

To the Eugene Hotel we extend the hand of good fellowship. We know we represent the feeling of the whole community when we say we are proud indeed of this splendid monument of civic pride.

Reiterating as it does Eugene's faith in her own future, the hotel stands as a representative of hospitality and welcome which we trust will always be extended to the stranger who comes within her gates.

The OSBURN

Greets the Eugene Hotel;
A monument to the future
and an evidence of faith
in our City's progress.

May we both realize a future
business far beyond our
greatest expectations
