LIEUT. BARNETT TO HEAD PATROL

Lieutenant Lloyd Barnett, commander of the forest air patrol in Eugene last year, is apparently slated for the position again the coming summer, according to a letter received by Nelson F. Macduff, supervisor of the Cascade national forest.

Lieutenant Barnett asked the forest officials to obtain a house in which he and Mrs. Barnett might live for the summer. This request was complied with.

The official announcement from the government that the air patrol would be continued this year was received a few weeks ago by the forest service, which is co-operating with the air service in the project—the air service furnishing the planes and pilots, and the forest service paying the cost of maintenance. Judging from Lieutenant Barnett's letter he had been assured of the post here again, and is awaiting an adjustment of financial matters before coming to Eugene.

The patrol was to have started July 1, although Lieutenant Barnett and P. J. Pennington, assistant district forester in the San Francisco district, were planning to make a trip to Eugene at latter part of June. Two airplanes will be used this summer here, according to plans, and Lieutenant Barnett will make his headquarters at the Cascade national forest office, and municipal aviation field. Regular flights will not be made, but only on occasions deemed necessary by forest officials.

ROAD TERMINAL IS TOPIC AT CHAMBER

THESE frocks are quite easy to make and are very inexpensive if you follow the Deltor, the wonderful dressmaking guide included with the pattern for each dress. The Deltor shows you with pictures how to lay out your pattern on the least possible amount of material, how to put the dress together step by step and how to add the important finishing touches. Buy your patterns at our Butterick Department, then visit our piece-goods counter where the summer's favorite materials are on display.

6141—In size 18 years this lovely evening frock with its basque waist and full circular skirt requires only 3 1/2 yards of 39-inch material cut crosswise. The Deltor shows you how to make the dress and the ribbon flowers which requires 3/4 yards of 2-inch ribbon and 1/2 yard of 3/4-inch ribbon.

5114—This dress with its raglan sleeves and peasant embroidery is very effective in crepe de Chine. Buy your material at our piece-goods counter—but get your pattern first and see how much, or rather how little, material you need.

6144—The circular flare appears only in the front of this dress—the back being straight. In size 38 you need only 3 yards of 40-inch material cut lengthwise and 3/4 yards of 1-inch ribbon.
