enforcement will be given by noted Canadian and United States authorities, and the city of Victoria and its officials are spending thousands of dollars for the entertainment of the delegates.

**Mayor is Summoned**—A subpoena issued to "His Worship, Mayor E. B. Parks of Eugene," was received today by Mr. Parks to report at the police office at Victoria, B. C., July 20. Although his honor doesn't know what criminal case he has been called to testify on, he suspects the subpoena is for him to attend the Northwest Association of Sheriffs and Police meeting at the Empress hotel, July 20 to 23. Mayor Parks is a member of the organization, and attended its session this year. Inasmuch as it will be impossible for Chief of Police Juikins to attend, it is considered possible that Mayor Parks may represent Eugene. Declaring the co-operation will eliminate crime, the association declares that this conference will be the greatest ever held on the North American continent. Instructive lectures in the investigation of crime and law

**Swimming Holes Popular**—"When, but it's hot! Let's go swimming." This is a familiar remark by a large percentage of the city's population these afternoons while the thermometer is flirting with the 100 mark and everyone is seeking for a new way to keep cool. The favorite swimming resort in Eugene is at the mill race, as evidenced by almost 200 persons who donned their bathing suits and sought relief in the cool waters yesterday afternoon. The plunges at the Y. M. C. A. men's gymnasium and at the women's building on the campus are also operating to capacity, but the running-water stream is proving most popular of all. Children, too, had a great time frolicking in their special swimming hole at the millrace, under the watchful care of groupwups. Hundreds of citizens took to their automobiles yesterday afternoon and left for the quiet and cool retreats on McKenzie

and Willamette rivers, taking picnic lunches and remaining until late at night. Dancing lost none of its popularity because of the hot spell, the new Midway pavilion at Hansen's auto park being crowded until a late hour.

**Entertains Sister and Family**—Guests at the L. L. Graham home this week are Mr. and Mrs. J. L. Shoemaker and children Ruth and Donald of Los Angeles. Mrs. Shoemaker is a sister of Mr. Graham. Mr. Shoemaker is a Los Angeles contractor and builder. Both Mr. and Mrs. Shoemaker are former Oregon residents. They will visit at Portland and Newberg before going back to California July 7 or 8.

**Heavier Rails to Be Laid**—Heavier rails are being laid on the Southern Pacific line from Naton to Eugene, the 90-pound steel being replaced with 120-pound steel. Two extra gangs of men are now at work this side of Astoria on the railroad. The 120-pound steel has been laid on all the line above Oakridge, and the men are now working this way.

**Mr. Lee to Build Home**—E. U. Lee of 1040 High street has sold his home on the southwest corner of High street and Tenth avenue to Bert Reeves, and expects to begin the erection of a \$5000 frame house as soon as the old house is moved off. He will move from his present address to the new house on its completion.

**Rule for Fire Permits**—Any tourists, hikers or campers desiring camp fire permits over the week-end should obtain them before Saturday noon, according to Arthur Moses, chief clerk at the Cascade National forest office in the postoffice building, who issues the permits.

**Corvallis Special to Run**—The Southern Pacific railway company will run a special train Saturday, June 27, from Corvallis as far south as Ashland carrying the boys and girls of the state boys' and girls' clubs home from the Oregon Agricultural college extension course. The train will leave Corvallis at 7 a. m.

**Lions Entertained**—Dr. S. Ralph Dippel, president of the Springfield Lions club, and John F. Ketels, also of Springfield, were guests of the Eugene Lions at the weekly luncheon yesterday in the Eugene hotel.

**Leaves for Oakridge**—Al Hayne, deputy sheriff from Oakridge, left today for home accompanied by Harley Cain and J. E. Dugan of Oakridge after a day spent in Eugene. They were registered at the Terminal hotel last night.

**Railroad Man Leaves**—E. B. Duff, traveling freight and passenger agent for the Denver and Rio Grande Western railroad with headquarters in Portland, left last night for Portland after spending yesterday here.

**Oklahoma Man to Settle Here**—L. F. Wieneke of Horthorn, Oklahoma, is visiting at the M. H. Turnbull home on south Willamette street and Twenty-fifth avenue. He expects to locate permanently in Eugene.

**Company Has New Manager**—Robert Robinson of Portland will relieve Archie Grant as manager of the Ryan Fruit company for two months, effective at once. Mr. Grant left yesterday on a vacation trip at the Tillamook beaches.

**Grange Postpones Meeting**—The meeting of the Willamette grange which was to have been held June 27 will be held July 11. The women of the grange will furnish the program. A kitchen shower will be held.

**Marriage Licenses Issued**—Marriage licenses have been issued in the office of County Clerk Bryson to the following: Eugene Groule of Medford and Ingie J. Reynolds of Oakland; Hans C. Rasmussen and Helga Bodtner, both of Junction City.

**John Lenhart of Springfield** underwent an operation at noon today for internal injuries received in an accident yesterday at the Booth-Kelly sawmill when caught between the planer and planer table.

**Finishing Houses**—Two story and a half cottages are being finished by Gibbs and Andreaff at Eighteenth avenue and Emerald street. They are now ready for the outside stucco finish.

**Hatchery Man Leaves**—Charles Hills, superintendent of the fish hatchery on the upper Willamette river, left today for Oakridge after staying over night in Eugene.
