AWARD WINNERS AT UNIVERSITY ARE ANNOUNCED

Awards consisting of cash, cups, scholarships and other prizes have been announced by the president's office to university students in recognition of scholastic excellence.

Eloise Rock, Eugene, junior studying education was awarded the Gerlinger cup as being "the best all around woman in the junior class."

The school of medicine scholarships were awarded to Camilla Anderson of Eugene, Emil F. Furrer and Joseph Goodman, both of Portland. The scholarship entitles the holder to exemption from payment of fees, wholly or in part, for one year at the university school of medicine.

The Mu Phi Epsilon prize awarded to women in the school of music on the basis of talent, personality and general scholarship, was awarded this year to Barbara Edmunds, freshman of Pendleton, in the lower division, and Wanda K. Eastwood, junior, Eugene, in the upper division. The award carries with it a year's study at the university school of music, tuition free.

The annual John Barnard Jackson Memorial prize of $60 was awarded to Paul S. Billington, Reedsport, Ore., as being the outstanding junior enrolled in the department of chemistry at the university. The medal of the American Institute of Architects went to Arnold Ralph Southwell, senior, of Tacoma, for "attaining the highest standing in the school of architecture during the year."

Mary Jane Hathaway, senior, of Gladstone, was awarded the annual $25 prize by Phi Chi Theta, women's commercial fraternity, for outstanding work during the year. Eugene Killingban, of Eugene, was selected as the winner of the Condon club prize, a book dealing with field geology. The prize was awarded to the junior student who is the best all-around man in the department.

The Advertising club of Portland award, carrying with it $100, will be divided between Frank Loggan, junior, of Burns, and Wayne Leland, junior, Salem. Fred G. Neimi, as the "freshman man having the highest scholastic average for the year in the school of business administration" will receive the honor of having his name engraved on the Beta Gamma Sigma plaque. Robert T. Mautz has been selected as the best all-around junior man and has been awarded the Koyl cup.

The Murray Warner contest, carrying prizes totaling $200, for essays on oriental relations, was won by Harold A. Kirk, special student from Oregon City, who received $100. Mildred Hayden, senior, of Eugene, took second prize, $65, and Augustin P. Carmisis, freshman, of Portland, third prize, $35.

The Albert prize, to the senior showing the greatest progress toward all-around development in character, service and wholesome influence was rendered Mary Jane Hathaway.

ALUMNI DAY AT OREGON PLANNED

Alumni day at the University of Oregon tomorrow will culminate in the Failing-Beekman Oratorical contest in Villard hall, on the campus, at 8 o'clock. Five seniors have signified their intentions of entering the contest, which is limited to graduating students. They are Theodore Amstutz of Silverton; Ivan Houston, Eugene; Earnest H. Hendrikson, Portland; Lexro Prillaman, Onyx; and Ephriam D. Conway, Palatka, Florida.

The Failing prize of $150 is awarded "to that member of the senior class in the classical, scientific or the literary course prescribed by the university, or such courses as may, at the time, be substituted for either of said courses, who shall pronounce the best original oration at the time of his or her graduation." The Beekman prize, of $100, is awarded under the same conditions as the Failing prize, to the second best oration.

Judges for the contest have been announced as follows: Percy M. Collier, Oregon '11, Portland; Victor P. Morris, Oregon '15, Corvallis; and the Rev. Fred J. Clark, pastor of the First Congregational church, Eugene.

The Alumni day program on the campus tomorrow will open with the Alumnae association breakfast at the Anhcorage at 9 o'clock. The Mary Spiller scholarship, which has been sponsored by the association, will be the topic for discussion.

At 10 o'clock the council members of the Alumni association will meet in the office of the alumni secretary. A general alumni meeting will be held in Guild hall at 11 o'clock.

The Alumni luncheon to be held at noon in the men's gymnasium, will be presided over by Harold Young as toastmaster. Homer Angell, Oregon class of 1900, will speak for those graduating 25 years ago; and Ben Dorris, Oregon '15, will talk for those graduating 10 years ago. Ted Gillenwaters will talk for the graduating class.

The president's reception will take place at the Woman's building in the afternoon.

The traditional fern and flower procession is scheduled to start at 7 o'clock. The alumnae will gather at Friendly hall and the senior women at the library. The procession will be started by alumnae at Friendly hall who will proceed to the library, where they will be joined by the graduating women. From the library the procession will traverse "Hello Lane" to the west side of Villard hall. Music will be furnished by the university orchestra directed by Rex Underwood. Each woman is asked to furnish her own flowers if possible.

After the Twilight concert, to be held under the direction of John Stark Evans of the university school of music, the day's program will be brought to a close with the Failing-Beekman Oratorical contest.

CITY ELECTION TO BE HELD JUNE 30

FOREIGN SHIPS ARE FIRED UPON

(Continued from page one)

Sikh watchman injured one worker on Wednesday night. A series of demonstrations followed which came to a climax on the Bund yesterday. The Bund demonstration was a wild outbreak. Mobs marched on the municipal buildings, the British concession, the Japanese concession and attempted to rush into the armory of the British volunteers which was defended by a few men.

At first the fire hose was employed without effect. Then the volunteers fired over the heads of the mob. Finally a machine gun was turned into the rioters killing eight and wounding an unestimated number.

At the same time demonstrators attacked Japanese shops and pedestrians, but no shooting resulted in the Japanese concession.

MISSIONARIES RETURN

NEW YORK, June 12.—(AP)—American missionaries and their families in the Hu-Peh province have been ordered to return to Hankow immediately, according to a cablegram received today by the Episcopal mission headquarters.

The message read:

"Situation serious. Women, children and missionaries have been ordered to this port."

About 50 American missionaries and their families were scattered about the province.

STRIKERS OUT AGAIN

SHANGHAI, June 12.—(AP)—Fifteen thousand Chinese mill workers who had struck and later returned to work walked out again tonight.

The recrudescence of the strike was considered an immediate result of the sharp disorders at Hankow, interior port, where nearly a dozen have been killed in a series of riots.

ACTION PROTESTED

HONG KONG, China, June 12.—(AP)—It is ascertained that the troops which fired on the American gunboat Pampanga near the Island of Whampoa, in the Canton region, yesterday were of the Kwangsi and not the Yunnanese forces.

Replying to a protest from the American consul the general in charge of the troops said his officers did not see the American flag on the warship.

The gunboat was convoying a launch belonging to Canton Christian college at the time of the incident. The American gunners returned the fire of the Chinese, but no casualties were reported.

RISE OF MAN IS STUDIED BY TRIO

(Continued from page one)

search workers, biologists and other men of science are being smothered in the rush of long haired men and short haired women, feminists, neurotics, free thinkers and free lovers who are determined to shine in reflected glory. The vital issues of the trial in Tennessee are being lost in the stampede of professional martyrs and a swarm of practicing egotists."

Dissention Felt

Some members of the civil liberties union, which is aiding the defense, disagree with suggestions that the case be lost in spectacular fashion at the first trial in order to arouse interest in evolution and to let the United States supreme court pass on the constitutionality of the law.

These dissenters feel that it would be more beneficial to route the so-called powers of darkness right at the start. Arthur H. Hunt of New York, county author of the book, "Biology and Human Welfare," from which Scopes taught, has been amazed to learn the part his book was playing in the case. Mr. Hunt said evolution was dealt with only superficially because the text was intended for elementary students. "Scientists don't speak of the general doctrine of evolution as a theory any more," he added, "its a fact."

WARREN S. STONE PASSES IN OHIO

(Continued from page one)

paid for itself in ten years, at the end of which time it was valued at more than $3,000,000.

Mr. Stone was born on a farm near Ainsworth, Iowa, February 1, 1860. As a boy he worked on the farm in the summer and attended a country school three months in the winter. He rounded out this preliminary education with study at Washington academy, Washington, Iowa, and at Western college, Iowa. He became a member of the Brotherhood of Locomotive Engineers in 1884, six months after being promoted to engineer. His ability and his interest in the organization was recognized by his election as secretary-treasurer of his local division. Then he was made head of the local grievance committee and later chairman of the central committee of adjustment for the brotherhood of the entire Rock Island system.

When he became head of the brotherhood he made his home in Cleveland and took an active part in all its civic enterprises, being especially interested in educational affairs.

In October, 1884, Mr. Stone married Miss Carrie E. Newell of Agency, Iowa.

SOCIAL TO BE HELD

SPRINGFIELD, June 12.—(Special)—A strawberry and ice cream social, the proceeds of which will go toward the Christian church building fund, is to be give tomorrow by the junior high school girls of the church at Long and Cross's between Fourth and Fifth on Main street. Cake, strawberries and ice cream will be served, beginning at 10 a. m.

Jupiter measuring 85,000 miles in diameter, is the largest planet; Mercury, 3030 miles, is the smallest.

Roots And Herbs Used in Medicine

The Lydia E. Pinkham Medicine Co., of Lynn, Mass., is recognized as the greatest user of roots and herbs in the world. Over half a million pounds are used annually in manufacturing Lydia E. Pinkham's Vegetable Compound. These herbs are gathered with the greatest care at the season of the year when the medicinal elements which they contain are at their best. This, in part, accounts for the wonderful efficiency of Lydia E. Pinkham's Vegetable Compound in restoring ailing women to health and strength.

EAT wisely AND KEEP well!

Food authorities sound this diet warning: "This is the season when it is most important that you eat wisely if you would keep well!" And to eat wisely at this season means to have regularly light but nourishing foods.

Certainly no other food meets this requirement more adequately than SHREDDED WHEAT, topped with luscious berries and fruits.

Here is a combination which gives you a perfectly balanced ration—crisp, appetizing whole wheat containing every element needed to sustain the body, and fresh fruits so necessary to keep the system properly regulated.

Serve SHREDDED WHEAT and strawberries often. Try it for lunch as well as breakfast. You'll feel better from keeping your diet "in season."
