

Look at the Organization Behind The Car You Buy

Accessibility of the essentials of operation is a determining factor in automobile values today more than ever. It adds to the real worth of any car. That is why we maintain such complete service and supply departments. That is why we build to serve the man who buys a Studebaker.

The New Law of Corseting Brings Priceless Benefits

Women everywhere are profoundly grateful for the discovery of the scientific law of corseting. It improves every figure. It brings greater beauty and style, greater comfort, better health, perhaps even longer life!

College Girl Corsets

For ALL women who want to keep young

These scientific corsets duplicate the influence of the body's own "lines of control"—the spine, the thighs, the lines of the pelvic basin, which give shape to the human form. This is the scientific law of corseting. The "lines of control" in College Girl corsets parallel nature's lines of control. They guide and develop the figure in the right posture and right lines. Wearing these scientific corsets is like taking regular healthful exercise for figure improvement. They bring many equal benefits. The College Girl model for your figure needs no "breaking in." It fits immediately. Every type of figure has its model in back or front lace styles. You will note the benefits of the new law of corseting within one month. Let us fit you at once.

Women's Corsettes

'Y' PICNIC PLANS ARE COMPLETED

Details of the annual Eugene Y. M. C. A. picnic to be held Friday at Riverside park have been completed. The event will start at 2 p. m. and is for all members of the "Y" and others interested in the work of the association, according to Frank Eberhart, secretary.

Dr. E. V. Stevens will be the toastmaster and chief speaker at the dinner which will be served at 6 o'clock.

All those attending have been asked to bring a basket lunch. Coffee will be served by the Royal Coffee shop for the occasion. Ice cream will also be served to the guests. Dr. Sherman W. Moody is chairman of the dinner committee.

A number of committee heads have been appointed to have charge of various events. George Mason will have charge of the swimming. Dr. George P. Winchell heads the marbles committee. Will Robertson is trap shoot chairman and Stanley Culp will direct the rifle contest. Dr. M. G. Howard heads the volleyball committee and William Green the baseball committee.

Smoking in car brings \$5 fine

Smoking a cigarette on a streetcar is a violation of a city ordinance, and will result in a fine of \$5 for the first offense.

This was discovered yesterday afternoon at 5 o'clock by Professor Kerby S. Miller, 1400 Emerald street, who was smoking on the same trolley car in which W. G. Junkins, chief of police, was riding. Although Professor Miller was in the rear end of the car, and promptly threw away his bag when summoned by the chief, he was ordered to appear in municipal court. "I think \$5 would be a fearful reminder," said Judge George A. Gimro. "This should serve as a warning to many other smokers who are similarly breaking the law almost every day."

RAIL MEETING PLANNED
CLEVELAND, O., June 18.—(AP)—The proposed conference of railroad labor leaders and railroad managers to discuss the railroad labor situation, scheduled to be held June 22, was today postponed until a later date, probably in October or November, by W. G. Lee, president of the Brotherhood of Railway Trainmen, its sponsor.
