

ATHLETICS VIEW SENATORS' SPURT WITH DUE ALARM

NEW YORK, June 9.—(AP)—The leading Philadelphia Athletics today viewed with new alarm the reduction of their advantage over the champion Senators in the American league to but a game and a half. Little hope of recovery for the team from a slump is entertained, until its weakened pitching staff is bolstered by the return to regular duty of Sam Gray and Fred Heimach, both of whom are injured.

Washington picked up another half game on Mack's team yesterday by remaining idle while the pacesetters were being jolted again in Detroit, where the Tigers pulled out a 7 to 6 triumph after the Athletics had tied the score in their half of the ninth.

When an improper batsman hits safely and runs on the bases at the time advance as the result of the hit, what action is taken if the batting-out-of-order play is properly discovered?

Just one thing more is always necessary to remember in batting-out-of-order plays, aside from the fact that the proper batsman is the player called out when the mistake properly discovered. It is this:

At no time can any runner or runner advance on any act of an improper batsman which is discovered by the team in the field and an appeal made to the umpire.

Let us assume that the bases are filled and two are out when an improper batsman doubles, clearing the bases.

The team in the field being aware of the error calls the attention of the umpire to the slip. He makes the proper batsman out. This calls the third out and erases the three runs that had crossed the plate.

If there was one or no one out at the time, the runners who had scored would simply return to their original bases.

Johnny Dundee is the third battle scarred warrior to hurl June defiance to precedent. Turning his back on the fate of Mike McTigue and Tommy Gibbons, the former featherweight champion will make his stand this evening at the inaugural show of the new Coney Island stadium in a 15-round fight with Sid Terris. New York lightweight, who only recently won a close verdict from him in the

Yachts Ready for 3665 Mile Jaunt

SAN FRANCISCO, June 9.—(AP)—Four San Francisco yachts provisioned for a three-week run are at anchor off Sausalito awaiting the starting gun to speed them on what is considered to be the longest yacht race ever promoted.

From the Golden Gate to Tahiti—a distance of 3,665 miles the little craft will contend with each other, straining every mile of the way to win the Lipton trophy that awaits the boat making the best time, handicaps to be considered.

A second cup from the San Francisco Yacht club will go to the first boat to anchor in Tahiti harbor, regardless of handicaps.

The personnel of the racing committee will be named today.

The starting gun will boom at 4:20 tomorrow afternoon.

Yachts which will start will be the Mariner, owned by L. A. Norris; Biolo, John C. Piver; Idilia, Dr. E. R. Parker; and the Shawnee, belonging to Mack Fontana.

Fruitgrowers are Beaten by 5 to 0

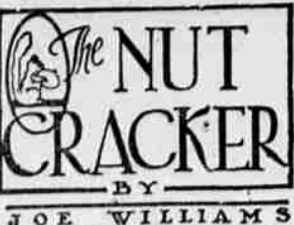

Furniture and Druggists' baseball team of the Eugene Twilight League played things around the Fruitgrowers last night to the tune of a 5 to 0 score.

Standing of the league is now as follows:

Southern Pacific	3 0 1.000
Furniture-Drug	3 1 .750
Postoffice	1 1 .500
Bankers	1 2 .333
Fruitgrowers	1 3 .250
