Two teams of ten school pupils each from Geary and Frances Willard junior high schools will compete in the music memory contest to be conducted Friday night, June 5, at the presentation of the "Queen of May" children's chorus at the Methodist church.

The members of the two teams were announced today by Miss Leona G. Marsden, school music supervisor. At Geary school the 10 pupils were the highest in an exacting test conducted this week, in which excerpts from the musical selections were played for the contestants and they determined the name of the piece and its composer.

Two of the Geary contestants finished with a perfect score. They were Charles Goetting and Odessa Knowles. Other members of the team are Sidney Little, Emily Shipman, Ruth Griswold, Grace Farris, Billy Seaver, Leona Hall, Lily Ruth and Monroe Shannon.

Frances Willard school's team will be composed of Donald Caswell, Lyda Torrence, Alice Olmstead, Frances Johnston, Maxine McDonald, Ruth DuPuis, Martha Patterson, Ernestine Gilstrap, John Pennington and Gifford Nash.

Cash prizes will be \$3, \$2 and \$1. School prizes are \$10 in phonograph records to the winning school, and \$5 in records to the second highest school.

The notebooks kept by the students are original, according to Miss Marsden, and will be on exhibit at the Methodist church the night of the contest. They will be judged for quality of completeness, neatness, originality and fidelity to meaning.

Contributors of prizes include the Federation of Women's clubs and Parent-Teacher council, Laraway's, Marshall's, Morris', and Eugene music stores, Berry furniture and piano store and Wetherbe-Powers.

The petition requesting the new road was presented to the county court several weeks ago and it stated that the proposed route would provide a shorter road to connect with the present Coburg road and was needed for a number of residents residing north of the river. BETTER MAIL PLAN STARTS THIS WEEK

"Careless mailing by the public costs the government millions annually and the 'better mailing week' movement is a means of curtailing this," according to Darwin E. Yorau, postmaster. "Better mailing week" opened Monday and will close next Sunday and the attention of the public is being called to the necessity of more care in addressing letters and packages.

Some figures as contained in a government bulletin showing the losses to the postal department due to carelessness are cited by the Eugene postmaster. Last year 21,000,000 letters were sent to the dead-letter office for want of proper addresses, he states. A total of 863,000 parcels were also sent in as the department was unable to find the parties to whom they were intended or the names of the senders. One hundred thousand letters were mailed in perfectly blank envelopes. More than \$300,000 in checks, drafts and money orders were contained in letters consigned to the dead letter office. Fifty five thousand dollars in cash and \$12,000 in stamps were also contained in these dead letters, the postmaster states.

DRAINAGE DITCH ON AMAZON IS TALKED

Preliminary plans for the cutting of the new Amazon slough drainage ditch are expected to be taken up at the next meeting of the city council, according to a statement today by Mayor E. B. Parks. The plans for this ditch which will be started between Oak and Pearl streets and will cross Willamette street at the present site and will follow Fourteenth avenue to the west leading closely to the Thompson plan although no concrete will be used, the mayor states. The Thompson Amazon drainage plan provides for the elimination of several of the sharp turns in the channel especially at the bend after the slough crosses to the west side of Willamette street.

The ditch cut by the city will connect with a similar channel across the county fair grounds and this in turn will connect with the channel recently cut across the Chambers property west of the fair grounds.
