

LIGHTWEIGHTS TRY FOR LEONARD BELT

NEW YORK, May 19.—A rugged, two-fisted fighter and a nimble footed boxer will carry America's hopes into the semi-final round of the lightweight championship tournament June 15.

Jimmy Goodrich, Buffalo and Benny Valzer, New York, won second round victories last night. Their rivals in the international mill for the title made vacant by the retirement of Benny Leonard will be Stanislaus Lozsa of Ohio and Cirilino Olano of Cuba.

Finishing punches decided three of last night's matches before the 10-round limit. Sammy Mandell of Rockford, Ill., favorite in the competition eliminated himself by fouling Goodrich in the sixth. Lozsa floored Tommy White of Mexico after seven rounds while Clony Tait of Canada failed to last out the fifth against Olano after having been punched groggy for four and a half rounds.

With Mandell rated as best of a pack who have given little indication of producing a champion of Leonard's calibre, fans were stunned by the low blow which sent Goodrich to floor groaning. Mandell had been cautioned previously. He had proved himself by far the superior up to the sixth.

CONNIE MACK paid \$100,000 for Lefty Groves, which is considerably more than any of the old Italian sculptors would ever pay for a bust.

Ben Johnson says the international peas is absurd. Having had an experience with Mr. Ziegfeld we will say it is impossible.

The Athletics have tried out more than 600 players since 1918. If you want to know what has become of all the country's good farmers.

Lawmakers in Tennessee have decided humans did not spring from monkeys. This is a splendid social triumph for the monkeys.

Funny, isn't it, that the lady of the house never thinks of needing a man servant until the next door neighbor gets one?

You never know just what to expect these days when your hostess sends the bird girl down in the basement to bring up some corn.

When old man Gregg gets through pitching for the Senators we suppose they will stuff him and put him in the national museum along with the other fossils.

Nurni has been exonerated by the A. A. U. We don't suppose it would be wholly discreet to ask if the A. A. U. has been exonerated.

The important fact in connection with Nurni is that somebody in this country is making a lot of money out of him and if the Finn is content to go ahead and run two or three times a week, making over-night jumps in stuffy trains and running in barnlike halls, all for seven bucks a day, this supposedly representing his hotel and meal money, then he is, in truth, a noble, self-sacrificing soul— who ought to have his head examined.

George Moriarty, the umpire, is a fiend for symphony orchestras and grand opera. This comes from his old associations on the diamond with Kid Elberfeld, Claude Rossman, and that other upstanding aesthete, Germany Schaefer.

They say hell is paved merely with good intentions. The city council must award the paving contracts down there, too.

Baseball Puzzlers

By BILLY EVANS. 'T IS the last half of the ninth with the visiting team leading by the score of 2 to 0.

With two out and runners on first and second the batsman triples, sending both runners over the plate, apparently evening the count.

The runner on first, originally, in making the circuit failed to touch second base. The ball was thrown to that base, and the umpire, who had noticed the slip, called the runner out, retiring the side.

What about this play and what was the score when the inning ended?

Answer. The visiting team won the game, 2 to 0. The two runs that crossed the plate did not count.

The runner originally on first failing to touch second on his way to the plate, pulled a "home" that rendered the runs void.

When the ball was thrown to second base and the umpire ruled his out for his failure to touch that base, he simply made a force play out of the situation.

The rule says no runs can score on a play in which the third out is a force play. That was the situation here.

Big Baseball Stars

George Mogridge. Born—Hochester, N. Y., Feb. 18, 1889. Pitcher, Washington.

Major League Career—Purchased in 1911 by Chicago White Sox from Galesburg of old Central League. Reported sale price \$1200. Optional in 1912 to Lincoln club, Western League.

Recalled later same season. Released in 1913 to Minneapolis, American Association. Released following year to Des Moines, Western League. Sold to Yankees for reported price of \$5000. Traded to Washington in Roth deal at end of 1920 season.

Outstanding Feats—Mogridge pitched no-hit game against Boston on April 24, 1917. Red Sox scoring one run on error. Won 16 games and lost 11 in 1924. Won one tilt and lost none in world series with Giants last fall.

Connie Mack's High-Priced Pair

Gordon Cochrane, left, and "Lefty" Groves. Presenting Connie Mack's so-called "Million-Dollar Battery." In other words, meet Gordon Cochrane, catcher, and "Lefty" Groves, pitcher. The crafty Connie didn't pay quite that sum for them, of course. But they were expensive enough, at any rate. Mack expects great things of them this season.

as a home run hitter was in 1921 when he made twelve circuit drives. In a recent game at St. Louis that broke the Tigers losing streak, Cobb made six hits, three home runs, a double and two singles. He was at bat six times, hitting safely on every trip to the plate.

In the following game he made three hits in six times up, a single and two home runs.

The Referee

What horse won the Kentucky derby race in 1921?—G. H. J. Behave Yourself.

With what club has Nemo Leibold played during his major league career?—H. G. Y. Cleveland, Chicago, Boston and Washington, American League.

How many rounds did it take Jack Dempsey to knock out Fred Fulton in 1918?—D. T. E. Less than a round or about 13 seconds.

OREGON BASEBALL TEAM GOES NORTH

The University of Oregon baseball squad started on its annual northern trip this morning at 11:30. Coach Billy Reinartz is taking 13 players with him for the four games that will be played this week. The team will stop in Portland this afternoon, and will work out there before going on to Seattle, where they meet the fast University of Washington nine Wednesday.

The varsity will virtually have to win every game in order to come out near the top in the conference race. This means that wins must be chalked up against the Washington and Idaho nines, both of which have already defeated Oregon.

The complete schedule for the trip is as follows: Wednesday, Washington at Seattle; Thursday, Washington State at Pullman; Friday, Idaho at Moscow; and Saturday, Whitman college at Walla Walla. Thirteen players who will make up the invading squad, include Bliss and Minnaugh, catchers; Brooks, Harrison and Williams, pitchers; Adolphi, first; Hobson, second; West, short; Cook, third; Kaudson, Wright, Reinartz, and Jones, field.

Women Play Golf For World Titles

TROON, Scotland, May 19.—Miss Glenna Collett won her match in the ladies open golf championship today defeating Mrs. M. R. Cox, the Welsh champion by five up and three to play.

In the third round tomorrow the American star will meet the champion, Miss Joyce Wethered, who today defeated Mrs. Allan MacBeth, 6 up and 5 to play.

Miss Cecil Leitch, former British champion, defeated Mrs. Cuthell, Royal Portrush, six up and five to play.

Miss Doris Chambers, former British title holder, defeated Miss H. Robinson, Worcester, three up and one to play.

McKenzie Anglers To be in Movies

Lane county's grandest sport, fishing in the mighty McKenzie, is to be presented to the theatergoers of the state in all its details. It is announced by W. B. McDonald, manager of the Heilig theater. This week-end the Oregonian is sending down its moving picture cameraman, and with a party of local sportsmen made up of "Chick" Wallace and others, scenes from a boat will be taken from Thompson's ranch on down the river.

The party will travel down in two boats, so that real action pictures of the wily rainbow and steelheads may be taken. The two boats will keep side by side, the rear of the camera grinding away on film as the reel of the rods wind up on the fighting trout. Scenery will also be photographed along the river as the boats come down the stream. It is possible that an entire reel will be given over to this sport, and it will also be included in the regular weekly Oregonian reel.

Danger Signal Flashed by "Nerves"

When you suffer from sharp, darting pains, nerves a-tingle, nerve fatigue, accompanied by a feeling of exhaustion, yet are too restless and nervous to seek needed relaxation, the nerves are sending out to you a cry for help. Heed this plea! If you do not, serious consequences may result.

For years scientists have sought an effective remedy for such a condition. Thousands of tests and experiments have been made, yet, heretofore, no sure remedy has resulted. Now, at last, an eminent San Francisco physician announces a new discovery based upon the science of Homeopathy, a form of treatment recognized by many prominent physicians as the most effective remedial agent known to science.

This discovery is compounded into Eppa Neuritis Tablets and is now available to all who want relief from neuritis, neuralgia, nerve pains and other forms of nervous disorders. If you suffer from "nerves," try this remarkable preparation at once before your condition gets worse.

Eppa Neuritis Tablets are free from narcotics, bromides and coal tar products. Your druggist will recommend them.

Allen's Drug Store and Red Cross Pharmacy will supply you. Mail orders filled.

Show windows at home

You can get a degree of enjoyment just by looking at show windows—seeing the clocks, radios, fountain pens you might like to own. But you can't be sure you'd like them till you know their unseen merits. What they do, how well they do it, how long they'll keep on doing it well.

When you look at advertisements, you are looking at show windows that display not only what you see, but what you can't see. The product, its quality, use, pleasure to you. All you want to know about it—yours at a glance. You don't need to walk blocks to see what's new—nor look at it in doubt. Nothing doubtful is offered. It can't be doubtful and be widely advertised. You are as sure of a product's worth as if you saw it in a window, asked about it, examined it, took it home and tried it. The facts in advertisements are the facts of actual use.

You can get more than enjoyment out of these show windows at home. You can get solid economy.
