W. HARGREAVES

FRED H. LINDSAY

Starting three years ago in Eugene as building contractors, Hargreaves and Lindsay have risen to the position of being the largest building contractors in Lane county.

They now have a weekly pay roll of \$3,000.00 employing on an average about 100 men. \$200,000.00 under contract at the present time of various contracts among them being Castle Theatre building, Gamma Phi Beta Sorority, Matlock Building, Union High School at Marcola, Yoran Apartments, Swan Residence and Westminster House.

They advertise "We Build Homes to Sell" and are ever anxious to assist those desiring to own their own home.

Their success is attributed to dispatch in their work honest building and square dealing.

The quality of their work is reflected in the completed contracts and especially in the Eugene Hotel.

### Own Your Own Home

It Is the Passport to Happiness.

Start your life right, make your visions realities. The home owner has a constructive aim in life. The character of the people is largely affected by the home in which they dwell. The profoundest influence of early childhood are those of the family circle. The warmest memories of later years center in the home. It is the environment of most of the deepest experiences of human life. The house should always be a fitting symbol of the ideals and aspirations of the family which it shelters.

The first step to happiness is to build your own home.

## The Ruth-Robertson Co.

### Another New Firm Who Has Faith in Eugene.

Ruth-Robertson company is one of the newer firms in the city, and in the short time that they have been organized the business has been built up in various ways. Both men are well known here, since Mr. Robertson was connected with a leading hardware store for five years, and Mr. Ruth was very active in similar lines.

The company carries a complete nationally advertised line of supplies, such as the Du-Pont Giant explosives, the Feltstone Magnesite, tile material used in many of the buildings in Eugene, the Paraffin company's Rubberoid Roofing, Asphalt Shingles, Pittsburg Plate Glass company's produce, Benzac Enamel Water Spar Varnish, and complete lines of tile and brick.

Of the many kinds of cement used Ruth-Robertson company have placed their confidence in Santa Cruz Cement, a Pacific Coast product made at Santa Cruz, California. The quality of this cement is the highest," said Mr. Ruth, "and is in growing demand."

This company furnished plaster, metal lathe and wall finish for the new Eugene Hotel. Empire plaster was used thruout and Patton's Velumina wall finish.

Buildings for which the firm furnished products include the new Science building of the university, the Wilson and Lincoln schools, the Toledo hospital at Toledo, Oregon, and the Stanley building.

FINGER marks, blemishes and disfigurements come quickly on newly decorated walls, but they amount to nothing because they can easily be washed away if your walls are finished with

### Velumina Washable Wall Paint

You'll thank us for recommending it, when you find that easy washing takes the place of re-decorating. Besides, it is the only paint that gives walls the soft tones that belong to good decoration — shows no laps or brush marks.

Plumbing plays the same part in a building that the nervous system does to the human body.

It is intimately connected with your daily life and the preservation of your health. There isn't anything more comforting than properly installed plumbing.
