BATTLE GAINS FORCE

MR. COLBY AND MR. DARROW TO ASSIST SCOPES

Mr. Malone Will Engage in Research as Far Back as Galilee

Charles Evans Hughes Will Be Held in Reserve Against Bryan

NEW YORK, June 10.—(AP)—As the result of various conferences in New York, Clarence Darrow, Chicago criminal lawyer and Bainbridge Colby, former secretary of state, have been chosen to assist in the defense of John T. Scopes, Dayton, Tenn., school teacher charged with violating the Tennessee law prohibiting teaching of evolution in the schools.

Darrow and Colby are expected to lose the case in a spectacular fashion at first, preparatory to the state and United States supreme courts passing on the constitutionality of the law.

Dudley Field Malone, who with Darrow first volunteered his services, was delegated to keep the home fires burning in New York. With Samuel Rosenblum of the legal staff of the Civil Liberties Union, Malone will engage in research, digging up previous trials of scientists as far back, it was said, as Galilee, who got into trouble by announcing that the earth moved around the sun.

Malone was not chosen as one of the assistants to John H. Neal, former dean of the University of Tennessee, it was suggested, because he was brought up a Roman Catholic and because he remarried after a divorce. Both of these circumstances, advisers said, might prejudice him with a jury in Tennessee.

Charles Evans Hughes, also former secretary of state, will be held in reserve in the event the case reaches the United States supreme court. Mr. Hughes has been suggested by those who feared Darrow's defense of Leopold and Loeb, murderers of Bobby Franks, might prejudice him with a jury in Tennessee.

MR. WILBUR VIEWS EVOLUTION THEORY

DURHAM, N. C., June 10.—(AP)—Some of the questions involved in discussions of the Bible and evolution were touched upon by Secretary Wilbur of the navy department, in a prepared commencement address today at Duke university, on the subject, "Common Sense."

Quoting as his text, "If any man lack wisdom let him ask of God who giveth abundantly and upbraideth not, and it shall be given him."

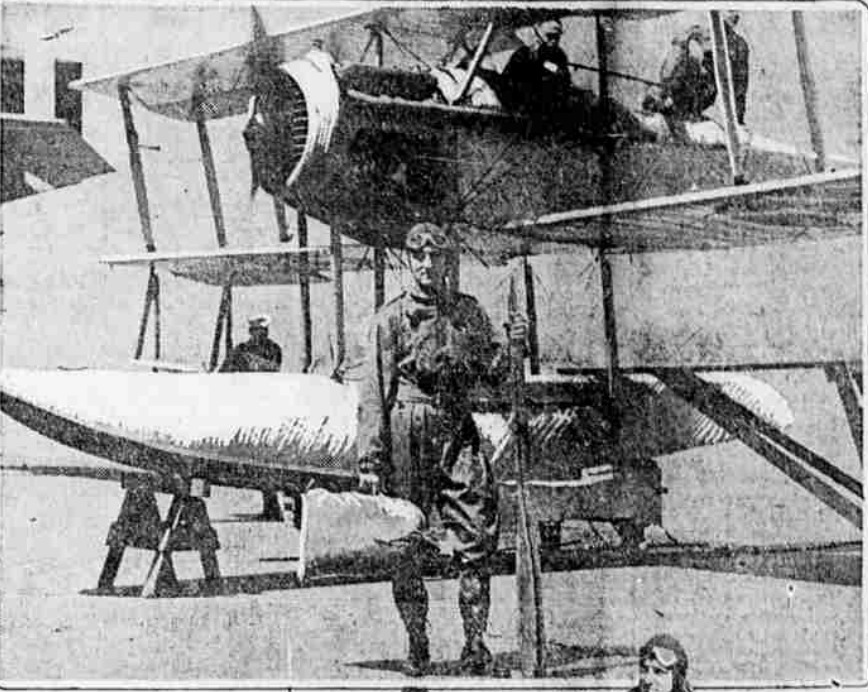

Appealing for application of common sense to many of the problems of life, Mr. Wilbur said:

"We need common sense in religion. 'If the Bible is the inspired word of God, as we believe,' he added, 'then he created the universe and left the record of that creation forever inscribed upon all created things. There are at least two divine books, the Holy Bible, on whose pages are inscribed the doings and sayings of holy men, and the book of nature. A part of this historical story is plainly written upon the geological strata which circumscribe the globe. Common sense suggests that these two records be considered together and that to reject and utterly ignore either is equally foolish.

"Science today, whatever else it may have accomplished, has demonstrated that the universe is constructed on a plan and should be created according to laws, which still operate daily. 'These results not only suggest, but

MacMillan Expedition Starts For Boston on First Leg of Trip

Lieut. Comdr. R. V. Byrd, U. S. N., flight commander of the MacMillan-National Geographic society aerial expedition to the Arctic is seen (inset) testing the newly invented rubber boat which is included in the equipment of the fliers. The boat, with its oars, collapses into a small bag, as shown in the larger photo. In the background is one of the planes prepared for the expedition.

EUGENE PLUMBERS ON STRIKE; WAGE SCALE IS CAUSE

Demanding a wage scale of \$8 a day, all union plumbers in Eugene went out on strike, it was announced today.

Boss plumbers went to work immediately after the strike was declared, and are endeavoring to carry on during the time a settlement is pending. The former scale of wages for union men was \$7 a day, although in some shops employees were receiving \$8. These men, it is understood, also walked out in sympathy with their striking fellow-workmen, and also in recognition of union shop rules.

Approximately 25 men are affected by the walkout, and plumbing work in a number of large buildings has been halted as a result. The union men insist that plumbers in Eugene are the lowest paid on the coast, the scale in Portland being \$10; while employers declare that while they are willing to pay \$8 to some workers, all of them are not worth it. Employers further say they will not take the striking employees back.

Effort is being made to bring the employers and union officials together to arbitrate the dispute.

Unidentified man Killed Near Odell

BEND, Ore., June 10.—An unidentified worker died yesterday as the result of being crushed between two cars near Odell lake on the Satron cut-off construction, according to word received in Bend. While the body was brought to Bend, the accident happened in Klamath county and official swells sent from Klamath Falls, according to A. J. Moore, district attorney.

The man was employed by the Stewart and Webb Construction company but telephone lines between Bend and Odell lake are partially out of order so that full information is yet unavailable.

France and Spain In Full Accord

GENEVA, June 10.—(AP)—France and Spain have reached a full accord on the general idea of cooperation in and finally the long prevailing warfare in Morocco. It was learned spontaneously here today.

Veterans to Have State Land Loans

These applications for the state soldiers' loan have been filed from Lane county by veterans of the Spanish war following the provisions of recent state legislation which extends the loan privilege to the service men of the war of '98. It is expected that a number of others will also file here, according to Colonel J. M. Williams, Lane county attorney for the state bonus board. A number of applications are also to be acted on soon from world war veterans who desire to re-tire the cash bonus accepted and take the loan. This privilege was also provided for in the new state laws.

Baseball Results

ST. LOUIS, June 10.—(AP)—Roger Hornsby, star batsman of the National league, hit his 10th home run of the season in the fifth inning of today's game with Brooklyn. Hubbard was pitching.

Today's homer gives Hornsby undisputed possession of first place among the home-run hitters of both leagues.

EUGENE REALTY BOARD ENDORSES TERMINAL PLAN

Endorsement of the Eugene chamber of commerce in its effort to have the Southern Pacific establish terminals and car shops here was voted at a meeting of the Eugene Realty board held at the Oxburn hotel at noon today. A committee composed of H. U. Lee, J. T. Evans and Lewson G. Beasley was appointed to prepare resolutions and tender them to the chamber and also offer the aid of the realty board in any way to further the plan of railroad development here.

Nineteen members of the board were present for the meeting and unqualified approval of the action of the railroad committee of the chamber was voiced by those present.

T. W. Zimmerman, secretary of the Northwest Realty association, and Will Ross, representative of the national realty boards, were present as guests of the board and each talked on the value of cooperation and organization among the realtors.

The first leg of the journey, which will eventually carry the three big amphibian planes up to the ice-bound rim of civilization was started at 1:30 p. m. daylight thus, from the Philadelphia Navyyard. The planes are expected to be in Boston by five o'clock.

The purpose of the MacMillan expedition is the discovery and exploration of new lands. In the course of flying it is possible the Americans will pass over the North Pole. Flight Commander Byrd said, although as he added, "there is no extreme excitement in finding a spot that has already been discovered."

The planes and their crews are: NA-1 Lieutenant Commander R. E. Byrd, navigator; Chief Machinist Mate Floyd Bennett, pilot; NA-2 Chief Boatswain R. R. Reber, pilot; A. Bocheville, machinist mate, first class, mechanic.

NA-2 Lieutenant M. A. Sehar, pilot; Machinist Mate N. C. Nold, mechanic.

MARK BROOM TO FACE SIX COUNTS

Six indictments all of them dated from 1923 were read to Mark Broom when he faced Judge G. P. Skippowitz in circuit court for arraignment this afternoon. Two indictments are for operating a distillery; one in April, 1923, and the other September, 1923. Two indictments for liquor possession, April and September, 1923, and two indictments for possession of wash, April and September, 1923. Broom will plead on the six indictments at 9 o'clock tomorrow morning. This time having been set by Judge Skippowitz. Broom is represented by Paul Dornmeyer, Portland attorney, who is representing Louis H. Edmundson. Bail was set at \$1000 each on the six indictments making the total bail \$6000 as bail of \$2500 was set in justice court when he was bound over to the grand jury at liquor charges filed after his arrest two weeks ago.

M'MILLAN TRIP TO NORTHLAND IS UNDER WAY

First Hop of Three Planes From Philadelphia is Successful

Jaunt to Squantum, Mass., Is Made in Teeth of Stiff Wind

SQUANTUM, Mass., June 10.—(AP)—Two of the amphibian planes to be used on the MacMillan Arctic expedition landed at the naval reserve flying base here shortly after five o'clock after a flight from Philadelphia. The third plane, NA-3, was not in sight as the others landed safely on the water near the dock.

Lieutenant-Commander Richard E. Byrd, in charge of the planes, said that 20 minutes after leaving Philadelphia the NA-3 turned back. He did not know the nature of the trouble. Radio reports received here said the missing plane made a second start from Philadelphia at 2:20 o'clock, eastern daylight time.

PLANES TAKE OFF PHILADELPHIA, June 10.—(AP)—Fit for any service, the three amphibian planes to be used on the MacMillan Arctic expedition left the navy yard this afternoon for Squantum, Mass.

The NA-1 was the first to get away. The NA-2 and the NA-3 followed at minute intervals. They headed down the Delaware river in the teeth of a stiff wind, circled around and then started north.

Course is Plotted During the final preparations, Lieutenant-Commander Byrd sat in the aviation office plotting his course and adjusting his compass. His five-year-old son, Dickie, sat proudly beside him. Mrs. Byrd was with her husband as was his mother.

The aviators prepared for their long flight as unobtrusively as though they were embarking for a short routine flight.

The planes are carrying with them the "polar mail," a large packet of postcards addressed to President Coolidge and other high officials, which they will mail from Squantum. On the postcards is printed "the top of the morning to you—the top of the world for us."

Start is Made The first leg of the journey, which will eventually carry the three big amphibian planes up to the ice-bound rim of civilization was started at 1:30 p. m. daylight thus, from the Philadelphia Navyyard. The planes are expected to be in Boston by five o'clock.

Shepherd Jury is Finally Chosen

CHICAGO, June 10.—(AP)—The jury to try William Darling Shepherd for the murder of his young millionaire ward, William Nelson McCintock was completed shortly after four o'clock today when the final panel was accepted and sworn. Nearly four weeks had been spent in the examination of several hundred witnesses.

NEWPORT VOTES BONDS NEWPORT, Ore., June 10.—At a city special election yesterday approval by a vote of nearly two to one was given a bond issue of \$25,000 for a new city hall and \$20,000 bonds for refunding outstanding city warrants.

Southern Pacific Survey is Begun At bed of Lake

KLAMATH FALLS, Ore., June 10.—Work on a relocation survey of the Medco Northern which would route the line from Merrill across the old bed of Tule lake was started this morning by Southern Pacific engineers. If this new line is used it will mean a considerable saving inasmuch as the original location skirted around the edge of the former lake bed.

Still another projected route between Merrill and Malin has been under survey and was completed yesterday, engineers announced.

CONGRESSMAN TO FACE NEW CHARGE OF DRUNKENNESS

PIKEVILLE, Ky., June 10.—(AP)—Released early this morning after serving a jail sentence of 10 hours and payment of a fine of \$10 both for contempt of court, Congressman John W. Langley, republican, Kentucky, will face a charge of drunkenness to day before Police Judge J. P. Marrs, who heard the charge in part yesterday and who sentenced him to contempt of court.

SID Finn Attacked. Judge Marrs fined the representative \$10 when Mr. Langley, with an oath, declared that whatever sworn to the warrant against him were to a lie. The judge considered additional oaths in denial of the charge as further contempt of court and ordered him imprisoned for 10 hours. Mr. Langley's judicial sentence officially was at an end at 2 o'clock this morning. The warrant against the Kentucky representative was sworn to by Mrs. W. P. Hendricks. A deputy sheriff in making the arrest said he found Mr. Langley only partly intoxicated in a downtown building.

Faces Prison Term. Mr. Langley has been in the public eye on numerous occasions in the last year, most of which dealt with federal indictments against him for alleged withdrawal of liquor from government warehouses. He was convicted on one of the charges and faces an Atlanta federal prison sentence. Recently his deposit it was taken here on a similar charge to be heard in Washington in a few months. He also was arrested on a charge of

Native Section Hit. On Monday afternoon demonstrators said the Cantonese and Yunnanese forces were firing across the waterway dividing the city from Hobson island and emboldened to the Canton municipal government "drop out" through the waterway, shooting point blank into the native section of the city.

The Cantonese troops at that time were reported to be treating Chinese governments from the outside, but it is not as rapidly as last week expected. The Yunnanese troops were also at their ground.

The Canton government, accompanied by other city officials, had to him, but left Canton for Yunnan.

Communists Opposed. Leaders of the Yunnanese announced their support of the Kuomintang party, but declared at the same time they were opposed to communism.

LAUNCHES AND BUILDINGS OF AMERICANS HIT

Occupants of Boats Escape Injury; Foreign District Is Fired Upon

Cantonese Re-Inforcements Increasing; Yunnanese Holding Ground

WASHINGTON, June 10.—(AP)—Fighting between Cantonese and Yunnanese troops for possession of Canton "continued with growing intensity" on Monday, the state department was advised today in delayed dispatches.

The Canton-American hospital was hit by "one small shell and several rifle bullets," the dispatches said, and two American launches of the route to the Christian college at Canton "were frequently hit by rifle shots, but the occupants escaped injuries.

AMERICANS DENOUNCED SHANGHAI, June 10.—(AP)—Americans today were included in the denunciations contained in handbills distributed by Chinese strike leaders endorsing to every on a general strike here.

Outbreaks and demonstrations at Peking, as reported by Chinese circles, seemed to inspire strike agitators to rekindled efforts. The strike movement, however, with the exception of the shipping strike, appears disintegrating.
