

COUNCIL TO ASK FOR PLAYGROUNDS AT NEXT MEETING

Open air playgrounds for Eugene children this summer are sought by city council in a resolution to "provide adequate facilities for recreation and development," to be submitted at the council meeting Monday night.

The resolution provides that the council "join in a petition to the county court, that the property known as the east park lying opposite the court house shall be set aside by the county court as a public play and recreation ground for the children of the city of Eugene and Lane county, and the common council does hereby pledge itself, insofar as funds can be obtained, to assist in the equipment and maintenance of said playground for the children of Eugene and Lane county."

Eugene Fruitgrowers' association is petitioning the council to authorize widening the pavement on Ferry street north of Eighth avenue to the railroad track. The paving at present is only 25 feet wide, and during the summer time it is very badly crowded, according to J. O. Holt, manager.

The council is asked to make the street 30 feet in width, from Eighth avenue to the railroad track.

Reports will be submitted to the council by P. A. Peterson, J. W. Hobbs and Loyall R. Rugh, approving the opening and extension of Ninth avenue from Van Dusen street to Almaden street, and Clark street from Madison street to Grand street.

TODAY IS HOTTEST OF YEAR IN CITY

Eugene experienced the hottest weather of the year today. Thermometer this afternoon touched 88 at the Cascade national forest office, a higher figure by five degrees than has hitherto been recorded. No records were available from the United States weather bureau instrument kept by Gerard M. deRoosker.

Relative humidity reached 41 per cent today, although it was expected to drop as low as 35 before the day ended, according to Nelson F. Macduff, forest supervisor.

Telegrams predicting two or three days of intense heat, with extremely dry air, were received by the forest office today. Hangers have been notified to keep a careful lookout for forest fires.

The wind is ranging from north to northeast, and predictions are for continued fair but warmer weather.

Slander Case is Still Before Jury

Late this afternoon the suit for \$2500 damages for alleged slander brought by Mrs. Nahja Brown against Mrs. Hannah Peterson was still under way in circuit court. This case was started yesterday and it is expected that it may go to the jury late this afternoon before adjournment.

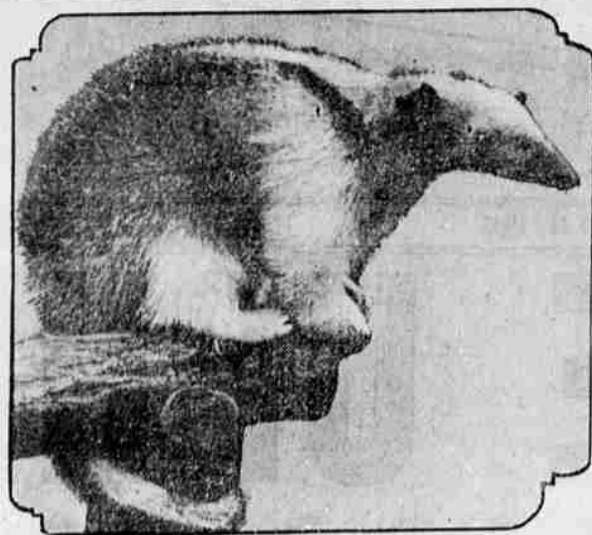

The jury consists of Glen Robertson, George Powers, George McCorneck, E. B. Olander, William L. A. Inman, C. S. Arnold, William Ashby, T. E. Seavey, Herbert Sims, R. E. Davidson, Mrs. J. W. McArthur.

H. E. Slattery is attorney for the plaintiff and Mrs. Peterson is defended by L. T. Harris.

Reports of Mohawk Fire are Received

Reports of a fire in timber slashings in the Mohawk district were received here today. The blaze is in a worked over area and there is no good timber in danger although the fire spread, according to the report received. The relative humidity was reported falling today and there is great danger of a small blaze spreading if left unchecked, according to warnings received from the government weather bureau at Portland late this afternoon.

London Zoo Secures Tamandua Ant Eater

For the first time in ten years the London Zoo has managed to secure a specimen of the Tamandua ant-eater, an extremely rare animal. He is distinguished by his long sticky tongue with which he can scoop up hundreds of ants at a swoop, and by his prehensile tail.

RIGHT TO SEARCH AUTO PROTESTED

Two more legal steps were taken today by Paul C. Dormitzer in his defense of Mark Broom, held in the county jail on six indictments for liquor law violations.

In the answer filed to the action of the sheriff to confiscate the Buick automobile owned by Broom and which is alleged to have contained liquor, Broom retorts that the officers had no right to take the car, that no warrant had been issued, and that furthermore entrance to a private garage was forced in order to get the car.

This is in violation of the fourth amendment of the constitution of the United States, the defense states, this amendment holding inviolate the house and property of citizens. At the time of the arrest of Broom the night of June 1, the officers making the arrest reported that the car was parked outside.

No liquor was in the car 15 minutes before the arrest and the finding of the liquor is due to the actions of "a certain stool pigeon" who placed the liquor in the machine for the purpose of incriminating Broom, the answer states.

In the application for a change of venue filed today it is stated that Broom was not in the state in 1923 when the alleged crimes for which he was indicted took place. A reward of \$100 was offered by District Attorney Clyde N. Johnston for the arrest of Broom and this caused so much publicity that a fair trial in Lane county is not possible, the application states.

It is further alleged that the inflated state of the mind of the officers is indicated by the fact that it took eleven of them to make the arrest and they were all armed with guns and rifles when one officer could have made the arrest nicely, the application states.

SMALL FRUIT CROP HAMPERS CANNERY

Due to the rather light fruit crop in Lane county this year the Eugene Fruit Growers' association must curtail a large number of orders, according to announcement today of J. O. Holt, manager.

The following statement was issued by Mr. Holt this afternoon: "The fruit crop of Lane county is not large enough to take care of the orders coming into the office of the Eugene Fruit Growers' association. It must do everything it can to take care of its old buyers for if they buy elsewhere now they will be hard to get back another year when the association might need them badly. The association is taking all the cherries, loganberries and raspberries they can get; they will also need all the pear and quince apple crops to take care of orders."

FAIMAN CLOSES HIS TESTIMONY

(Continued from page one)

Examination gave him the germs, nor when, but contended he passed them on to Shepherd.

The defense sought to reveal Faiman as having a ridiculous story and as being a man unworthy of belief. William Scott Stewart, chief of defense counsel, sought at the end of his cross-examination to show that Faiman had used his school and hospital as a depot for selling alcohol and "dope," in defiance of the law.

Co-operation Plan For Roads Talked

Cooperation between the county court and the Siuslaw forest service on road improvement work in the forest area was discussed today at a meeting of the county court with H. S. Shelby, supervisor of the Siuslaw reserve. Work on Deadwood creek and Indian Creek was talked over. It is proposed to have the funds of the county and the forest service for road work contributed on a 50-50 basis, according to members of the county court.

NORTHERN PACIFIC OFFICIALS ARE ON WAY TO KLAMATH

PORTLAND, Ore., June 19.—Officials of the Northern Pacific arrived in Portland today en route to Klamath Falls to go into the issue before the people there as to franchise rights over streets and for terminals.

An official party of the Great Northern was expected to arrive here today and go south with the Northern Pacific group to Klamath Falls, via Medford, but at noon there appeared to be some hitch in the program and just what may develop was indefinite.

The Northern Pacific group went into conference at the office of W. F. Turner, president of the S. P. & N. system, with him and with Judge C. H. Carey, chief counsel, and A. J. Witchell, chief engineer of the Northern lines, which are projecting an extension from Bend to Klamath Falls and on to a Canadian connection in competition with the Southern Pacific.

In the Northern Pacific party are Charles Donnelly, president; H. C. Clark, assistant to the president; Arthur C. James and C. E. Perkins, directors of the Burlington system, and also of the Northern Pacific and E. E. Ferry, also on the Northern Pacific board.

At latest report the Great Northern party headed by Ralph Budd, president and a group of directors, was on Puget Sound en route to Portland and thence to Klamath Falls, but suddenly this noon it appeared that there was hitch in the program for a joint demonstration at a mass meeting at Klamath Falls.

Just what the hitch was could not be ascertained this afternoon.

A. POWELL GIVEN PRISON SENTENCE

Three years in the state penitentiary was the sentence given Arthur Powell when he appeared before Judge G. E. Skidworth in circuit court this afternoon. Powell pleaded guilty to the charge of issuing a forged check, and asked for immediate sentence. The grand jury returned an indictment against him yesterday.

forgery charge, and Darius Esch, indicted for operating a still, each pleaded guilty and they will be sentenced next Monday. Paul Williams indicted on a burglary charge pleaded not guilty. Donald Young is attorney for Williams. Philip M. Spahn, indicted for receiving stolen property, will appear to plead later. The grand jury is still in session but no return had been made up to late this afternoon.

FORMER RESIDENT DIES
Word was received here last night of the death of George H. Irish, former resident of this city, at the home of his daughter at Portland. Mr. Irish was a brother-in-law of W. T. Gordon of this city and Mr. Gordon plans to go to Portland to attend the funeral services Saturday afternoon. Mr. Irish resided here about 10 years ago.
