

LANE FAMILY WILL SCHEDULE REUNION

Several members of the Rickard family and their friends met together at McFarland chapel for a reunion. This family came across the plains to Oregon in 1853. There were four brothers (Casper, John, Andra and Peter), also two sisters, Mrs. Sarah Tracer and Mrs. Christina Beck. All of the pioneer members of this family have died, but each was married and had a family of several children.

New the grandchildren and the great grandchildren of the different members of this family are scattered and not even acquainted, so it was decided for the sake of the rising generations to organize and have an annual meeting trying to get in touch with every member of each family, and to have their names enrolled. It was voted to have the next meeting on the third Sunday in June, 1929, at Mrs. Sarah Foster's farm near Junction City, which was formerly part of Casper Rickard's old home place. Bird Rickard was chosen chairman, Mrs. Rena Edmiston secretary for the coming year. Miss Dorothy Truffer was appointed on a committee with the privilege of choosing her helpers for entertainment. It is also planned to advise others so all members of the family who were unable to attend this year may know the plans for the future.

There were about 100 in attendance. Those present were: J. C. Truffer and daughter, Dorothy; Mrs. Marvin Jackson and children Lucile, Lawrence and Byron; Mr. and Mrs. Edwin Horning and son George; Clarence Horning, Andra Calvert and children Alice, Roy and Harvey; Mr. and Mrs. Bud McPherson and children Virgil, Ester and Lavern; Mr. and Mrs. Bird Rickard and family, Selma, Delta, Viola and Oran; Merit Rickard, Ivan Rickard, Mr. and Mrs. Hugh Taylor and children Homer, Leola, Lorraine, Carol and Marjorie; Mr. and Mrs. Irvin Rickard and sons Garth and Gail; Mr. and Mrs. Fred Russell and children Maude, Edmiston and Ben; Mr. and Mrs. Roy Edmiston and children Leone, Nathalie and Genevieve; Mr. and Mrs. Perry Edmiston, Mr. and Mrs. John Edmiston and children Maude, Hazel, Loren and James; Howard Bingham, Mr. and Mrs. Walter Platt and sons Carl, Kenneth and Roy; Mr. and Mrs. J. H. Rickard, Lillie Rickard, Mr. and Mrs. G. R. Taylor, Mr. and Mrs. Chris Tracer, Fred Tracer, Mr. and Mrs. Arnold Tracer and children Arleigh, Lavern and George; Mrs. Virginia Hinkle and daughter Mary; Mr. and Mrs. George Rickard, Frank Rickard, Mr. and Mrs. Sarah Foster, Mr. and Mrs. E. E. Dicker and children Iuanita and Delbert; C. J. Ramber, Mr. and Mrs. James Calvert, Dora and Arthur Calvert, Harvey Hanson, Mrs. Anna Hanson, George McClure, Mr. and Mrs. Ray Rickard and Mrs. Jones.

Flower and Fern Procession Will Be on Saturday

One of the very quaint and beautiful services that has long been a traditional event in connection with the University of Oregon commencement week is the fern and flower procession, held by the alumnae, and graduating women, which this year comes on Saturday evening. It will be held on the west slopes of the campus near Villard hall.

At seven o'clock the alumnae of the university will form in line in front of Friendly hall, and the senior women will form in line in front of the library. The line of march is along "hobby" lane, along east of Villard hall and around past the Oregon seal to the west side of Villard.

During the march the alumnae will open ranks and the senior women will march between, this being a service in which the alumnae recognize the seniors as alumnae of the university.

GRADUATING CLASS AT OREGON LARGE

The number of students in the graduating classes of the University of Oregon has shown a considerable increase since the first graduating class of 1878. Five students received diplomas in 1878 and this year 429 will be graduated, the largest in the history of the university, which is an increase of 8300 per cent.

With the group this year the total number of graduates, for the 48 classes, will be 4784. The number this year is 8 per cent of the entire number graduated during the past 47 years. In the past ten years, including 1925, the number totaled 2382 as compared with 2402, who received diplomas the first 28 classes of the university, which shows that the school has graduated nearly as many in the last ten years as in the first 28.

For the first 18 years from 1878, the number of graduates in no year reached the 50 mark, and 1895, with a class of 46, was the nearest approach. In 1896 the total reached 83, and the following year, 1897, 86, and the figures show a decrease up

to 1907. The degree of Bachelor of Scientific Didactics was conferred only one year, 1897, and six students received degrees.

Diplomas were awarded to 112 in 1907, the first year that the 100 mark had been reached. The following two years showed a decrease, but in 1910 the number increased to 134.

Two hundred three were graduated in 1913, and the following year 212, and it was not until 1929, when 299 graduated, that the total again reached the 200 mark. The past five years have shown a considerable increase and the list this year is 78 more graduates than in 1924.

During the first ten years, from 1878 to 1888, the number of graduates was only 120. The following ten years, 1888 to 1898, the total increased to 420. From 1898 to 1908, although the increase was not so great, the number was 606, and this figure was more than doubled from 1908 to 1918 when the graduates numbered 1511. During the last eight years, including 1925, the number was 2122, an increase of 611 over the previous ten-year total.

Although the number of graduates this year is the largest in the history of the university, the officials believe that the number in 1926 will probably be greater.
