

EIGHT FOOTBALL GAMES ON LIST FOR OREGON MEN

University of Oregon will play eight football games this year, starting with the Multnomah city contest here October 3. At the meeting of graduate managers of the Pacific coast conference at Seattle last Friday and Saturday, the football schedules for 1926 were completed, and the basketball, wrestling and track schedules for 1926 were drawn.

The baseball schedules were tabled until the December meeting when the graduate managers will decide on whether or not to abolish the great American game. Some managers favor the move to drop it, not so much because of the great expense attached with the conducting of the sport, but because little interest is shown in it by the students.

Crowds Better

As for the sport at Oregon, the crowds were larger than last year, but the support given the team was nothing exceptional and at no game more than 1500 turned out. Oregon can produce the crowds only when the team is a winner, and this season the Webfooters fared badly, especially on the road.

The tennis schedule also will be arranged at the December meeting. Oregon had an extensive tennis schedule this season. It won the Oregon state intercollegiate championship, but failed to cut the mustard at the coast conference meet at Seattle last week.

Aggies Come Here

The Aggies will come here for the homecoming game November 14 and the Webfooters will wind up their season with the game at Washington Thanksgiving day.

To fill up the schedule games have been arranged with the Multnomah club, Pacific and Willamette universities. The one with the Multnomah club will be of considerable interest to the Oregon students as that team is coached by Al Schacht, former star quarterback on the Oregon team.

To curtail the basketball season, no games have been scheduled with the Northwest conference teams, which are not members of the Pacific Coast conference. As a result, Oregon will play only 10 games in 1926, two each with Montana, Washington, Washington State, the Aggies and Idaho. The Oregon team will go to Missoula for a game with Montana for the first time since the Grizzlies have been admitted to the conference.

Track Meets Billed

On the track schedule are three dual meets, one each with Stanford, Washington and the Aggies. The Webfooters will take part in two other meets, the annual Washington relay carnival at Seattle, and the annual coast conference championship track and field meet at Palo Alto. The conference meet has been set back one week to permit the Californians to enter both that and the national meet.

The wrestling team will have plenty of action next year. Five meets are on the schedule, including two with the Aggies, and one each with Washington, Washington State and Idaho.

Billy Evans Says—

By BILLY EVANS

THE New York Giants are keeping pace with all the nice things said about them before the opening of the season.

When I saw the Giants in action during the spring training season, I was impressed by the great power of McGraw's club.

Yes, the feature that struck me most forcibly was the enthusiasm of the club. Repeated success in no way seemed to have dulled the players' desire to win.

I saw the Giants play several exhibition games, some of them against minor league clubs and they put the same enthusiasm in their play as if fighting for the world championship.

I watched the Giants at the fag end of my tour of the training camps. I had seen practically every other big league club in action. I expressed the opinion that the Giants were the best club I had seen and would probably outclass the rest of the National field.

So far the Giants are making good as being rated the class of the field. Continuing their present pace the team will be pretty well over by August first.

Enthusiasm, love of the game, is

after all a most potent asset to a pennant-winning club. It was spirit more than any one thing that won a pennant and a world series for Washington. The club simply refused to be discouraged, no matter how great the provocation.

Washington, in its effort to repeat the success of last year, impresses you by the enthusiasm every member of the team puts into his work.

When Al Schacht and Niek Albrook, baseball's prize comedians, are on the coaching lines, they are about the most serious pair in the game.

The surprise showing of the Philadelphia Athletics and the Chicago White Sox, must be attributed to spirit.

The personnel of both clubs is practically the same as last year but spirit and fight have changed them from second division aggregations to pennant contenders.

The will to win is a fine thing. It makes great clubs out of merely good combinations. Clubs managed by John McGraw always seem to have it.

Portland Wins in Wild Slug-Fest

PORTLAND, June 2.—Portland won a wild game from Los Angeles yesterday, 11 to 10, when La Fayette slammed a liner too hot for Pitcher Remsey to handle in the ninth with the bases full and one out. Los Angeles scored seven runs off Yarrison up to the seventh, to three for Portland, but the Beavers rallied in the seventh and pounded out seven runs. Los Angeles came back in the ninth and tied with three more runs.

Score—R H E
Los Angeles.....10 15 0
Portland.....11 13 1

Batteries, Root, Phillips, Ramsey and Sandberg; Yarrison, Winters, Meeker and Tobin.

San Francisco.....2 8 2
Seattle.....7 7 1

Feel All Out of Sorts?

IS a constant, nagging backache spoiling your summer? Do you get up lame and stiff—feel tired all day long? Are you so nervous and worn-out you cannot rest or relax?

Look, then, to your kidneys! You cannot be well unless your kidneys properly filter the blood. Sluggish kidneys allow poisons to accumulate and upset the whole system. When this happens you are apt to suffer nagging backache, sharp twinges of pain, lameness, soreness and stiffness, dizzy spells and annoying kidney irregularities.

Help your kidneys with a tested stimulant diuretic. Use Doan's Pills. Doan's are used and recommended the world over. Ask your neighbor!

Here is Eugene Proof:

Z. T. Stoutemyer, 293 Washington St., says: "When I notice any irritation through my kidneys or they don't just act right, I take a few Doan's Pills and they always put my kidneys in good order and make my back feel as strong as ever."

FOUR YEARS LATER, Mr. Stoutemyer said: "Doan's Pills always help me when my kidneys get out of fix."

"The best worker on the ranch"

"Yes, sir, that old Ford hasn't soldiered a day since I took to using this new Zerolene 'F' for Fords."

"And work! Say, she takes hills on high she never could negotiate before, and unless I'm crazy she travels quite a bit farther on a gallon of gasoline."

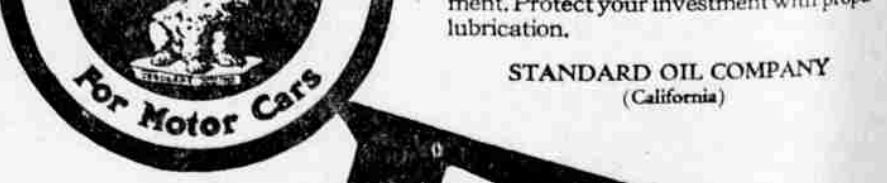

Fords all up and down the Pacific Coast are picking up and surprising those owners who "tried out" Zerolene "F" for Fords when it was first put on the market, a little over a year ago, and have been sticking to it ever since.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It lubricates all the bearing surfaces where oil is needed, especially the wrist-pin bearings and the upper half of the cylinder walls which are frequently "oil-starved" when an unsuitable lubricant is used. The result is improved gasoline mileage, quicker starting and increased freedom from carbon and other motor troubles.

Yet Zerolene "F" for Fords costs not more, but less than most of the special Ford oils now on the market.

A Ford is an A-1 transportation investment. Protect your investment with proper lubrication.
