

TRACK SQUAD GOES NORTH FOR ANNUAL COAST FIELD MEET

Oregon's track team of 14 athletes will leave Eugene tomorrow afternoon for Seattle to defend its 1924 championship at the annual coast conference track and field meet to be held at the Washington stadium Friday and Saturday.

According to pre-season dope, however, the Websters will be lucky if they annex 17 points. Stanford will send such a formidable aggregation north that the northwest schools with the possible exception of Washington, will not even have a look in.

Prospects are bright for the breaking of about a half-dozen records. Flanagan of Oregon should have no trouble bettering the mark set by Merchant of California in 1920, in the broad jump, which was 22 feet 9 1/2 inches. Flanagan has consistently jumped around 23 1/2 feet all season.

Last year Captain Rosenberg of Oregon copped 11 points, but he will be fortunate to get even half that many this year. In 1924 he took first in the broad jump and second each in the javelin and pole vault.

Eby, who tied with Egert of Washington and Kinnery of Stanford last year in the high jump, should win points in that event as he has been clearing the bar at 5 feet 10 inches in practice. Egert and Work of Stanford have both been going over 6 feet 2 inches. Templeton's record of 6 feet 3 1/2 inches stands as a chance of being lowered by Work, whose best mark this year has been 6 feet 3 1/2 inches.

Jim Kinney has a good chance of coming second in the quarter-mile. His best time this year has been 50 seconds—better than that made by any other athlete in the conference except Miller of Stanford who has been timed under 49 seconds.

Except for Sweet of Montana, who has run the century in 9 4/5 seconds, Extra's mark has been as good as any other sprinter, and if a little luck, he should place. Against the Aggies Saturday he ran the century in 10 flat.

Relay Team Fast Oregon's relay team, composed of Cash, Ager, Kinney and Price, did the mile against the Aggies Saturday in 3 minutes 27 1/2 seconds. Washington's relay squad is the only one to make better time this spring, the quartet of Huskies clicking the mile in 3:25.8.

The following are going: Extra, Westerner, Flanagan, Kinnery, Price, Tetz, Holder, Kelsey, Cleaver, Eby, Rosenberg, Ager, Cash and Gerke. Jack Benefield, graduate manager, will accompany the team. He will represent Oregon at the coast conference managers' association meeting which will be in Seattle Friday and Saturday.

Is He Second Jones? Dick Wilson, Goffer, Looks Like Real Star

Down south they are calling Dick Wilson "The Goffer" of Southern Pines, N. C., another Bobby Jones. He's been displaying some great ability on the links of late. And, like Jones, he's a stylist, too.

MANY DRIVERS ARE ENTERED FOR AUTO CLASSIC SATURDAY

INDIANAPOLIS, May 27.—Speed demons from France and Italy will vie with America's best in the thirteenth annual 500-mile automobile race at the Indianapolis Motor Speedway May 30. The entry list shows five cars of foreign make which will be manned by European drivers.

It will be the first time in several years that the race will assume the proportions of an international event. Last year there was only one foreign entry and that was driven by an American. In years past, Europeans thrilled the fans with their recklessness and took home considerable chunks of the nearly \$100,000 prize money.

The race again will provide an opportunity for a number of automotive experiments. Practically every car entered is of the eight-cylinder type. Super chargers, introduced by German racers here several years ago and only in the experimental stage with Americans last season, will be used on many of the domestic speedsters. The super charger adds speed to a car, especially in coming out of turns in the track.

Single seaters, weighing not less than 1400 pounds and having power start in the 600-mile race. There are 35 machines on the official list and the 33 making the fastest time in the qualifying trials will start.

Among the leading American drivers who will wheel mounts are Tommy Milton, twice winner of the long run; L. L. Corum, joint winner with the late Joe Boyer last May; Ralph De Palma, Benny Hill, Jerry Wunderlich, Harry Hartz, Earl Cooper and Pete DePaolo.
