

If it pays another to own the home you live in, it should certainly pay you to own your own. Rent paying is a constant drain on your resources; as long as you keep your nose to the landlord's grindstone you will never be a success.

Every instinct for economy and welfare should therefore impel you to OWN YOUR OWN HOME.

When you are planning that home build it well—it is yours and is your part toward community improvement. Not only for yourself but as a matter of civic pride, make that home one of the better homes of Eugene.

These advertisers carry not only the best of materials but are more than willing—yes, even anxious to see you own a home that will be a credit to the firms you have purchased the material of. It is a credit to you, to them and to your own home town.

Start now to own that home. Consult the advertisers on this page—you'll be surprised how easy it will be. It's easier than paying rent and there is a lot more satisfaction in it.

Your Bath Room

should be one of the most inviting rooms in your home.

We strive to give the service that will please.

PLUMBERS

OF THE STATE OF OREGON

We wish to thank our many friends and customers for our success. Less than one year in our present location. Our motto is Quality and Service. Our mechanics are the best and we pay high prices to our men and demand highest grade of workmanship. By this motto is our success.

Our merchandise is all first grade. We do not handle any B grade material and our prices are right. Just ask those that we have installed our plumbing system for in their homes—there has been no comebacks.

THE CREED of the Copeland Yards

(Successors to Fischer Soult Co.)

To furnish the best materials at the lowest price possible. Not alone to make sales, but to retain customers. Good salesmanship, with us, means selling things that won't come back, to customers that will. An ounce of performance is worth a ton of complaint. Quality is never an accident with us. Promptness is the virtue we cultivate.

We expect our yards to reflect our individuality so that the impressions we make will be passed along to our present and prospective customers—because they are worthy of our utmost consideration.

May our PERSONALITY, which we hope you will like—our INDIVIDUALITY, which is made of that which we try to do to please you—and our PUNCTUALITY, which saves you time and allows of no shortage and gives you no surplus of material—may these things, we hope, meet your approval.

GOOD BUILDING MATERIAL IS THE MOST ECONOMICAL

The lasting qualities of your new House will depend entirely on the class of building material you put in it.

Before you decide we shall be pleased to talk with you about that material.

THE cheapest paint per gallon is the costliest in the long run—the only truly economical paint is one that gives your building protection against decay and saves repair bills.

Sun-Proof Paint

lets no moisture go through to start rot and decay. It outlasts ordinary paint and is lowest in cost per square foot on the building. Whatever your painter's varnish need, this store has the right thing for the purpose.

Let Gas be the Finishing Touch That Will Assure Your Home Comfort.

Of course the new home will be piped for gas! It's almost as essential for comfort and convenience as doors and windows and a roof.

If you're building this summer, notify us now. Or if you intend to have "the old nest" made modern and up-to-date with Gas Service, let us know. Call at our office and let us demonstrate new Vulcan Smooth Top Gas Range.

Free estimates on any installation—new house or old. Just phone 28, or come into the office.

Plumbing plays the same part in a building that the nervous system does to the human body.

It is intimately connected with your daily life and the preservation of your health. There isn't anything more comforting than properly installed plumbing.
