couple have been close friends since childhood.

They will sail for France on Sunday. Miss Rockefeller has dismissed her maid and six servants will accompany the newlyweds.

Long Distance Radio Planned

DENVER, Colo., May 14.—An attempt to establish radio communication between Denver and Australia, a distance of more than 8000 miles, will be made Sunday between 12:30 p. m. and 2 a. m., mountain time, Freeman H. Talbot, program manager of KOA, the General Electric company's Rocky mountain broadcasting station, announced today. KOA is heard clearly and regularly in New Zealand. Mr. Talbot said.

EXTRADITION SOUGHT

SALT LAKE, Utah, May 14.—A requisition has been received by Governor Pierce from Governor Richardson of California for the extradition of Fred Ford, who is under arrest at Roseburg, and who is wanted in San Francisco on a charge of embezzlement.
