

GOLD HILL SPEED TRAP ABOLISHED BY CITY COUNCIL

Abolition of the Gold Hill "speed trap" which has been under the fire of the Oregon State Motor association for some time is assured, according to George O. Brandenburg, manager of the association, who is here today. Word was received by the association today that the city council at Gold Hill yesterday took a unanimous vote to abolish the system of arresting motorists and assessing fines which was held to be an unneeded strict enforcement of alleged speed laws of that city, Mr. Brandenburg states.

R. F. Reusswig, engineer employed by the association, is now in Jackson county to survey a new route for the Pacific highway to avoid Gold Hill. This plan recently proposed to the state highway commission is to be dropped now. It is said that as a result of the compromise of the Gold Hill city officials that Mayor Miller, who is said to have been active in the upholding of the speed trap, will resign and leave Gold Hill soon.

60 BLOCKS UNDER NEW MAIL SERVICE

Extension of the delivery service of the Eugene postoffice that will include approximately 60 blocks in the city is authorized in an order received this afternoon by Darwin E. Yoran, postmaster. Several areas of the city not now served by delivery are included in the new order. The exact streets where the service will be extended have not yet been definitely determined, the postmaster states. Mr. Yoran has been endeavoring to have this service authorized since last November when application was made. The present staff of 13 letter carriers and two parcel post delivermen are expected to handle the new territory until October 1 when an increase in the force will be made. The extension of service in the new districts is dependent on several factors. One of these is that sidewalks are required and that a proper mail receptacle is installed. Within the next few days the mail routes will be readjusted in order to take care of the additional territory, Mr. Yoran reports.

The extension of the delivery service will comprise blocks that surround the city in each direction including beyond the high school, south of the University of Oregon district and south and east in the Fatmoust district. A district in the northwest part of the city is also included.

3 SHIFTS USED ON TUNNEL WORK

Summer activities in the railroad construction camps of the Southern Pacific on the Natron cutoff are rapidly reaching top speed, reports Nelson F. Macduff, supervisor of the Cascade national forest, who returned yesterday from a trip over the railroad operations above Oakridge.

Three shifts a day are being used in tunnel No. 18, and several other of the tunnels, it is reported. The big steam shovels are now crowded to the limit, and are operated two shifts daily.

Coffee Factory to Be Operated Here

A coffee factory, where all the operations of roasting, blending, the milling and packing of coffee are performed, is the latest industry to enter Eugene. The Royal Coffee house opened such a plant today in the Matlock building.

It has been estimated that the average coffee sold at retail has lost 20 per cent of its essential aroma and flavor producing properties," says E. W. Gibbs, manager of the firm. "To get the full value of coffee it must come fresh from the plant, and in the public markets of our larger cities you usually find several small coffee plants, doing a thriving business."

The owners of the Royal Coffee house feel that Eugene is large enough to support such a plant. One of the first moves made in placing a roasting plant is an analysis of factors entering into coffee brewing, such as the water supply, etc. In Eugene certain chemicals are used in the purifying process of water coming from the Willamette, and we have perfected a blend to eliminate the "flat" taste as a result.

Local man Jailed For Check Charge

Charged with having passed a worthless check on the Rainbow cafe, Henry Comstock of Eugene, said to be a former railroad car inspector, was arrested last night and lodged in the city jail. The charge was sworn out by Herman Burgoyne, proprietor of the restaurant.

The check was cashed for the man May 15 in the restaurant. It is stated, and was for \$10. It was drawn on the United States National Bank. Comstock is to be given a hearing in justice court this afternoon.

Million is Given

Edward Hector, wealthy Chicago patent attorney, helps more than 400 men to study at DePaul University each year. Deprived of a college education himself, Hector, in 1919 established a scholarship fund to pay the tuition of poor students. Gifts of more than \$1,000,000 made the fund permanent. Hector is a native of Bedford, Ind.

Road Improvement To be Completed

Work on the North Fork road improvement under the direction of Earl McNitt will be completed the latter part of next week and the contractor will then move his equipment to the Middle Creek work, according to P. M. Morse, county engineer, who returned from a visit in western Lane this afternoon. Work on the widening of the road between Cushman and Mapleton has been started. This stretch of road may be designated as a market road if a number of petitions recently circulated are acted on by the state highway commission. It is necessary to have the width increased before the route can be provided with market road money as a special market road. The road at present is not in the best of condition for motor traffic, the engineer states.

Nine Counties not To Take Insurance

Of the 36 counties in Oregon given the privilege under new state laws, to participate in the workmen's compensation act for peace officers employed, only nine have rejected the plan, according to word received by Lane county officials from the state industrial accident commission. All counties had until yesterday to file rejection with the state commission. Counties to reject the law are Multnomah, Clatsop, Jackson, Curry, Umatilla, Lincoln, Coos, Douglas and Clackamas.

The peace officers coming under the provisions of the new law are sheriffs and deputy sheriffs.

Masonic Services At Triangle Lake

Eugene Masons are planning to send a delegation to the assembly in the open woods near Triangle Lake June 6, at which Springfield members will confer a degree upon one of their candidates. Representatives from lodges at Harrisburg, Springfield, Gervallis and Cottage Grove will be present.

The local Masons expect to leave Eugene at noon Saturday with their basket lunches. Dinner will be served at 2:30 o'clock, and the degree conferred at 3:30 o'clock. Those not eligible to attend the services will have boats and the pavilion at their disposal.

A new element called hafnium, recently discovered by Danish scientists, may be used in radio tubes.

APPOINTMENTS TO GROUP OPPOSED

(Continued from page one)

from Douglas and Multnomah counties respectively.

Through an agreement entered into during the legislative session last winter Senators Beals, Eddy and Garland were to have the appointment of a member of the commission upon the expiration of Kendall's term, Garland to name the man in case the three could not agree. It developed that they could not agree, for the reason mainly that certain southern Oregon names proposed by Senator Eddy were neither satisfactory to the governor or the other two senators. This resulted in the appointment falling upon Beals, who was very anxious to have the job. Senator Eddy is very friendly to Garland, and out of consideration for Eddy the governor appointed Garland to succeed Veatch. Senator Joseph's feelings in the matter also were considered in the Garland appointment.

Garland will assume the duties of commissioner as soon as he returns from California where he will go on a pleasure trip of several weeks. He said yesterday that he had not requested the appointment and did not come to Salem with the expectation of getting it. Mr. Veatch, whom Garland succeeds was appointed by the governor to succeed Dr. Ross of Portland when Pierce ousted Ross on allegations of extravagance. Veatch has barely served on the board, however, because Ross refused to quit until he had been removed by a decision of the court.

Jefferson Myers, former state treasurer, was with the governor much of the time yesterday and is believed to have given him relative to the appointments. Myers was looked upon as a probable appointee at the time the governor removed Ross.

MARK BROOM IS TAKEN IN RAID

Mark Broom, hunted by Lane county officers for more than two years, was cornered last night and is now in the county jail. Broom was arrested at Third avenue east and High street on the upper floor of the store building there by a number of county deputies and the city police about midnight last night.

Broom's car containing three gallons of liquor was found parked outside the building when the arrest was made. For more than two years Lane county officers have been endeavoring to capture Broom who is alleged to be the maker and owner of several of the large stills found in the upper Mekezie district since April, 1923, when the first big plant, the largest single still ever taken in Lane, was located.

Broom has been seen in Eugene several times since that time but all efforts to make a capture have proved fruitless. Charge of transportation of liquor and of possession will probably be filed against Broom now, it is said.

Carelessness With Rifle is Alleged

Complaints have been received at the office of Sheriff Taylor that a number of boys who have been in the habit of playing along the river bank at the end of Jefferson street have been firing a .22-rifle and that last Sunday a number of bullets passed near homes on the opposite bank of the stream. The sheriff has started an investigation and if the practice is not stopped there will be arrests, he states. Last Sunday two women sitting on the porch of one house were nearly hit by the bullets, according to the sheriff.

Edmunson Case is Still Under way

Up to late this afternoon the case of Leon Edmunson was still under way but it was expected that it might go to the jury before adjournment. The case is an appeal from the justice court on a liquor conviction. The last time the case was tried in circuit court there was a jury disagreement. An argument was heard by the court this afternoon to have the case taken from the jury but Judge Robert Tucker of Multnomah county who is hearing the case in place of Judge Skipworth denied the plea.

Graduation Class For St. Mary's big

Commencement exercises for the St. Mary's high school and grade school will be held next Monday evening at the parish hall, according to announcement today. Rev. Father

E. V. O'Hara will deliver both the baccalaureate and the commencement addresses this year. Eighteen graduates of the high school will receive their diplomas at the evening program, this being the largest class ever to be graduated from the St. Mary's high school. It is announced. The grade school graduates number 17 and they will receive their diplomas at a morning program. The baccalaureate service will be held next Sunday at the St. Mary's church, it is announced.

CHINESE RIOTERS SHOOT AMERICAN

(Continued from page one)

joining houses. The first outbreak in the riots occurred at the entrance to the station last Saturday when police fired on rioters killing six and injuring eight.

Traffic on the Nanking road, west from the Honan road, was suspended tonight.

American bluejackets are guarding the water works.

Several lesser affrays were developing tonight in other sections of Shanghai.

CHINESE PROTEST

PEKING, June 2.—(AP)—The Chinese government, through its foreign office here, today protested in a note to the other powers against the violence used in suppression of student demonstrations at Shanghai. The protest, sent through Italian Minister Cervuti, chief of the foreign ministers at Peking, declares the students are young men of good families, unarméd and full of patriotism and should not be treated as common malefactors.

The Chinese foreign office reserves right to make claims on behalf the student victims of violence at Shanghai, demands immediate release of students under arrest and asks that measures be taken by foreign powers to prevent a recurrence of similar affairs.

SERVED IN FRANCE

SEATTLE, June 2.—(AP)—Dr. Thomas G. McMartin, a dentist shot today during rioting in Shanghai, when a horse he was riding was killed, served in France with the dental corps of the American army in the World war. He has lived much in Victoria, B. C., but is an American citizen.

McMartin graduated in 1915 from the North Pacific dental college in Portland, Ore., and began practice here the next year. After the war he was ill a short time in an army hospital at Camp Lewis, near Tacoma, Wash. He resumed practice here in 1919, but went to Shanghai the same year. His wife and small daughter are with him in Shanghai. In France McMartin served with

W. J. Clark Takes Over Local Cafe

An option to purchase of Tall's American Cafe at 1555 Willamette street has been taken by W. J. Clarke, proprietor of the Toastwick Shoppe on Ninth avenue west, it was announced today.

Mr. Clarke states that he has no intention of closing his Toastwick shoppe as a result of the new deal, and that the probabilities are that he will close the American Cafe for a few days, during which it will be renovated and remodeled slightly.

Boys Suspected of Daylight Robbery

A daylight robbery took place Sunday at the Eugene Furniture store, 163 Eighth avenue west, under the Willamette hotel, it was reported to police officers Sunday afternoon. A large number of articles were taken, the total value of which would not exceed \$1000, it was stated.

Small boys are believed to have been the offenders, and the names of two boys 14 years old were given to

WHEN YOU ARE JUST DYING FOR A BICYCLE AND YOUR FRIENDS OWN ONE

—AND IN SCHOOL YOU CAN'T GET YOUR MIND ON YOUR STUDIES FOR THINKING ABOUT IT

—AND YOU HINT AROUND TO DAD ABOUT IT BUT HE PAYS NO ATTENTION TO YOU

AND YOU MAKE REGULAR TRIPS DOWN TO A CERTAIN STORE WINDOW TO GAZE AT THE WHEEL YOU WANT

—AND THEN ONE DAY DAD SAYS BECAUSE YOU'VE BEEN GOOD IN SCHOOL AND AROUND THE HOUSE YOU CAN HAVE THAT BICYCLE

—AND YOU GO RIGHT DOWN AND BUY IT—OH-H-H-BOY! AIN'T IT A GLOR-R-RAND AN' GLOR-R-RIOUS FEELIN'?

Ain't It a Grand and Glorious Feelin'?

When you hike along the joyville trail to school every morning on a bicycle?

When the gang gets together after school for a spin somewhere before going home?

When you don't have to get into a stuffy trolley to go to school or run errands for the folks?

When you have a good bicycle and ride off for a Saturday or holiday with the fellows—the cool woods, the baseball lot, the picnic, and all those places red-blooded boys go to?

When you feel yourself getting solid and stronger day by day from the exercise and the air and the sunshine?

Ain't it a grand and glorious feelin' to know your pals won't ride away and leave you, now that you have a bicycle and can be one of them? You can tell the world it is!

Your dealer is ready to show you the model you ought to have. It won't cost a whole lot. See him today—or get your Dad to take you to him—and tomorrow you'll do what all the fellers do these days—
