U.S. MAY AID EXPLORER

INVESTIGATION UNDER WAY OF JUROR BRIBING

Missing Witness Declares Shepherd Attorneys Forced Flight

Former Cases of O'Brien and Stewart to be Probed By Prosecution

CHICAGO, May 26.—The discharge of a juror breaking the first panel obtained in the trial of William D. Shepherd, charged with murder, and jury tampering charges, brought a double sensation in Judge Thomas J. Lynch's court in the criminal courts building today.

Timber to Be Cut—The Umpqua Mill and Timber company will finish cutting its contract timber purchased from the Siuslaw National Forest some time next week according to R. S. Shelley, forest supervisor.

Phoned Barley Prepared—The well-known cup of hemicupped by the late Mr. Socrates will be as effective as the starchy-lime-flavored luncheon prepared this morning by O. S. Fletcher, county agricultural agent, and A. W. Moore, bacteriologist of the United States department of agriculture.

Fishing is Lure—The state trap snout here this weekend and the McKenzie fishing prospects are acting as a double lure to sportsmen of the state, it is reported, and many who both angle and hunt are already arriving.

City Will Pay Respects to Veteran Dead

With the proclamation of Mayor E. R. Parks today, declaring Saturday a holiday in all city offices, and inviting every citizen of Eugene to join in the united Memorial day services, the city began final preparations for the most elaborate program for the day in its history.

All public offices will be closed, it is announced, including the postoffice, court house, banks and other public buildings. Stores and barber shops will also close their doors.

The mayor's announcement is as follows: "On May 30 every city, town and village in the United States will hold rites in honor of those who died on land and sea, fighting for the Stars and Stripes that liberty, righteousness, and democracy should be assured to us and our posterity."

"The city of Eugene, by parade, religious and ritualistic services, by martial music and decoration of graves with flowers, annually renews its pledge to those who have gone before while in the service of their country."

"Therefore, I, E. R. Parks, by the authority in me vested by the common council of the city of Eugene, do declare Saturday, May 30, a holiday in the city, and invite every citizen of the city to take some part in the memorial exercises planned for the day."

"The least, and at the same time the most, that the city of Eugene can do in memory of its soldier dead, is for its citizens unitedly to rededicate themselves to carry on toward the goal of universal peace and justice, to build our memorial to them in our lives."

All patriotic societies, lodges and other groups will parade in the morning of Memorial day, it is planned. The line of march will include bands, patriotic and veterans' organizations, American legion members, R. O. T. C. cadets, Boy Scouts, Pioneers, county and city officials, degree teams of fraternal orders, and citizens in cars. Fraternal services of the G. A. R. will take place at the I. O. O. F. cemetery.

Following the morning services a lunch will be served for the veterans. In the afternoon the Women's Relief corps will present the water memorial service on the mill race, at which flowers are strewn upon the water in memory of the soldier and sailor dead.

SENTENCE FOR WILSON IS SET AT 18 MONTHS

Violation of Federal Act Leads to Term at McNeil Island

Former Indian Agent Makes Appeal to Court But Fails in Effort

PORTLAND, Ore., May 26.—Eighteen months in McNeil's Island penitentiary was the sentence imposed today by Federal Judge R. S. Bean upon Horace Greeley Wilson who last week pleaded guilty to an indictment charging violation of the federal Mann act. Wilson was formerly Indian agent at the Klamath reservation, and his home recently was at Roseburg.

"Judge, I take an oath before God I never married that woman—if I did I was crazy," said Wilson in a statement to Judge Bean.

A crowded courtroom, tense and silent, listened while Wilson pleaded. Wilson stood calmly before court and counsel and dramatically declared he was innocent of a crime to which a few days ago in the same court room he pleaded guilty.

"I do not remember a thing about what Mr. Stearns has said about marrying that woman, your honor," he continued, referring to Aletta V.

AIDS FOR MACMILLAN RESCUE EXPEDITION ARE READY

At the left is shown Lieut. Com. F. E. Byrd, U. S. N., with the 10-pound runner boat which will be taken with the Macmillan Arctic Expedition.

Before initiation it is no larger than a handbag, but when blown up it will support a weight of 750 pounds. On the right, Lieut. Com. Byrd is demonstrating his transfer from a plane to the boat.

LANE FOREST AREA WILL BE SURVEYED FOR TOURIST CAMP

An area of approximately 200 acres across the McKenzie river about a mile from McKenzie bridge, will be put in shape for an automobile camp this summer, it was announced today by Nelson F. Macdell, supervisor of the Cascade forest.

The present camp ground comprises about 25 acres, and is cleared with all camping facilities. The larger area across the river will be similarly fitted, it is stated, and will be very attractive to tourists and campers.

C. R. Lockard, of the local office, is leaving today for McKenzie bridge to make the preliminary survey for the new project, and he will be joined the latter part of the week by E. W. Cleator, recreation engineer from the district office in Portland. The new camp ground is intended primarily for campers who desire to stay in the forest for some time, says Mr. Lockard.

Mr. Cleator and Mr. Lockard will also go over a large portion of the Cascade forest, and it will be noted according to his recreational value, it is stated. Many ideal camp sites will be plotted, and made known to the public, and the advantages of certain regions over others in the way of available water and firewood, and desirability of surroundings will be reported.

A record number of campers, hunters, fishermen and tourists are expected to spend vacations and week-ends in the Cascade forest this year, says Mr. Lockard.

Camp fire permits will be required for fires any place in the forest, it is stated, and tourists and campers are asked not to utilize the shrubbery nor to pick an over-abundance of wild flowers along the highway and in the camp.

Cow Causes Blaze That Razes Huts

BISBEE, Ariz., May 26.—Work of rebuilding its dwellings of tin faced many inhabitants of Tintown, a Mexican colony near here today—all because of the antics of a vagrant cow who wrought havoc in the village in scuttling the hovels of Chicago fire laws.

The Tintown conflagration like the disastrous Chicago fire, is supposed to have started yesterday when a cow wandered into the kitchen of a hut and kicked over an oil lamp. There being no fire fighting equipment in the village, one entire block was razed. The damage amounted to \$15.

Tintown is inhabited solely by Mexicans of the poorer class, who have built their homes from tin cans, parts of junked automobiles and anything else that could be tacked or glued to railroad ties that form the framework.

Judge McCamant Named for Bench

WASHINGTON, May 26.—(AP)—Wallace McCamant of Portland, Ore., was appointed today chief judge in the fourth judicial court.

Judge McCamant is a former associate justice of the Oregon supreme court, is a personal friend of the president, and has long been prominent in republican politics in his state. In the 1920 republican national convention, he upset the plans of the party chiefs by placing Mr. Coolidge in nomination for the vice-presidency at a moment when the delegates were in a mood to disregard the advice of their leaders and throw an overwhelming block of votes into the Coolidge column.

The vacancy on the circuit court to which Judge McCamant was named resulted from the retirement of Judge Erskine M. Ross.

Mae Murray Free By Courts Decree

PARIS, May 26.—(AP)—A divorce was granted today to Mae Murray, American motion picture actress, in almost record time, the grounds being desertion, cruelty and failure to provide.

The movie actress' husband, Hubert Z. Leonard, opposed the divorce decree, contending the action was groundless. Miss Murray said forth that the union had been unhappy almost from the beginning and that her husband had treated her with cruelty, disdain, contempt and had raised in her seven or eight children. Finally he excluded her from their home and had made no provision for her since the movie star maintained she said she had tried in vain to bring about a reconciliation.

Dempsey to Fight Soon he Declares

PARIS, May 26.—(AP)—Jack Dempsey announced today that he will be ready to meet the survivor of the four-cornered competition between Wenzel, Willis, Gibbons and Tunney. The statement was made after Dempsey had taken a strenuous workout at the athletic club at Paris. He declared he was anxious to get back into the ring and feels that the eventual winner of the forthcoming bout in America is worthy of a chance at the championship.

POLAR SEARCH CONSIDERED IF FOUND NEEDED

President Favors Move to Attempt Rescue For Amundsen Party

Keen Anxiety is Felt Over Long Silence From Ice-Bound North

(By The Associated Press) At 2:30 p. m., New York daylight saving time, no word had been received from the Amundsen-Ellsworth flying expedition to the North Pole. The explorers hopped off in two flying boats from Spitzbergen Thursday afternoon.

President Coolidge is considering the possibility of sending an American relief expedition but is not certain such steps are yet justified. Some Arctic experts in London began today to express anxiety but generally speaking a note of optimism regarding the fate of the party was maintained. H. E. Percin, secretary of the Royal Aero club of Great Britain voted confidence the party will come through safely.

Weather reports from the far north were less favorable today. At San Diego, Cal., Hans Naansen, pilot of the Arctic explorer Etelka Naansen, was raising funds to finance a relief flight to be conducted by Hanson H. Hammer, who led an expedition to relieve Amundsen in 1923. Speculation continued of the possibility of Amundsen having remained his flight over the pole and having already landed in Alaska. There were no facts to substantiate these theories.

WASHINGTON, May 26.—(AP)—Governmental relief for the Amundsen expedition to the North Pole is favored by President Coolidge, but he is not certain that the situation has reached the point where such aid would be justified.

The president has given no promise, but thought to propose to send one of the big naval divisions on a relief expedition. He considers that a dispatch on any such project should be filed with Secretary Wilson, who said today that the navy had given no official consideration to it.

Neither has any question of sending the USS Arctic or the USS Albatross to the rescue of the Amundsen party discussed at today's cabinet meeting.

Secretary Wilson said that any such expedition would be authorized only after the most thorough consideration and on the basis of a plan of procedure (which would be practical in every way). It would be absurd, he said, to send any Alaska into the Arctic in any manner way to search for the missing expedition.

SALEM, Ore., May 26.—A new problem relative to referendum petitions confronts Secretary of State Kiser, and has been put up to the attorney-general for solution. This is whether names signed to referendum petitions filed with the secretary of state can be withdrawn by him at the request of the signers. Yesterday he received about 200 postal cards requesting that names be withdrawn from the referendum petitions for the bus bill when these are filed in his office.

PORTLAND, Ore., May 26.—An amendment was made here today that petitions for a referendum on the bus bill passed by the last legislature have been prepared ready for filing with the secretary of state, containing more than 20,000 signatures, of which 10,000 have been certified.

SALEM, Ore., May 26.—A new problem relative to referendum petitions confronts Secretary of State Kiser, and has been put up to the attorney-general for solution. This is whether names signed to referendum petitions filed with the secretary of state can be withdrawn by him at the request of the signers. Yesterday he received about 200 postal cards requesting that names be withdrawn from the referendum petitions for the bus bill when these are filed in his office.

The attempted withdrawals were inspired it is said, by the association of county judges and commissioners who are bitterly fighting the referendum and who sent their petitions to several thousand signers of the petitions, requesting that they sign them and send them to the secretary of state.

ENDOWMENT FUND COUPON
